€15,000,000,000

Structured Euro Medium Term Note Programme

Under this €15,000,000,000 Structured Euro Medium Term Note Programme (the **Programme**), Crédit Industriel et Commercial (the **Issuer** or **CIC** or **Crédit Industriel et Commercial**) may from time to time issue notes including credit linked notes, notes relating to a specified index or a basket of indices, a specified equity security or a basket of equity securities, a specified inflation index or a basket of inflation indices, a specified currency or a basket of currencies, a specified commodity or a basket of commodities, a specified fund or a basket of funds, a specified bond or a basket of bonds, a specified interest rate or a basket of interest rates, a specified future or a basket of futures or any combination thereof (the **Notes**) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €15,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein. The Notes may be issued on a continuing basis to one or more of the Dealers specified under "General Description of the Programme" and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

The Notes may be governed by English law (the **English Law Notes**) or French law (the **French Law Notes**, and together with the English Law Notes, the **Notes**), as specified in the applicable Final Terms, and the corresponding provisions in the terms and conditions will apply to such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "Risk Factors".

This Base Prospectus constitutes a base prospectus for the purpose of Article 8 of Regulation (EU) 2017/1129, as amended (the **Prospectus Regulation**). This Base Prospectus received the approval from the *Commission de Surveillance du Secteur Financier* (the **CSSF**) on 21 June 2023 and shall be in force for a period of one (1) year as of the date of its approval by the CSSF. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

This Base Prospectus has been approved by the CSSF in Luxembourg in its capacity as competent authority pursuant to the Prospectus Regulation. The CSSF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes which are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

In accordance with the provisions of Article 6(4) of the Luxembourg Law dated 16 July 2019 on prospectuses for securities (*loi relative aux prospectus pour valeurs mobilières*) (the **Prospectus Act 2019**), by approving this Base Prospectus, the CSSF gives no undertaking as to the economic and financial soundness of the transaction or the quality or solvency of the Issuer.

Application may also be made to the Luxembourg Stock Exchange for Notes issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market, or a specific segment of the regulated market of the Luxembourg Stock Exchange, to which only qualified investors (as defined in the Prospectus Regulation) can have access (in which case they shall not be offered or sold to non-qualified investors) and to be listed on the Official List of the Luxembourg Stock Exchange.

References in this Base Prospectus to Notes being **listed** (and all related references) shall mean that such Notes have been admitted to trading on the Luxembourg Stock Exchange's regulated market and have been admitted to the Official List of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2014/65/EU, as amended).

The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency, and save that the minimum denomination of each Note admitted to trading on a regulated market within the European Economic Area or offered through a Non-Exempt Offer in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Regulation will be €1,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information not contained herein which are applicable to each Tranche (as defined under "Terms and Conditions of the English Law Notes" or "Terms and Conditions of the French Law Notes", as applicable, together the **Terms and Conditions of the Notes**) of Notes will be set out in a final terms (the **Final Terms**) which, with respect to Notes to be listed on the Luxembourg Stock Exchange will be filed with the CSSF. Copies of Final Terms in relation to Notes to be listed on the Luxembourg Stock Exchange will also be published on the website of the Luxembourg Stock Exchange (www.luxse.com) and on the website of the Issuer (<https://www.cic-marketsolutions.eu/fr/kidemtcic.aspx>).

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The long term debt of the Issuer has been rated A+ by S&P Global Ratings Europe Limited, a division of The McGraw-Hill Companies, Inc (**S&P**), Aa3 by Moody's France S.A.S. (**Moody's**) and AA- by Fitch Ratings Ireland Limited (**Fitch**). A rating by S&P denotes a strong capacity to meet financial commitments, but somewhat susceptible to adverse economic conditions and changes in circumstances. Aa3 rating by Moody's is judged to be a high quality and subject to very low default risk. AA- rating by Fitch denotes expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. Each of S&P, Moody's, and Fitch (the **Rating Agencies**) is established in the European Union and is registered under the Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). As such each of the Rating Agencies is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) in accordance with the CRA Regulation. Notes issued under the Programme may be rated or unrated by any one or more of the rating agencies referred to above.

Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Programme by the Rating Agencies. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Amounts payable under the Notes may be calculated by reference to one or more “benchmarks” for the purposes of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016, as amended (the **Benchmarks Regulation**). In this case, a statement will be included in the applicable Final Terms as to whether or not the relevant administrator of the “benchmark” is included in ESMA’s register of administrators under Article 36 of the Benchmarks Regulation.

This Base Prospectus is to be read in conjunction with any supplement thereto and all documents which are deemed to be incorporated herein by reference (see "*Documents Incorporated by Reference*"). This Base Prospectus shall be read and construed on the basis that such documents are incorporated and form part of this Base Prospectus.

The Dealers have not independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers as to the accuracy or completeness of the information contained or incorporated in this Base Prospectus or any other information provided by the Issuer in connection with the Programme. No Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer in connection with the Programme.

IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes include a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or (ii) a customer within the meaning of Directive 2016/97/EU (as amended or superseded, the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129, as amended (the **Prospectus Regulation**). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS – If the Final Terms in respect of any Notes include a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (**UK**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (**EUWA**); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the **FSMA**) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II product governance / target market – The Final Terms in respect of any Notes will include a legend entitled "MiFID II product governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (**ESMA**) on 5 February 2018, and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**, as defined in MiFID II) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the product governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer, as defined in MiFID II, in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR product governance / target market – The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR product governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the ESMA on 5 February 2018 (in accordance with the FCA's policy statement entitled "*Brexit our approach to*

EU non-legislative materials"), and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Notification under Section 309B(1)(c) of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the SFA) – Unless otherwise stated in the Final Terms in respect of any Notes, all Notes issued or to be issued under the Programme shall be capital markets products other than prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF NOTES GENERALLY

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Dealers which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, United Kingdom, the European Economic Area including France, Republic of Italy and Switzerland, see "*Subscription and Sale*".

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement and in the Final Terms;**
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;**
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;**
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of any relevant underlying and financial markets; and**
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.**

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**) and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be

offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see "*Subscription and Sale*").

 - Climate risks

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME**1. RISKS RELATED TO THE STRUCTURE OF A PARTICULAR ISSUE OF NOTES****1.1 Early Redemption Risks*****Early Redemption – "Fair Market Value"***

Noteholders should note that, if "Fair Market Value" is specified in the applicable Final Terms as the Early Redemption Amount, the Early Redemption Amount in respect of the relevant Series of Notes will be an amount determined by the Calculation Agent, which, shall represent the fair market value of the Notes and shall have the effect (after taking into account the costs of unwinding any hedging arrangements, as determined by the Issuer in its sole and absolute discretion, entered into in respect of the Notes) of preserving for the Noteholders the economic equivalent of the obligations of the Issuer to make the payments in respect of the Notes which would, but for such early redemption, have fallen due after the relevant early redemption date. As a result, depending on the amount of the fair market value, Noteholders may receive less amount than invested.

Early Redemption Unwind Costs

Noteholders should note that, if so specified in the applicable Final Terms, the Early Redemption Amount in respect of the relevant Series of Notes will include a deduction in respect of Early Redemption Unwind Costs. If the Early Redemption Unwind Costs are stated to be Standard Early Redemption Costs, then such amount will comprise an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, expenses (including loss of funding), tax and duties incurred by the Issuer in connection with the redemption of the Notes and the related termination, settlement or re-establishment of any hedge or related trading position. As a result, Noteholders may receive less amount than invested.

Redemption at the option of the Issuer

In accordance with Condition 6.4 of the Terms and Conditions of the English Law Notes and Condition 9.4 of the Terms and Conditions of the French Law Notes, the Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redemption amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. Should the Notes at such time be trading well above the price set for redemption, the negative impact on the Noteholders' anticipated returns would be significant.

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, a Noteholder generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. As a consequence, part of the capital invested by the Noteholders may be lost.

Notes subject to optional or mandatory redemption by the Issuer for tax reasons

In accordance with Condition 6.2 of the Terms and Conditions of the English Law Notes and Condition 9.2 of the Terms and Conditions of the French Law Notes, if, by reason of any change in, or amendment to, the laws or regulations of France or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the issue date of the relevant Notes, the Issuer would be obliged to increase the amounts of principal, interest or other revenues payable in respect of any Notes due to any withholding or deduction with respect to any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France, or any authority therein or thereof having power to tax, and such obligation cannot be avoided by the Issuer taking reasonable measures available to it, the Issuer may redeem all outstanding Notes at their Early Redemption Amount in accordance with the Terms and Conditions of the Notes.

In accordance with Condition 6.3 of the Terms and Conditions of the English Law Notes and Condition 9.3 of the Terms and Conditions of the French Law Notes, if the Issuer would, on the occasion of the next payment of principal or interest in respect of the Notes, be prevented by the laws of France from causing payment to be made to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 7 of the Terms and Conditions of the English Law Notes and Condition 10 of the Terms and Conditions of the French Law Notes, then the Issuer shall, redeem all, but not some only, of the Notes at their Early Redemption Amount in accordance with the Terms and Conditions of the Notes.

During a period when the Issuer may elect to, or as the case may be, shall, redeem the Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances a Noteholder may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

Redemption at the option of the Noteholders

In accordance with Condition 6.5 of the Terms and Conditions of the English Law Notes and Condition 9.5 of the Terms and Conditions of the French Law Notes, the Final Terms for a particular issue of Notes may provide for early redemption at the option of the Noteholders. Depending on the number of Notes of the same Series in respect of which the Investor Put provided in the relevant Final Terms is exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid, which shall in turn adversely impact those Noteholders.

1.2 Risks relating to Underlying Reference

Credit Linked Notes

Condition 19 “*Additional provisions applicable to Credit Linked Notes*” allows for Credit Linked Notes to be issued. The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon whether certain events have occurred in respect of a specified entity(-ies) (the **Reference Entity** or **Reference Entities** as applicable) and, if so, on the value of certain specified assets of the Reference Entity or where, if such events have occurred, on redemption the Issuer's obligation is to deliver certain specified assets (**Credit Linked Notes**).

Noteholders should be aware that depending on the terms of the Credit Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified assets may occur at a different time than expected, (iii) they may lose all or a substantial portion of their investment and (iv) Notes may be redeemed partially following early redemption of the Underlying Reference.

The market price of such Notes may be volatile and will be affected by, amongst other things, the time remaining to the redemption date and the creditworthiness of the Reference Entity which in turn may be affected by the economic, financial and political events in one or more jurisdictions.

Where the Notes provide for physical delivery, the Issuer may determine that the specified assets to be delivered are either (a) assets which for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans) it is impossible or illegal to deliver on the Settlement Date or (b) assets which the Issuer and/or any affiliate has not received under the terms of any transaction entered into by the Issuer and/or such affiliate to hedge the Issuer's obligations in respect of the Notes. Any such determination may delay settlement in respect of the Notes and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Notes and, in the case of payment of a cash amount, will affect the timing of the valuation of such Notes and as a result, the amount of principal payable on redemption. The market value of delivered assets may be less than the principal amount of a Note. Any shortfall shall be borne by the Noteholders and the Issuer shall assume no liability.

The Issuer's obligations in respect of Credit Linked Notes are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to a Reference Entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

As a result, Noteholders are exposed to the risk that certain events in respect of a specified entity(-ies) occurs which may adversely affect the value of Credit Linked Notes and as a result, they could lose all or part of their investment.

Index Linked Notes

Condition 20 "*Additional provisions applicable to Index Linked Notes*" allows for Index Linked Notes to be issued. The Issuer may therefore issue Notes where the amount of principal and/or interest payable are dependent upon the level of an index or indices, or upon a formula encompassing a combination of a number of components, which can be indices or securities or derivatives or any other component (**Index Linked Notes**).

Noteholders should be aware that depending on the terms of the Index Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the level of the index or indices or any component of the formula may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices or similar components and the timing of changes in the relevant level of the index or indices or the components of the formula may affect the actual yield to Noteholders, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an index or result of a formula, the greater the effect on yield.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices or the components of the formula on principal or interest payable will be magnified.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the index or indices or of any component of the formula. The level of the index, indices, components of the formula may be affected by the economic, financial and political events in one or more jurisdictions, including but not limited to the stock exchange(s) or quotation system(s) on which any securities comprising the index, indices or the formula may be traded.

As a result, Noteholders are exposed to the risk that changes in the levels of the index or indices or of any component of the formula may adversely affect the value of Index Linked Notes and as a result, could lose all or part of their investment.

Equity Linked Notes

Condition 21 “*Additional provisions applicable to Equity Linked Notes*” allows for Equity Linked Notes. The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon the price of, or changes in the price of, share(s) or a basket of shares or where, depending on the price of or change in the price of shares or the basket of shares, on redemption the Issuer's obligation is to deliver specified assets (**Equity Linked Notes**).

Noteholders should be aware that depending on the terms of the Equity Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified assets may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the price of the share or basket of shares may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the share(s) may affect the actual yield to Noteholders, even if the average level is consistent with their expectations. In general, the earlier the change in the price of the share(s), the greater the effect on yield.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the share(s) on principal or interest payable will be magnified.

The market price of such Notes may be volatile and may be affected by the time remaining to the redemption date, the volatility of the share(s), the dividend rate (if any) and the financial results and prospects of the issuer or issuers of the relevant share(s) as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such shares may be traded.

As a result, Noteholders are exposed to the risk that changes in the price of shares or the basket of shares may adversely affect the value of Equity Linked Notes and as a result, could lose all or part of their investment.

Rate Linked Notes

Condition 27 “*Additional provisions applicable to Rate Linked Notes*” allows for Rate Linked Notes. The Issuer may issue Notes where the amount of principal payable is dependent upon movements in underlying interest rates (**Rate Linked Notes**). Accordingly an investment in Rate Linked Notes may bear similar market risks to a direct interest rate investment and Noteholders should take advice accordingly.

Noteholders should be aware that, depending on the terms of the Rate Linked Notes (i) payment of principal may occur at a different time than expected and (ii) they may lose a substantial portion of their investment. In addition, movements in interest rates may be subject to significant fluctuations that may not correlate with changes in other indices and the timing of changes in the interest rates may affect the actual yield to Noteholders, even if the average level is consistent with their expectations. In general, the earlier the change in interest rates, the greater the effect on yield.

Interest rates are determined by various factors which are influenced by macro economic, political or financial factors, speculation and central bank and government intervention. Fluctuations that have occurred in any interest rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Note. Fluctuations in interest rates will affect the value of Rate Linked Notes.

If the amount of principal payable is dependent upon movements in interest rates and is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the interest rates on principal payable will be magnified.

The market price of such Notes may be volatile and, if the amount of principal payable is dependent upon movements in interest rates, may depend upon the time remaining to the redemption date and the volatility of interest rates. Movements in interest rates may be dependent upon economic, financial and political events in one or more jurisdictions.

As a result, Noteholders are exposed to the risk that changes in underlying interest rates may adversely affect the value of Rate Linked Notes and as a result, could lose all or part of their investment.

Bond Linked Notes

Condition 26 “*Additional provisions applicable to Bond Linked Notes*” allows for Bond Linked Notes. The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon whether certain events have occurred in respect of a specified bond(s) (the **Bond** or **Basket of Bonds** as applicable) (the **Bond Linked Notes**).

Noteholders should be aware that depending on the terms of the Bond Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment.

The market price of such Notes may be volatile and will be affected by, amongst other things, the time remaining to the redemption date and the creditworthiness of the Bond Issuer which in turn may be affected by the economic, financial and political events in one or more jurisdictions.

The Issuer's obligations in respect of Bond Linked Notes are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to a Bond Issuer and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Bond Event.

As a result, Noteholders are exposed to the risk that certain events have occurred in respect of a specified bond(s) which may adversely affect the value of Bond Linked Notes and as a result, could lose all or part of their investment.

Inflation Linked Notes

Condition 22 “*Additional provisions applicable to Inflation Linked Notes*” allow for Inflation Linked Notes to be issued. The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon changes in the level of inflation (**Inflation Linked Notes**).

The decision to purchase Inflation Linked Notes involves complex financial appreciations and risks as the inflation cannot be foreseen with any degree of certainty. Neither the current nor the historical levels of any of the inflation indices should be taken as an indication of future performance of such inflation index during the term of any Inflation Linked Notes. The yield of Inflation Linked Notes may be lower than the yield of non Inflation Linked Notes.

As a result, Noteholders are exposed to the risk that changes in the levels of the inflation index may adversely affect the value of Inflation Linked Notes and as a result, could lose all or part of their investment.

Commodity Linked Notes

Condition 24 “*Additional provisions applicable to Commodity Linked Notes*” allows for Commodity Linked Notes. The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon

the price of, or changes in the price of, commodities and/or commodity indices or a basket of commodities and/or commodity indices or depending on the price of or change in the price of a commodity or the basket of commodities, the relevant Issuer's obligation on redemption is to deliver a specified commodity (**Commodity Linked Notes**). Accordingly an investment in Commodity Linked Redemption Notes may bear similar market risks to a direct commodity investment and Noteholders should take advice accordingly.

Noteholders should be aware that depending on the terms of the Commodity Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified commodities may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the price of the commodity and/or commodity index or basket of commodities and/or commodity indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of a commodity and/or commodity index may affect the actual yield to Noteholders, even if the average level is consistent with their expectations. In general, the earlier the change in the price of the commodity or commodities, the greater the effect on yield.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of a commodity and/or commodity index on principal or interest payable will be magnified.

The market price of such Notes may be volatile and may be affected by the time remaining to the redemption date and the volatility of the price of the commodity and/or commodity index. The price of commodities or level of a commodity index may be affected by economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which the relevant commodities may be traded.

As a result, Noteholders are exposed to the risk that changes in the price of, commodities and/or commodity indices or a basket of commodities and/or commodity indices may adversely affect the value of Commodity Linked Notes and as a result, could lose all or part of their investment.

Fund Linked Notes

Condition 25 "*Additional provisions applicable to Fund Linked Notes*" allows for Fund Linked Notes. The Issuer may issue Notes where the amount of principal payable is dependent upon the price or changes in the price of units or shares in a fund or funds (including exchange traded fund(s)) or, depending on the price or changes in the price of units or shares in such fund or funds, the relevant Issuer's obligation on redemption is to deliver a specified amount of Fund Shares (**Fund Linked Notes**). Accordingly an investment in Fund Linked Redemption Notes may bear similar market risks to a direct fund investment and Noteholders should take advice accordingly.

Noteholders should be aware that depending on the terms of the Fund Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or delivery of any specified Fund Shares may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the price of units, shares or interests in the fund or funds may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the units or shares in the fund or funds may affect the actual yield to Noteholders, even if the average level is consistent with their expectations. In general, the earlier the change in the price or prices of the units, shares or interests in the fund or funds, the greater the effect on yield. Noteholders should also be aware that in the event of the occurrence of one or more Extraordinary Fund Events the relevant Issuer may substitute the relevant Fund Shares with fund shares of a fund with similar characteristics or if no such fund is selected with a replacement index or redeem the Notes depending on whether such Extraordinary Fund Event is a Substitution Event or a Termination Event.

In the event that redemption proceeds in respect of the underlying Fund Shares are not received by the Hedge Provider on or prior to the scheduled redemption date or termination date, such date may be postponed for a period of up to two calendar years (or such other period as may be specified in the applicable Final Terms) and no additional amount shall be payable as a result of such delay.

If the amount of principal payable is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the units or shares of the fund or funds on principal or interest payable will be magnified.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the price of units or shares in the fund or funds. The price of units or shares in a fund may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any units in the fund or funds may be traded. In addition, the price of units or shares in a fund may be affected by the performance of the fund service providers, and in particular the investment adviser.

As a result, Noteholders are exposed to the risk that changes in the price of units or shares in such fund or funds may adversely affect the value of Fund Linked Notes and as a result, could lose all or part of their investment.

Future Linked Notes

Condition 28 “*Additional provisions applicable to Future Linked Notes*” allows for Future Linked Notes. The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon movements in the price of one or more future contracts (**Future Linked Notes**).

Noteholders should be aware that depending on the terms of the Future Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose a substantial portion of their investment. In addition, the movements in the price of selected future contracts may be subject to significant fluctuations that may not correlate with changes in interest rates or other indices and the timing of changes in the relevant price of future contracts may affect the actual yield to Noteholders, even if the average level is consistent with their expectations. In general, the earlier the change in the price of future contracts, the greater the effect on yield.

Noteholders should also be aware that in the event of the occurrence of an Extraordinary Event, the terms of the Future Linked Notes may be adjusted, the Future Linked Notes may be redeemed or the relevant Future(s) may be substituted with replacement future contract(s).

If the amount of principal and/or interest payable is dependent upon movements in the price of selected future contracts is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of the changes in the price of a future contract on principal or interest payable will be magnified.

The market price of such Notes may be volatile and if the amount of principal and/or interest payable is dependent upon movements in the price of selected future contracts, may depend upon the time remaining to the redemption date and the volatility of futures contract price. The price of future contracts may be affected by economic, financial and political events in one or more jurisdictions, including factors affecting the relevant exchange(s) or quotation system(s) on which future contracts may be traded.

As a result, Noteholders are exposed to the risk that changes in the price of future contracts may adversely affect the value of the Future Linked Notes and as a result, could lose all or part of their investment.

Market Disruption and adjustments provisions may affect the value and liquidity of the Notes as well as postpone due dates for payment

If an issue of Credit Linked Notes, Index Linked Notes, Equity Linked Notes, Inflation Linked Notes, Currency Linked Notes, Commodity Linked Notes, Fund Linked Notes, Bond Linked Notes, Rate Linked Notes, Future Linked Notes or other notes linked to an Underlying Reference includes provisions dealing with the occurrence of a Market Disruption Event or any other event, however defined, set out under Conditions 19 to 27 of the Additional provisions applicable to the Notes and affecting such Note (a **Disruption Event**) on a Valuation Date, Observation Date, Averaging Date or any other relevant date and the Calculation Agent determines that a Disruption Event has occurred or exists on such Valuation Date, Observation Date, such Averaging Date, any consequential postponement of the Valuation Date, Observation Date or Averaging Date or any other relevant date, alternative provisions for valuation provided in any such Notes may have an adverse effect on the value and liquidity of such Notes. The timing of such dates (as scheduled or as so postponed or adjusted) may affect the value of the relevant Notes such that the Noteholder may receive a lower cash redemption amount and/or interest amount or other payment under the relevant Notes than otherwise would have been the case. The occurrence of such a Disruption Event in relation to any Underlying Reference comprising a basket may also have such an adverse effect on Notes related to such basket. In addition, any such consequential postponement may result in the postponement of the relevant due date for payment under the Notes and/or Maturity Date which may adversely affect Noteholders.

Physical Delivery Notes involve specific risks linked to the occurrence of a Settlement Disruption Event

The value of Notes to be settled by way of physical delivery may be affected and/or the settlement of such Notes may be delayed if in the opinion of the Calculation Agent, delivery of the Asset Amount (being the amount of relevant asset relating to each Note as set out in the Final Terms) using the method of delivery specified in the applicable Final Terms, or such other commercially reasonable manner as the Calculation Agent has determined, is impracticable because a Settlement Disruption Event has occurred and is continuing on the Delivery Date. A Settlement Disruption Event is an event beyond the control of the Issuer as a result of which, in the opinion of the Calculation Agent, delivery of the specified assets to be delivered by or on behalf of the Issuer is not practicable. As a result, Noteholders may be adversely affected if the Notes are Physical Delivery Notes.

1.3 Interest Rate Risks

Floating Rate Notes

Condition 4.2 of the Terms and Conditions of the English Law Notes and Condition 6.2 of the Terms and Conditions of the French Law Notes allow for Floating Rate Notes to be issued. Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. Accordingly, the market value of Floating Rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. This volatility is increased if the Floating Rate Notes include a multiplying coefficient. A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, Noteholders are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the Terms and Conditions of the Notes provide for frequent interest payment dates, Noteholders are exposed to reinvestment risk if market interest rates decline. That is, Noteholder may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to also issue Fixed Rate Notes may affect the market value and the secondary market (if any) of the

Floating Rate Notes (and vice versa). These reference rates are not pre-defined for the lifespan of the Notes. Higher reference rates mean a higher interest under the Notes and lower reference rates mean a lower interest under the Notes. The degree to which the reference rates may vary is uncertain. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may negatively impact the return under the Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of its Notes.

Risks related to the regulation and reform of "benchmarks"

In accordance with the provisions of Condition 4.2 of the Terms and Conditions of the English Law Notes, Condition 6.2 of the Terms and Conditions of the French Law Notes and Condition 27 "*Additional provisions applicable to Rate Linked Notes*", the Rate of Interest in respect of the Floating Rate Notes or Rate Linked Notes, as the case may be, may be determined by reference to Reference Rates that constitute "benchmarks" for the purposes of Regulation (EU) 2016/1011, as amended (the **Benchmarks Regulation**) published in the Official Journal of the EU on 29 June 2016 and applied since 1 January 2018.

Interest rates and indices which are deemed to be "benchmarks" (including EURIBOR and CMS) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a "benchmark".

The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EEA. Notwithstanding the provisions of Condition 4.2(b)(iv) of the Terms and Conditions of the English Law Notes and Condition 6(b)(iv) of the Terms and Conditions of the French Law Notes, which seek to offset any adverse effects for the Noteholders, the Benchmarks Regulation could have a material impact on any Notes linked to or referencing a "benchmark", in particular:

- an index that is a "benchmark" may not be permitted to be used by a supervised entity (including the Issuer) in certain ways if its administrator does not obtain authorisation or registration or, if based in a non-EU jurisdiction, the administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply; and
- if the methodology or other terms of the "benchmark" could be changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing or increasing the rate or level or otherwise affecting the volatility of the published rate or level of the "benchmark" and as a consequence, Noteholders could lose part of their investment or receive less income than would have been the case without such change.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements.

Such factors may have the following effects on certain "benchmarks" (including EURIBOR and CMS): (i) discourage market participants from continuing to administer or contribute to the "benchmark"; (ii) trigger changes in the rules or methodologies used in the "benchmark" or (iii) lead to the disappearance of the "benchmark".

Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a "benchmark".

Noteholders should be aware that, if a benchmark were discontinued or otherwise unavailable, the rate of interest on Notes which are linked to or which reference such benchmark will be determined for the relevant period by the fallback provisions applicable to such Notes (please refer to the risk factor entitled "*The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any such Notes linked to or referencing such "benchmarks"*" below). Depending on the manner in which a benchmark rate is to be determined under the Terms and Conditions of the Notes, this may in certain circumstances (i) if ISDA Determination or FBF Determination applies, result in the application of a backward-looking, risk-free overnight rate, whereas the benchmark rate is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied in the previous period when the benchmark was available. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Notes linked to or referencing a "benchmark".

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021. The existing provisions of the Benchmarks Regulation were further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 published in the Official Journal of the European Union on 12 February 2021 (the **Amending Regulation**) which applies as from 13 February 2021.

The Amending Regulation introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks by conferring the power to designate a statutory replacement for certain benchmarks on the European Commission, such replacement being limited to contracts and financial instruments. In addition, the transitional provisions applicable to third-country benchmarks are extended until the end of 2023. The European Commission is empowered to further extend this period until the end of 2025, if necessary. These developments could raise uncertainty regarding any future regulatory or legislative requirement based on the implementing regulations.

The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any such Notes linked to or referencing such "benchmarks"

Condition 4.2(b)(iv) of the Term and Conditions of the English Law Notes and Condition 6(b)(iv) of the Terms and Conditions of the French Law Notes provide for certain fallback arrangements in the event that a Benchmark Event occurs, including if an inter-bank offered rate (such as EURIBOR) or other relevant reference rate (which could include, without limitation, any mid-swap rate but shall except €STR and SOFR), and/or any page on which such benchmark may be published, becomes unavailable, or if the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the applicable Final Terms) are no longer permitted lawfully to calculate interest on any Notes by reference to such benchmark under the Benchmarks Regulation or otherwise.

Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in the Terms and Conditions of the Notes), with or without the application of an adjustment spread (which, if applied, could be positive or negative, and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark), and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Issuer, following consultation with an Independent Adviser, in the case of English Law Notes, or by the Independent Adviser, in the case of French Law Notes, and, in each case, without the consent or approval of the Noteholders.

In certain circumstances, including where no Successor Rate or Alternative Rate (as applicable) is determined or due to the uncertainty concerning the availability of Successor Rates and Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time, in all these circumstances other fallback rules might apply if the benchmark is discontinued or

otherwise unavailable, which consist in the rate of interest for the last preceding Interest Period to be used for the following Interest Period(s), as set out in the risk factor above entitled “*Risks related to the regulation and reform of “benchmarks”*”. Any such consequences could have a material adverse effect on the value of and return on any Notes and as a consequence, Noteholders may lose part of their investment.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or Rate Linked Notes, as the case may be, or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes or Rate Linked Notes, as the case may be. Noteholders should note that the Issuer, following consultation with an Independent Adviser, in the case of English Law Notes, or the Independent Adviser, in the case of French Law Notes will have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected commercial consequences and, due to the particular circumstances of each Noteholder, any such adjustment may not be favourable to such Noteholder.

The market continues to develop in relation to risk free rates as reference rates for Floating Rate Notes or Rate Linked Notes, as the case may be

Condition 4.2 of the Terms and Conditions of the English Law Notes, Condition 6.2 of the Terms and Conditions of the French Law Notes and Condition 27 “*Additional provisions applicable to Rate Linked Notes*” allows Notes referencing the Euro short term rate (€STR) to be issued. The market continues to develop in relation to risk free rates, such as €STR, as reference rate in the capital markets for euro bonds, and its adoption as alternative to the relevant interbank offered rates. The market or a significant part thereof may adopt an application of risk free rates that differs significantly from that set out in the Terms and Conditions of the Notes and used in relation to Floating Rate Notes or Rate Linked Notes, as the case may be, that reference a risk free rate issued under this Base Prospectus.

The nascent development of the use of €STR as interest reference rate for bond markets, as well as continued development of €STR-based rates for such markets and of the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Notes. Interest on Notes which reference a risk free rate is only capable of being determined shortly prior to the relevant Interest Payment Date.

In addition, as €STR is published by the European Central Bank, the Issuer has no control over its determination, calculation or publication. €STR may be discontinued or fundamentally altered in a manner that is materially adverse to the interests of Noteholders.

The mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes.

To the extent the €STR reference rate is discontinued or is no longer published as described in the Terms and Conditions of the Notes, the applicable rate to be used to calculate the Rate of Interest on the Notes will be determined using the alternative methods described in Condition 4.2 of the Terms and Conditions of the English Law Notes and Condition 6.2 of the Terms and Conditions of the French Law Notes. Such methods may result in interest payments that are lower than, or do not otherwise correlate over time with, the payment that would have been made on the Notes if the €STR reference rate had been provided by the European Central Bank in its current form. Accordingly, an investment in any such Floating Rate Notes or Rate Linked Notes, as the case may be, may entail significant risks not associated with similar investments in convention debt securities.

SOFR is a relatively new market index that may be used as a reference rate for Floating Rate Notes and, as the related market continues to develop, there may be an adverse effect on the return on or value of the SOFR-based Notes

The rate of interest on the Notes may be calculated on the basis of SOFR as set forth in Condition 4.2(b)(iii)(E) of the Terms and Conditions of the English Law Notes, Condition 6.2(b)(iii)(E) of the Terms and Conditions of the French Law Notes and Condition 27 “*Additional provisions applicable to Rate Linked Notes*”. Because SOFR is an overnight funding rate, interest on SOFR based Notes with interest periods longer than overnight will be calculated near the end of each Interest Period. As a consequence of this calculation method, the amount of interest payable on each Interest Payment Date will only be known a short period of time prior to the relevant Interest Payment Date. Noteholders therefore will not know in advance the interest amount which will be payable on such Notes.

SOFR is a relatively new rate. The NY Federal Reserve began to publish SOFR in April 2018. Although the NY Federal Reserve has published historical indicative SOFR information going back to 2014, such prepublication historical data inherently involves assumptions, estimates and approximations. Since the initial publication of SOFR, daily changes in the rate have, on occasion, been more volatile than daily changes in other benchmark or market rates.

As a result, the return on and value of SOFR-linked Notes may fluctuate more than floating rate debt securities that are linked to less volatile rates. Because SOFR is a relatively new market index, SOFR-linked Notes will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities indexed to SOFR may evolve over time, and trading prices of SOFR-linked Notes may be lower than those of later-issued SOFR-linked debt securities as a result. Similarly, if SOFR does not prove to be widely used in securities like the Notes, the trading price of SOFR-linked Notes may be lower than those of notes linked to rates that are more widely used. Noteholders may not be able to sell SOFR-linked Notes at all or may not be able to sell such Notes at prices that will provide a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk. The NY Federal Reserve notes on its publication page for SOFR that use of SOFR is subject to important limitations, including that the NY Federal Reserve may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR at any time without notice. SOFR might not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of Noteholders in the Notes. If the manner in which SOFR is calculated is changed or if SOFR is discontinued, that change or discontinuance may result in a reduction or elimination of the amount of interest payable on SOFR-linked Notes and a reduction in the trading prices of such Notes.

Fixed Rate Notes

Condition 4.1 of the Terms and Conditions of the English Law Notes and Condition 6.1 of the Terms and Conditions of the French Law Notes allows for Fixed Rate Notes to be issued. Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes. While the nominal interest rate of the fixed rate Notes is fixed during the term of such Notes, the current interest rate on the capital markets (**market interest rate**) typically varies on a daily basis. As the market interest rate changes, the market value of the Fixed Rate Notes would typically change in the opposite direction. If the market interest rate increases, the market value of the Fixed Rate Notes would typically fall, until the yield of such Notes is approximately equal to the market interest rate. If the market interest rate falls, the market value of the Notes would typically increase, until the yield of such Notes is approximately equal to the market interest rate. The degree to which the market interest rate may vary presents a significant risk to the market value of the Notes if a Noteholder were to dispose of the Notes.

Fixed/Floating Rate Notes

Condition 4.3 of the Terms and Conditions of the English Law Notes and Condition 6.3 of the Terms and Conditions of the French Law Notes allow for Fixed/Floating Rate Notes to be issued. Fixed/Floating Rate

Notes may bear interest at a rate (i) that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate or (ii) that will automatically change from a fixed rate to a floating rate, or from a floating rate to a fixed rate on the date set out in the Final Terms. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce lower overall cost of borrowing. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and any such volatility may have a significant adverse effect on the market value of the Notes.

Zero Coupon Notes are subject to higher price fluctuations than non-discounted notes

Condition 4.4 of the Terms and Conditions of the English Law Notes and Condition 6.4 of the Terms and Conditions of the French Law Notes allow for Zero Coupon Notes to be issued. Changes in market interest rates generally have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other notes having the same maturity and credit rating. Therefore, in similar market conditions, the holders of Zero Coupon Notes could be subject to higher losses on their investments than the holders of other instruments such as Fixed Rate Notes or Floating Rate Notes. Any such volatility may have a significant adverse effect on the market value of the Notes.

Notes which are issued with variable interest rates or which are structured to include a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features, and such volatility may have a significant adverse effect on the market value of the Notes.

1.4 Risks relating to Currency Linked Notes

Currency Linked Notes

In accordance with Condition 23 “*Additional provisions applicable to Currency Linked Notes*”, the Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon movements in currency exchange rates or is payable in one or more currencies which may be different from the currency in which the Notes are denominated (**Currency Linked Notes**).

Noteholders should be aware that, depending on the terms of the Currency Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time or in a different currency than expected and (iii) they may lose a substantial portion of their investment. In addition, movements in currency exchange rates may be subject to significant fluctuations that may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to Noteholders, even if the average level is consistent with their expectations. In general, the earlier the change in currency exchange rates, the greater the effect on yield.

If the amount of principal and/or interest payable is dependent upon movements in currency exchange rates and are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the currency exchange rates on principal or interest payable will be magnified. The market price of such Notes may be volatile and, if the amount of principal and/or interest payable is dependent upon movements in currency exchange rates, may depend upon the time remaining to the redemption date and the volatility of currency exchange rates. Movements in currency exchange rates may be dependent upon economic, financial and political events in one or more jurisdictions.

Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). In recent years, rates of exchange between some currencies have been volatile. This volatility may be expected in the future. Fluctuations that have occurred in any particular exchange rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Note. Fluctuations in exchange rates will affect the value of the Notes.

As a result, Noteholders are exposed to the risk that changes in currency exchange rates may adversely affect the value of Currency Linked Notes and as a result, could lose all or part of their investment.

Renminbi is not completely freely convertible; there are still significant restrictions on remittance of Renminbi into and outside the PRC and the liquidity of the Notes denominated in Renminbi may be adversely affected

The Terms and Conditions of the Notes allow for Renminbi Notes to be issued. Renminbi is not completely freely convertible at present. The PRC government continues to regulate conversion between Renminbi and foreign currencies.

Although from 1 October 2016, the Renminbi has been added to the Special Drawing Rights basket created by the International Monetary Fund, the PRC government may not liberalise the control over cross-border Renminbi remittances in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi funds into or out of the PRC. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Notes denominated in Renminbi.

The availability of Renminbi outside of the PRC is limited, which may affect the liquidity of Notes denominated in Renminbi, and the Issuer's ability to source Renminbi outside the PRC to service such Notes denominated in Renminbi

As a result of the restrictions imposed by the PRC government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. While the People's Bank of China (the **PBOC**) has entered into agreements on the clearing of Renminbi business (the **Settlement Agreements**) with financial institutions in a number of financial centres and cities (the **RMB Clearing Banks**), the current size of Renminbi denominated financial assets outside of the PRC is limited. Renminbi business participating banks do not have direct Renminbi liquidity support from the PBOC.

The offshore Renminbi market is subject to many constraints as a result of PRC laws and regulations on foreign exchange. New PRC regulations may be promulgated or the Settlement Agreements may be terminated or amended so as to have the effect of restricting availability of Renminbi offshore. The limited availability of Renminbi outside the PRC may affect the liquidity of the Notes denominated in Renminbi and, as a consequence, have an adverse effect on the value of such Renminbi Notes.

Payments in respect of the Renminbi Notes will only be made to Noteholders in the manner specified in the Renminbi Notes

Noteholders may be required to provide certification and other information (including Renminbi account information) in order to be allowed to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in the Offshore CNY Centre (as defined in the Terms and Conditions of the Notes).

If RMB is specified as Specified Currency in the relevant Final Terms, all payments of Renminbi under Notes denominated in Renminbi to a Noteholder will be made solely by transfer to a Renminbi bank account maintained in the Offshore CNY Centre by such Noteholder in accordance with the prevailing rules and regulations for such transfer and in accordance with the Terms and Conditions of the Notes. The Issuer cannot be required to make payment by any other means. For persons holding Renminbi Notes through Euroclear France, Euroclear or Clearstream, Luxembourg, payments will also be made subject to the procedures of Euroclear France, Euroclear or Clearstream, Luxembourg, as applicable.

In addition, access to Renminbi for the purposes of making payments under such Notes may not remain or may become restricted. If the Calculation Agent determines, in its sole and absolute discretion, that a CNY Currency Disruption Event has occurred, the Issuer's payment obligations under the Notes may be delayed and/or replaced by payments in an Alternate Settlement Currency instead and/or the Notes may be redeemed early. The Noteholders may thus need to source for additional funding in the case of delayed payments or face the risks of early redemption. Such risks could include but are not limited to Early Redemption Unwind Costs, Fair Market Value and reinvestment risk. If the CNY payments under the Notes are paid in the Alternate Settlement Currency instead, the Noteholders may have additional exposure to foreign exchange risk.

2. RISKS RELATED TO THE MARKET OF THE NOTES

Set out below is a brief description of certain risks relating to the Notes and the market generally:

Market Value of the Notes

Application may be made to list and admit any Series of Notes issued hereunder to trading on the regulated market of the Luxembourg Stock Exchange and to list them on the Official List of the Luxembourg Stock Exchange and/or on any other Regulated Market. Therefore, the market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including the value of the reference assets or an index, including, but not limited to, the volatility of the reference assets or an index, or the dividend on the securities taken up in the index, market interest and yield rates and the time remaining to the maturity date.

The value of the Notes, the reference assets or the index depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the regulated market of the Luxembourg Stock Exchange and/or on any other Regulated Market or stock exchanges on which the Notes, the reference assets, the securities taken up in the index, or the index are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder. Accordingly, all or part of the capital invested by the Noteholder may be lost upon any transfer of the Notes, so that the Noteholder in such case would receive significantly less than the total amount of capital invested.

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid and may be sensitive to changes in financial markets. Therefore, Noteholders may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case should the Issuer be in financial distress, which may result in any sale of the Notes having to be at a substantial discount to their principal amount or for Notes that are especially sensitive to interest rate, currency, credit or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

Although application has been made for the Notes issued under the Programme to be listed and admitted to trading on the regulated market of the Luxembourg Stock Exchange and to be listed on the Official List of the Luxembourg Stock Exchange, and/or any other Regulated Market in the European Economic Area a particular Tranche of Notes may not be admitted or an active trading market may not develop. Accordingly, a trading market for any particular Tranche of Notes may not develop or may be illiquid. As consequence, Noteholders may not be able to sell Notes readily or at prices that will enable them to realise their anticipated yield and as result, Noteholders could lose part of their investment in the Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if a Noteholder's financial activities are denominated principally in a currency or currency unit (the **Noteholder's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Noteholder's Currency) and the risk that authorities with jurisdiction over the Noteholder's Currency may impose or modify exchange controls. An appreciation in the value of the Noteholder's Currency relative to the Specified Currency would decrease (1) the Noteholder's Currency-equivalent yield on the Notes, (2) the Noteholder's Currency-equivalent value of the principal payable on the Notes and (3) the Noteholder's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payment in respect of the Notes.

As a result, Noteholders may receive less interest or principal than expected. This may result in a significant loss on any capital invested from the perspective of a Noteholder whose domestic currency is not the Specified Currency.

3. RISKS RELATED TO LEGAL ISSUES REGARDING THE NOTES

The implementation in France of the EU Bank Recovery and Resolution Directive could materially affect the Notes

Directive 2014/59/EU provides for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms, as amended (the **Bank Recovery and Resolution Directive** or **BRRD II**), implemented in France by several legislative texts, to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing relevant entity.

If the Issuer is determined to be failing or likely to fail within the meaning of, and under the Terms and Conditions set by BRRD II, and the relevant resolution authority applies any, or a combination, of the BRRD II resolution tools (e.g. sale of business, creation of a bridge institution, asset separation or bail-in), any shortfall from the sale of the Issuer's assets may lead to a partial reduction in the outstanding amount of certain claims of unsecured creditors of that entity (including, as the case may be, the Notes), or, in a worst case scenario, a reduction to zero. The unsecured debt claims of the Issuer (including, as the case may be, the Notes) might also be converted into equity or other instruments of ownership, in accordance with the hierarchy of claims in normal insolvency proceedings, which equity or other instruments could also be subject to any future cancellation, transfer or dilution (such reduction or cancellation being first on common equity tier one instruments, thereafter the reduction, cancellation or conversion being on additional tier one instruments, then tier two instruments and other subordinated debts, then other eligible liabilities). The relevant resolution authority may also seek to amend the terms (such as variation of the maturity) of any outstanding unsecured debt securities (including, as the case may be, the Notes).

Public financial support to resolve the Issuer where there is a risk of failure will only be used as a last resort, after having assessed and exploited the above resolution tools, including the bail-in tool, to the maximum extent possible whilst maintaining financial stability.

The exercise of any power under the BRRD II or any suggestion of such exercise could materially adversely affect the rights of the Noteholders, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes. As a result, Noteholders could lose all or a substantial part of their investment in the Notes.

French Insolvency Law

The Issuer is a *société anonyme* with its corporate seat in France. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the "centre of main interests" (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

The Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 has been transposed into French law by the *Ordonnance* 2021-1193 dated 15 September 2021. Such *ordonnance*, applicable as from 1st October 2021, amends French insolvency laws notably with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this *ordonnance*, "affected parties" (including notably creditors, and therefore the Noteholders) shall be treated in separate classes which reflect certain class formation criteria for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria. Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

Both the scopes of the Directive (EU) 2019/1023 and the ordonnance do not cover financial institutions, unless the competent authority chooses to make them applicable. In such a case, the application of French insolvency law to a credit institution as the Issuer is also subject to the prior permission of the *Autorité de contrôle prudentiel et de résolution* before the opening of any safeguard, judicial reorganisation or liquidation procedures. This limitation will affect the ability of the Noteholders to recover their investments in the Notes.

Should such proceedings be opened, the commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes issued by the Issuer. As a consequence, any decisions taken by a class of affected parties could negatively and significantly impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover all or part of the amounts due to them from the Issuer.

The Terms and Conditions of the Notes contain provisions which may permit their modification without the consent of all Noteholders

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally (see Condition 14 of the Terms and Conditions of the English Law Notes (*Meetings of Noteholders, Modification and Waiver*) and Condition 15 of the Terms and Conditions of the French Law Notes (*Representation of Noteholders*)). These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting, or (with respect to French Law Notes) who did not consent to the Written Decision, and Noteholders who voted in a manner contrary to the majority. General Meetings or Written Decisions may deliberate on any proposal relating to the modification of the Terms and Conditions of the Notes. Only holders of French Law Notes will, in certain circumstances, be grouped for the defence of their common interests in a separate legal entity called "Masse" (as defined in Condition 15 of the Terms and Conditions of the French Law Notes (*Representation of Noteholders*)). If the applicable Final Terms specify "No Masse", Noteholders will not be grouped in a *masse* having legal personality governed by the provisions of the French *Code de commerce* and will not be represented by a representative of the *masse*. While it is not possible to assess the likelihood that the Terms and Conditions of the Notes will need to be amended during the term of the Notes by a meeting of the Noteholders, if a decision is adopted by a majority of Noteholders and such modifications were to impair or limit the rights of the Noteholders, this have a negative impact on the market value of the Notes.

English Law Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of English Law Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such English Law Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in their account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in their account with the relevant clearing system at the relevant time may not receive a definitive English Law Note in respect of such holding (should definitive English Law Notes be printed) and would need to purchase a principal amount of English Law Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such English Law Notes in definitive form are issued, holders should be aware that definitive English Law Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade. As a result, Noteholders shall in turn be adversely impacted.

IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS OF NOTES WHERE THERE IS NO EXEMPTION FROM THE OBLIGATION UNDER THE PROSPECTUS REGULATION TO PUBLISH A PROSPECTUS

Restrictions on Non-Exempt Offers of Notes in Relevant Member States

Certain Tranches of Notes with a denomination of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Regulation to publish a prospectus. Any such offer is referred to as a **Non-Exempt Offer**. This Base Prospectus has been prepared on a basis that permits Non-Exempt Offers of Notes. However, any person making or intending to make a Non-Exempt Offer of Notes in any Member State of the European Economic Area (each, a **Relevant Member State**) may only do so if this Base Prospectus has been approved by the competent authority in that Relevant Member State (or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State) and published in accordance with the Prospectus Regulation, provided that the Issuer has consented to the use of this Base Prospectus in connection with such offer as provided under "*Consent given in accordance with Article 1.4 of the Prospectus Regulation (Retail Cascades)*" and the terms of that consent are complied with by the person (the **Offeror**) making the Non-Exempt Offer of such Notes.

Save as provided above, neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any Non-Exempt Offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

Consent given in accordance with Article 1.4 of the Prospectus Regulation (Retail Cascades)

Any person (an **Investor**) intending to acquire or acquiring any Notes from any Offeror other than the Issuer or a relevant Dealer should be aware that, in the context of a Non-Exempt Offer of such Notes, the Issuer will be responsible to the Investor for this Base Prospectus under Article 11 of the Prospectus Regulation only if the Issuer has consented to the use of this Base Prospectus by that Offeror to make the Non-Exempt Offer to the Investor. None of the Issuer or any Dealer makes any representation as to the compliance by that Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-Exempt Offer and none of the Issuer or any Dealer has any responsibility or liability for the actions of that Offeror. **Save as provided below, neither the Issuer nor any Dealer has authorised the making of any Non-Exempt Offer by any Offeror or consented to the use of this Base Prospectus by any other person in connection with any Non-Exempt Offer of Notes. Any Non-Exempt Offer made without the consent of the Issuer is unauthorised and neither the Issuer nor any Dealer accepts any responsibility or liability for the actions of the persons making any such unauthorised offer.** If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

In connection with each Tranche of Notes, and provided that the applicable Final Terms specifies an Offer Period, the Issuer consents to the use of this Base Prospectus in connection with a Non-Exempt Offer of such Notes subject to the following conditions:

- (i) the consent is only valid during the Offer Period so specified;
- (ii) the only Offerors authorised to use this Base Prospectus to make the Non-Exempt Offer of the relevant Tranche of Notes are the relevant Dealer and either:
 - (a) (i) if the applicable Final Terms names financial intermediaries authorised to offer the Notes, the financial intermediaries so named or (ii) if the Issuer has given its consent to the appointment of additional financial intermediaries after the date of the applicable Final Terms and publishes details of them on its website <https://www.cic-marketsolutions.eu/fr/kidemtnccic.aspx>, each financial intermediary whose details are so published; or

- (b) in any other case, any financial intermediary which is authorised to make such offers under Directive 2014/65/EU, as amended (the **Markets in Financial Instruments Directive**), subject as the case may be to any other conditions set out in Part B of the applicable Final Terms, provided that such financial intermediary states on its website that it has been duly appointed as a financial intermediary to offer the relevant Tranche of Notes during the Offer Period and that it is relying on this Base Prospectus to do so; and
- (iii) the consent only extends to the use of this Base Prospectus to make Non-Exempt Offers of the relevant Tranche of Notes in each Relevant Member State specified in the applicable Final Terms, being either Belgium, Finland, France, Luxembourg, Germany, The Netherlands, Spain or Sweden.

FORM OF THE NOTES

Subject as provided below in relation to French Law Notes, each Tranche of Notes will be in bearer form and will be initially issued in the form of a temporary global note (a **Temporary Global Note**) or, if so specified in the applicable Final Terms, a permanent global note (a **Permanent Global Note**) which, in either case, will:

- (i) if the Global Notes are intended to be issued in new global note (**NGN**) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and
- (ii) if the Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depository (the **Common Depository**) for, Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Final Terms.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Global Note of the same Series or (b) definitive Notes of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, receipts, interest coupons and talons attached upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in Condition 9) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14

days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

The following legend will appear on all Permanent Global Notes and definitive Notes which have an original maturity of more than 1 year and on all receipts and interest coupons relating to such Notes:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Notes*"), the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 9 of the Terms and Conditions of the English Law Notes. In such circumstances, where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note then from 9.00 p.m. (Paris time) on such day holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg on and subject to the terms of a deed of covenant (the **Deed of Covenant**) dated 21 June 2023 and executed by the Issuer.

French Law Notes

Notwithstanding the foregoing, French Law Notes will be issued, at the option of the Issuer, in either bearer dematerialised form (*au porteur*), which will be inscribed in the books of Euroclear France or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*nominatif administré*) inscribed in the books of a Euroclear France Account

Holder or in fully registered form (*nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or by the Registration Agent designated in the relevant Final Terms, all as defined in the Terms and Conditions of the French Law Notes.

Title to Notes issued in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Euroclear France Account Holders. Title to Notes

issued in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or the Registration Agent.

- (b) In these Conditions, holder of Notes or holder of any Note or Noteholder means the person whose name appears in the account of the relevant Euroclear France Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes.

3. STATUS OF THE NOTES

The Notes are direct, unconditional, senior preferred (within the meaning of Article L. 613-30-3-I-3° of the French *Code monétaire et financier*) and (subject to the provisions of Condition 4) unsecured obligations of the Issuer and shall at all times rank *pari passu* without any preference among themselves and (save for certain obligations required to be preferred by law) equally with all other unconditional, senior preferred and unsecured obligations of the Issuer, from time to time outstanding.

By the effect of the exercise of the bail-in power by the relevant resolution authority of the Issuer, the outstanding amount of Notes may notably be reduced (in whole or in part), converted into shares (in whole or in part) or cancelled and/or the maturity of the Notes or the amount of interest or the date on which the interest becomes payable may be amended.

4. NEGATIVE PLEDGE

So long as any of the Notes remains outstanding, the Issuer will not create or have outstanding any mortgage, charge, lien, pledge or other security interest (*sûreté réelle*) (each a **Security Interest**) upon, or with respect to, any of its present or future business, undertaking, assets or revenues (including any uncalled capital) to secure any Relevant Indebtedness (as defined below), unless the Issuer, in the case of the creation of a Security Interest, before or at the same time and, in any other case, promptly, takes any and all action necessary to ensure that the Issuer's obligations under the Notes either:

- (a) are secured by the Security Interest equally and rateably with the Relevant Indebtedness; or
- (b) have the benefit of such other Security Interest, guarantee, indemnity or other arrangement (whether or not it includes the giving of a Security Interest) as shall be approved by an Extraordinary Resolution of the Noteholders.

For the purposes of this Condition 4, **Relevant Indebtedness** means (i) any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of any notes, bonds, debentures, debenture stock, loan stock or other securities which (with the consent of the issuer of the indebtedness) are for the time being quoted, listed or ordinarily dealt in on any stock exchange, over-the-counter or other securities market, and (ii) any guarantee or indemnity in respect of any such indebtedness.

5. REDENOMINATION

5.1 Redenomination

Where redenomination is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Noteholders on giving prior notice to the Agent and Euroclear France and at least 30 days' prior notice to the Noteholders in accordance with Condition 14, elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

- (a) the Notes shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Specified Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Agent, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Paying Agents of such deemed amendments;
- (b) save to the extent that an Exchange Notice has been given in accordance with paragraph (d) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of Notes held for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (c) the payment obligations contained in any Notes issued prior to the Redenomination Date will also become void on that date although those Notes will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes will be issued in exchange for Notes denominated in the Specified Currency in such manner as the Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
- (d) after the Redenomination Date, all payments in respect of the Notes other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee;
- (e) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on a Fixed Interest Date, it will be calculated by applying the Rate of Interest to the Calculation Amount, and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention;
- (f) if the Notes are Floating Rate Notes, the applicable Final Terms will specify any relevant changes to the provisions relating to interest; and
- (g) such other changes shall be made to these Conditions as the Issuer may decide, after consultation with the Agent, and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro.

5.2 Definitions

In these Conditions, the following expressions have the following meanings:

Established Rate means the rate for the conversion of the Specified Currency (including compliance with rules relating to roundings in accordance with applicable European Union regulations) into euro established by the Council of the European Union pursuant to Article 140 of the Treaty;

Euro or **euro** means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty;

Redenomination Date means (in the case of interest bearing Notes) any date for payment of interest under the Notes or (in the case of Zero Coupon Notes) any date, in each case specified by the Issuer

in the notice given to the Noteholders pursuant to paragraph (a) above and which falls on or after the date on which the country of the Specified Currency first participates in the third stage of European economic and monetary union; and

Treaty means the Treaty on the Functioning of the European Union, as amended.

6. INTEREST

The applicable Final Terms will indicate whether the Notes are (i) Fixed Rate Notes, (ii) Floating Rate Notes, (iii) Fixed to Floating Rate Notes, (iv) Zero Coupon Notes or (v) Notes linked to an underlying reference asset(s) such as Credit Linked Notes, Index Linked Notes, Fund Linked Notes, Equity Linked Notes, Inflation Linked Notes, Currency Linked Notes, Commodity Linked Notes, Bond Linked Notes, Rate Linked Notes, Future Linked Notes or any combination thereof.

6.1 Interest on Fixed Rate Notes

This Condition 6.1 applies to Fixed Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 6.1 for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount, the Day Count Fraction and any applicable Determination Date.

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Fixed Rate(s) of Interest. Interest will be payable in arrear or in advance as specified in the applicable Final Terms on the Interest Payment Date(s) up to (and including) the Maturity Date.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If interest is required to be calculated for a period other than a Fixed Interest Period such interest shall be calculated by applying the Rate of Interest to the Calculation Amount and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

The Calculation Agent will cause the amount of interest payable per Calculation Amount for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Calculation Amount and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest per Calculation Amount shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Calculation Amount so calculated need be made.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 6.1:

- (a) if **Actual/Actual (ICMA)** is specified in the applicable Final Terms:

- (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
- (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (b) if **30/360** is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360;
- (c) if **Actual/365 (Fixed)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365; and
- (d) if **Actual/360** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360.

In the Conditions:

Determination Period means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

Reference Banks means five major banks selected by the Calculation Agent in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the Reference Rate (which, if EURIBOR is the relevant Reference Rate, shall be the Eurozone);

Reference Rate means the rate specified as such in the relevant Final Terms which shall be either the Euro Interbank Offered Rate (**EURIBOR**), the constant maturity swap rate (**CMS**), the Eurozone inflation index (**CPTFEMU**), the Euro Short-Term Rate (**€STR**) or the Secured Overnight Financing Rate (**SOFR**) (or any successor or replacement rate); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

6.2 Interest on variable interest Notes

This Condition 6.2 applies to Floating Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of floating rate interest and must be read in conjunction with this Condition 6.2 for full information on the manner in which interest is calculated on Floating Rate Notes. In particular, the applicable Final Terms will identify any Specified Interest Payment Dates, any Specified Period, the Interest Commencement Date, the Business Day Convention, any Additional Business Centres, whether ISDA Determination, FBF Determination or Screen Rate Determination applies to the calculation of interest, the party who will calculate the amount of interest due if it is not the Calculation Agent, the Margin, any maximum or minimum interest rates, the Day Count Fraction and any formula that applies the calculation of interest. Where ISDA Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Floating Rate Option, Designated Maturity, Reset Date and any applicable multiplier or leverage factor (a **Leverage**). Where Screen Rate Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Reference Rate, Relevant Financial Centre, Interest Determination Date(s) and Relevant Screen Page.

(a) Interest Payment Dates

Unless otherwise specified in the applicable Final Terms, each Floating Rate Note or other Note which is subject to a variable rate of interest (any such Note or Floating Rate Note, a **Variable Interest Note**), bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear or in advance as specified in the applicable Final Terms on either:

- (i) the Specified Interest Payment Date(s) specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls on the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In the Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date or the relevant payment date if the Notes become payable on a date other than an Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 6.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month

which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions and unless otherwise specified, **Business Day** means a day which is both:

- I. a day on which real time gross settlement system operated by the Eurosystem or any successor or replacement for that system (the **T2**) is operating (a **T2 Business Day**) and a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Additional Business Centre specified in the applicable Final Terms; and
- II. either (i) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars or Renminbi shall be Sydney, Auckland and Hong Kong, Beijing and the Offshore CNY Centre, respectively) or (ii) in relation to any sum payable in euro, T2 Business Day.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of Variable Interest Notes will be determined in the manner specified in the applicable Final Terms.

(i) ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;

- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this sub-paragraph (i), **Floating Rate**, **Floating Rate Option**, **Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions. A copy of the ISDA Definitions may be obtained from the Issuer.

(ii) FBF Determination

(A) Where FBF Determination is specified in the applicable Final Terms, interest will be payable on such dates, at such a rate (the **FBF Rate**) and in such amounts, plus or minus the Margin (if any), as would have been payable (regardless of any event of default or termination event thereunder) by the Issuer if it had entered into an interest rate swap transaction governed by an agreement in the form of the Master Agreement relating to transactions on forward financial instruments incorporating the FBF Definitions (a **FBF Agreement**), as in effect on the date of issue of the Notes, published by the *Fédération Bancaire Française* (the **FBF**) and evidenced by a Confirmation (as defined in the FBF Agreement) with the holder of the relevant Note under which:

- I. the Issuer was the Floating Amount Payer;
- II. the Agent (as defined herein) was the Agent (as defined in the FBF Agreement) or as otherwise specified in the applicable Final Terms;
- III. the Interest Commencement Date was the Transaction Date;
- IV. the lowest Specified Denomination was the Notional Amount;
- V. the Interest Payment Dates were the Floating Amount Payment Dates; and
- VI. all other terms were as specified in the applicable Final Terms.

FBF Definitions means the definitions set out in the FBF Master Agreement as supplemented by the Technical Schedules (*Additifs Techniques*) as published by the FBF (a copy of which may be obtained free of charge on the FBF website at <http://www.fbf.fr/en/banking-issues/agreements-and-conventions/xbf-master-agreement-relating-to-transactions-on-forward-financial-instruments>), unless otherwise specified in the relevant Final Terms.

- (B) When paragraph (A) above applies, in respect of each relevant Interest Payment Date:
 - I. the amount of interest determined for such Interest Payment Date will be the Interest Amount for the relevant Interest Period for the purposes of these Conditions as though determined under paragraph (d) below;

- II. the Rate of Interest for such Interest Period will be the Floating Rate (as defined in the FBF Agreement) determined by the Agent in accordance with paragraph (A) above; and
 - III. the Agent will be deemed to have discharged its obligations under paragraph (d) below if it has determined the Rate of Interest and the Interest Amount payable on such Interest Payment Date in the manner provided in the preceding sentence.
- (iii) Screen Rate Determination
- (A) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below or (if applicable) to Condition 6.2(b)(iv) below, be either:
 - I. the offered quotation; or
 - II. the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate(s) which appears or appear, as the case may be, on the Screen Page at the Specified Time on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.
 - (B) In the event that the Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph, the Rate of Interest shall be the arithmetic mean of the offered quotation for the Reference Rate(s) provided by each of the Reference Banks at the Specified Time on the Interest Determination Date, as determined by the Calculation Agent.
 - (C) If fewer than two of such banks are quoting to leading banks in the Relevant Financial Centre, the Interest Rate shall (unless otherwise specified) be the Interest Rate determined on the previous Interest Determination Date (after readjustment for any difference between any Margin or Maximum or Minimum Rate of Interest applicable to the preceding Interest Period and to the relevant Interest Period).
 - (D) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being €STR, the Rate of Interest for each Interest Period will, subject as provided below, be the rate of return of a daily compound interest investment (with the daily euro short-term rate as the reference rate for the calculation of interest) plus or minus (as indicated in the applicable Final Terms) the Margin (if any)

and will be calculated by the Calculation Agent on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-\text{pTBD}} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

If the €STR is not published, as specified above, on any particular T2 Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such T2 Business Day shall be the rate equal to €STR in respect of the last T2 Business Day for which such rate was published on the Website of the European Central Bank.

If the €STR is not published, as specified above, on any particular T2 Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, the rate of €STR for each T2 Business Day in the relevant €STR Observation Period on or after such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the ECB Recommended Rate.

If no ECB Recommended Rate has been recommended before the end of the first T2 Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each T2 Business Day in the relevant €STR Observation Period on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each T2 Business Day in the relevant €STR Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 14.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period) or (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each T2 Business Day in the relevant €STR Observation Period on or after such €STR Index Cessation Effective Date were references to the latest

published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR.

(iv) Benchmark discontinuation

Subject to Condition 9.12, where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, if a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any remaining rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and shall prevail over other fallbacks specified in Condition 6.2(b) (for the avoidance of doubt, it shall not apply to €STR and SOFR).

(A) Independent Adviser

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 6.2(b)(iv)(B)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 6.2(b)(iv)(C)) and any Benchmark Amendments (in accordance with Condition 6.2(b)(iv)(D)).

An Independent Adviser appointed pursuant to this Condition 6.2(b)(iv) shall act in good faith as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the applicable Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 6.2(b)(iv).

(B) Successor Rate or Alternative Rate

If the Independent Adviser determines in good faith that:

- I. there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 6.2(b)(iv)(D)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 6.2(b)(iv)); or
- II. there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 6.2(b)(iv)(D)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 6.2(b)(iv)).

(C) Adjustment Spread

If the Independent Adviser, determines in good faith (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(D) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 6.2(b)(iv) and the Independent Adviser determines in good faith (i) that amendments to the Terms and Conditions of the Notes (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days, or Relevant Screen Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or

Adjustment Spread (such amendments, the **Benchmark Amendments**) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 6.2(b)(iv)(E), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 6.2(b)(iv), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) Notices, etc.

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 14, the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 6.2(b)(iv). Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

(F) Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallback provision for the Original Reference Rate specified in Condition 6.2(b)(iii), namely the Rate of Interest determined on the preceding Interest Determination Date will continue to apply to such determination (though substituting, where a different Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Maximum or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Maximum or Minimum Rate of Interest relating to that last preceding Interest Period).

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 6.2(b)(iv), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 6.2(b)(iv) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the other fallbacks specified in Condition 6.2(b), will continue to apply in accordance with their terms). This may result in the Rate of Interest for the last preceding Interest Period being the Rate of Interest for the Interest Period in question.

(G) Definitions

In this Condition 6.2(b)(iv):

Adjustment Spread means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either

case, which the Independent Adviser determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- I. in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;
- II. in the case of an Alternative Rate (or in the case of a Successor Rate where I. above does not apply), is in customary market usage in the international debt capital market for transactions which reference the Original Reference Rate, where such rate has been replaced by the Alternative Rate (or, as the case may be, the Successor Rate); or

- III. the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;
- IV. the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six months prior to the date specified in (i);

- V. the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six months;
- VI. the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate, in the opinion of the supervisor, is no longer representative of an underlying market or that its method of calculation has significantly changed;
- VII. it has or will prior to the next Interest Determination Date become unlawful for the Issuer, the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), or any Paying Agent to calculate any payments due to be made to any Noteholder using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation (EU) 2016/1011, as amended, if applicable); or

(c) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) Determination of Rate of Interest and calculation of Interest Amount

The Calculation Agent will, on or as soon as practicable after each time at which the Rate of Interest is to be determined (the **Interest Determination Date**), determine the Rate of Interest for the relevant Interest Period.

Save as otherwise specified in the applicable Final Terms, or in circumstances where FBF Determination is applicable, the Calculation Agent will calculate the amount of interest (the **Interest Amount**) payable in respect of Variable Interest Notes for the relevant Interest Period by applying the Rate of Interest to the Calculation Amount and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 6.2:

- (i) if **Actual/365** or **Actual/Actual** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if **Actual/365 – FBF** is specified in the applicable Final Terms, the fraction whose numerator is the actual number of days elapsed during the Interest Period and whose denominator is 365. If part of the Interest period falls in a leap year, **Actual/365 – FBF** shall mean the sum of (i) the fraction whose numerator is the actual number of days elapsed during the non-leap year and whose denominator is 365 and (ii) the fraction whose numerator is the number of actual days elapsed during the leap year and whose denominator is 366;

- (vi) if **30/360, 360/360** or **Bond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
- (vii) if **30E/360** or **Eurobond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of an Interest Period ending on the Maturity Date, the Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).

(e) Notification of Rate of Interest and Interest Amounts

The Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Variable Interest Notes are for the time being listed (by no later than the first day of each Interest Period or if that is impracticable, as soon as reasonably practicable upon the determination of such Rate of Interest and Interest Amount). Each Interest Amount and Interest Payment Date may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period.

(f) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6, by the Calculation Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the other Paying Agents, and all Noteholders, and (in the absence of wilful default, fraud or bad faith) no liability to the Issuer and the Noteholders shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

6.3 Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.

6.4 Interest on Fixed or Floating or Zero Coupon/Structured Notes

Fixed or Floating or Zero Coupon/Structured Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate or Floating Rate or Zero Coupon to a rate linked to an Underlying Reference, or from a rate linked to an Underlying Reference as specified in the Final Terms and determined in accordance with the Technical Annex to a Fixed or Floating Rate or Zero Coupon or (ii) that will automatically change from a Fixed or Floating Rate or Zero Coupon to a rate linked to an Underlying Reference or from a rate linked to an Underlying Reference to a Fixed or Floating Rate or Zero Coupon on the date set out in the Final Terms.

6.5 Interest on Combined Notes

The Interest Rate of Combined Notes is a combination of several Interest Rates during the lifetime of the Notes between a Fixed Rate and/or a Floating Rate and/or a Zero Coupon and/or a rate linked to an Underlying Reference as specified in the Final Terms and determined in accordance with the Technical Annex (i) that the Issuer may elect to convert on the date set out in the Final Terms or (ii) that will automatically change on the date set out in the Final Terms.

6.6 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal (and/or delivery of the Physical Delivery Amount (if applicable)) is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

6.7 Formulae for the calculation of interest

Interest on the Notes will be determined in accordance with the formulae set out in the Technical Annex if specified in the applicable Final Terms. The applicable Day Count Fraction will be as defined in Conditions 6.1 and 6.2 above.

7. PAYMENTS

7.1 Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, New Zealand dollars or Renminbi, shall be Sydney, Auckland and the Offshore CNY Centre, respectively); and
- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment or other laws and regulations to which the Issuer or its Agents are subject, but without prejudice to the provisions of Condition 10, (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or (without prejudice to the provisions of Condition 10) any law implementing an intergovernmental approach thereto and (iii) any withholding or deduction required pursuant to Section 871(m) of the Code (**871(m) Withholding**). In addition, in determining the amount of 871(m) Withholding imposed with respect to any amounts to be paid on the Notes, the Issuer shall be entitled to withhold on any “dividend equivalent” (as defined for purposes of Section 871(m) of the Code) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law.

Payments on the Notes that reference U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70%. In such case, in calculating the relevant payment amount, the holder will be deemed to receive, and the Issuer will be deemed to withhold, 30% of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

7.2 Payments in respect of Notes

Payments of principal and interest in respect of the Notes shall (in the case of Notes in bearer dematerialised form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and, (in the case of Notes in fully registered form), to an account denominated in the relevant currency with a bank designated by the Noteholders. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.

7.3 Appointment of Agents

The Agent, the Paying Agent, the Calculation Agent and the Registration Agent initially appointed by the Issuer and their respective specified offices are listed at the end of the Base Prospectus relating to the Programme of the Notes of the Issuer. The Agent, the Paying Agents and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each such case, do not assume any obligation or relationship of agency for any Noteholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Agent, any other Paying Agent, Registration Agent or Calculation Agent and to appoint other Agent, Paying Agent(s), Registration Agent(s) or Calculation Agent(s) or additional Paying Agent(s), Registration Agent(s) or Calculation Agent(s), provided that the Issuer shall at all times maintain (i) a Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities provided that (A) so long as the Notes are admitted to trading on, and listed on the Official List of the Luxembourg Stock Exchange and the rules applicable to that Regulated Market so require, the Issuer will maintain a Paying Agent in Luxembourg, and (B) so long as the Notes are admitted to trading on Euronext Paris and the rules applicable to that Regulated Market so require, the Issuer will maintain a Paying Agent allowed to provide in France services relating to issues of securities within the meaning of Directive 2006/48/EC relating to the taking up and pursuit of the business of credit institutions, (v) in the case of dematerialised Notes in fully registered form, a Registration Agent, and (vi) such other agents as may be required by the rules of any other stock exchange on which the Notes may be listed and admitted to trading.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14.

7.4 Payment Day

If the date for payment of any amount in respect of any Note or interest is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 11) is a day on which:

- (a) Euroclear France is opened for business;
- (b) commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Additional Financial Centre specified in the applicable Final Terms; and
- (c) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars, New Zealand dollars or Renminbi shall be Sydney, Auckland and Hong Kong, Beijing and the Offshore CNY Centre, respectively) or (B) in relation to any sum payable in euro, a day on which the T2 is open.

7.5 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 10;
- (b) the Final Redemption Amount of the Notes;
- (c) the Early Redemption Amount of the Notes;
- (d) the Optional Redemption Amount(s) (if any) of the Notes;
- (e) in relation to Notes redeemable in instalments, the Instalment Amounts;
- (f) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 9.7); and
- (g) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 10.

Any reference in this Condition 7 to payment or repayment (as the case may be) of principal and/or interest and other similar expressions shall, where the context so admits, be deemed to refer also to delivery of any Asset Amount relating to Physical Delivery Notes.

7.6 Payment in Alternate Settlement Currency

Notwithstanding any other provision in these Conditions, if the Calculation Agent determines, in its sole and absolute discretion, that a CNY Disruption Event has occurred or is likely to occur and that such CNY Disruption Event is material in relation to the Issuer's payment obligations under the Notes

in respect of any forthcoming payment dates (each date, an **Affected Payment Date**), then the Issuer may, in its sole and absolute discretion, determine to take any one or more of the following actions:

- (a) the relevant payment by the Issuer shall be postponed to 15 Business Days after the date on which the CNY Disruption Event ceases to exist or, if that would not be possible (as determined by the Issuer acting in good faith), as soon as reasonably practicable thereafter;
- (b) that the Issuer's obligations to payment in CNY under the terms of the Notes be replaced by an obligation to pay such amount in the Alternate Settlement Currency as specified in the Final Terms (converted at the Alternate Settlement Rate as determined by the Calculation Agent as of a time selected in good faith by the Calculation Agent); and
- (c) that the Notes be redeemed in full and not in part and each Note being redeemed at its Early Redemption Amount as specified in the applicable Final Terms.

Any payments, either in CNY or in the Alternate Settlement Currency, made by the Issuer with respect to its obligations relating to any Affected Payment Date shall be full and final settlement of its obligations to pay such amounts under the Notes.

For the avoidance of doubt, no amount of interest shall be payable in respect of any delay in payment of any amounts due to the adjustment of any Affected Payment Date.

Payments of the relevant principal or interest in respect of the Notes in the Alternate Settlement Currency shall be made by transfer to the account denominated in the Alternate Settlement Currency of the relevant Account Holders for the benefit of the Noteholders and (in the case of Notes in fully registered form) to an account denominated in the Alternate Settlement Currency with a bank designated by the Noteholders. For the avoidance of doubt, no such payment in the Alternate Settlement Currency shall by itself constitute a default in payment within the meaning of Condition 12.

Upon the occurrence of a CNY Disruption Event, the Issuer shall give notice, as soon as practicable in accordance with Condition 14, to the Noteholders stating the occurrence of the CNY Disruption Event and of the action proposed to be taken in relation thereto.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7.6 by the Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

For the purposes of this Condition 7:

Alternate Settlement Currency means the currency specified as such in the applicable Final Terms;

Alternate Settlement Rate means the spot exchange rate between CNY and the Alternate Settlement Currency determined by the Calculation Agent, taking into consideration all available information which the Calculation Agent deems relevant (including, but not limited to, the pricing information obtained from the CNY non-deliverable market outside the PRC and/or the CNY exchange market inside the PRC);

CNY means the lawful currency of PRC (including any lawful successor currency to the CNY);

CNY Disruption Event means any one of CNY Illiquidity, CNY Inconvertibility and CNY Non-Transferability;

CNY Illiquidity means the occurrence of any event that makes it impossible (where it had previously been possible) for the Issuer and/or any of its affiliates to obtain a firm quote in respect of any amounts of CNY as may be required to be paid by the Issuer under the Notes on any payment date or such other amount as may be determined by the Calculation Agent in its sole and absolute discretion, either in one transaction or a commercially reasonable number of transactions in the general CNY exchange market in each Offshore CNY Centre in order to perform its obligations under the Notes. For the avoidance of doubt, the inability for the Issuer and/or any of its affiliates to obtain such firm quote solely due to issues relating to its creditworthiness shall not constitute CNY Illiquidity;

CNY Inconvertibility means the occurrence of any event that makes it impossible (where it had previously been possible), impracticable or illegal for the Issuer and/or any of its affiliates to convert any amounts into or from CNY as may be required to be paid by the Issuer under the Notes on any payment date or such other amount as may be determined by the Calculation Agent in its sole and absolute discretion at the general CNY exchange market in each Offshore CNY Centre other than where such impossibility, impracticability or illegality is due solely to the failure of that party to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the relevant Series of Notes and it is impossible for the Issuer and/or any of its affiliates, due to an event beyond the control of the Issuer or the relevant affiliate, to comply with such law, rule or regulation);

CNY Non-Transferability means the occurrence of any event that makes it impossible, impracticable or illegal for the Issuer and/or any of its affiliates to transfer CNY (i) between accounts inside an Offshore CNY Centre, (ii) from an account inside an Offshore CNY Centre to an account outside such Offshore CNY Centre and outside the PRC, or (iii) from an account outside an Offshore CNY Centre and outside the PRC to an account inside such Offshore CNY Centre, other than where such impossibility, impracticability or illegality is due solely to the failure of the Issuer and/or the relevant affiliate to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer and/or any of its affiliates, due to an event beyond the control of the Issuer and/or the relevant affiliate, to comply with such law, rule or regulation);

Governmental Authority means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of the PRC and each Offshore CNY Centre;

Offshore CNY Centre means any offshore financial centre outside of PRC where PBOC had established its Renminbi clearing and settlement system for participating banks in that centre and specified in the Final Terms. If no Offshore CNY Centre is specified in the relevant Final Terms, the Offshore CNY Centre shall mean Hong Kong only;

PBOC means the People’s Bank of China; and

PRC means the People’s Republic of China (excluding the Hong Kong Special Administrative Region of the People’s Republic of China, the Macau Special Administrative Region of the People’s Republic of China and Taiwan).

For the avoidance of doubt, references to “general CNY exchange market in each Offshore CNY Centre” in the definitions of CNY Illiquidity and CNY Inconvertibility refer to purchase, sale, lending or borrowing in CNY for general purposes (including, but not limited to, funding) and therefore any purchase or sale of CNY where such CNY is required by relevant laws or regulations for the settlement of any cross-border trade transaction with any entity in the PRC, or any purchase or sale of CNY for personal customers residing in such Offshore CNY Centre, would not be purchase or sale made on the general CNY exchange market.

8. PHYSICAL DELIVERY NOTES

8.1 Physical Delivery

(a) Asset Transfer Notices

In relation to Physical Delivery Notes, in order to obtain delivery of the Asset Amount(s) in respect of any Note, the relevant Noteholder must arrange for the Euroclear France Account Holder through which its Notes are held to (i) deliver on its behalf to the Agent with a copy to any entity appointed by the Issuer to deliver the Asset Amount on its behalf no later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice in the form set out in the French Law Agency Agreement and (ii) simultaneously transfer the relevant Notes to the Euroclear France account of the Principal Paying Agent.

For the purposes of this Condition:

Asset Transfer Notice means asset transfer notice in the form set out in the French Law Agency Agreement duly completed in accordance with the provisions of this Condition;

Relevant Asset means the Reference Underlying defined as such in the applicable Final Terms.

Copies of the Asset Transfer Notice may be obtained during normal business hours from the specified office of any Paying Agent.

The Asset Transfer Notice shall:

- (A) specify the name and address of the relevant Noteholder and the person from whom the Issuer may obtain details for the delivery of the Asset Amount and any details required for delivery of the Asset Amount set out in the applicable Final Terms;
- (B) confirm the irrevocable instruction given to the Euroclear France Account Holder through which the relevant Notes are held to immediately transfer such Notes to the Euroclear France account of the Agent;
- (C) include an undertaking to pay all Delivery Expenses;
- (D) specify an account to which dividends (if any) payable pursuant to this Condition 8 or any other cash amounts specified in the applicable Final Terms are being payable are to be paid;
- (E) certify that the beneficial owner of each Note is not a U.S. person (as defined in the Asset Transfer Notice), the Note is not being redeemed within the United States or on behalf of a U.S. person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any redemption thereof;

- (F) authorise the production of such notice in any applicable administrative or legal proceedings,

For the purposes of this Condition, **Delivery Expenses** means all costs, taxes, duties and/or expenses, including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes arising from the delivery of the Asset Amount.

- (b) Verification of the Holder

Upon receipt of an Asset Transfer Notice and the relevant Notes into its Euroclear France account, the Agent will inform the Issuer thereof.

- (c) Determinations and Delivery

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made by the relevant Paying Agent after consultation with the Issuer, and shall be conclusive and binding on the Issuer and the relevant Noteholder.

If any Asset Transfer Notice deemed null and void in accordance with the foregoing paragraph is subsequently corrected to the satisfaction of the Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such corrected Asset Transfer Notice was delivered as provided above.

No Asset Transfer Notice may be withdrawn after receipt thereof by the Agent. The Asset Amount will be delivered at the risk of the relevant Noteholder, in the manner provided below on the Maturity Date (such date, subject to adjustment in accordance with this Condition, the **Delivery Date**), provided that the Asset Transfer Notice is duly delivered to the relevant Clearing System (with a copy to the Agent), as provided above on or prior to the Cut-Off Date.

If a Noteholder fails to have an Asset Transfer Notice given, on its behalf as provided herein with a copy to the Agent, on or prior to the Cut-Off Date, then the Asset Amount will be delivered as soon as practicable after the Maturity Date, as defined in the Final Terms (in which case, such date of delivery shall be deemed the Delivery Date) at the risk of such Noteholder in the manner provided below. In such circumstances the relevant Noteholder shall not be entitled to any payment, whether of interest or otherwise, and the Issuer shall have no liability whatsoever, as a result of the Delivery Date falling after the Maturity Date.

The Issuer shall, at the relevant Noteholder's risk, deliver or procure the delivery of the Asset Amount relating to each Note, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall in its sole and absolute discretion determine and notify to the person designated by the Noteholder in the relevant Asset Transfer Notice. No delivery of the Asset Amount shall be made until all Delivery Expenses have been paid to the satisfaction of the Issuer by the relevant Noteholder.

- (d) General

Notes held by the same Noteholder will be aggregated for the purpose of determining the aggregate Asset Amount in respect of such Notes, provided that, the aggregate Asset Amount in respect of the same Noteholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the

Relevant Assets, as the case may be, will not be delivered and no cash adjustment will be made in respect thereof.

Following the Delivery Date of a share certificate all dividends on the relevant shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the shares executed on the Delivery Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Noteholder will be paid to the account specified by the Noteholder in the relevant Asset Transfer Notice as referred to in Condition 8.1(a).

For such period of time after delivery of the Asset Amount as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities comprising the Asset Amount (the **Intervening Period**), none of the Issuer, the Calculation Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Noteholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations, (ii) be under any obligation to exercise or procure the exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to a Noteholder in respect of any loss or damage which such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being the legal owner during such Intervening Period of such securities or obligations.

(e) Settlement Disruption

If, in the opinion of the Calculation Agent, delivery of the Asset Amount using the method of delivery specified in the applicable Final Terms, or such other commercially reasonable manner as the Calculation Agent has determined, is impracticable because a Settlement Disruption Event (as defined below) has occurred and is continuing on the Delivery Date, then it shall give notice as soon as practicable to the Noteholders in accordance with Condition 14 and the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that, the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Note by delivering the Asset Amount using such other commercially reasonable manner as it may select and, in such event, the Delivery Date shall be such day as the Issuer deems appropriate (acting in a commercially reasonable manner). Noteholders shall not be entitled to any payment, whether on account of interest or otherwise, and the Issuer shall have no liability whatsoever, as a result of the Delivery Date being postponed due to the occurrence of a Settlement Disruption Event.

Where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Asset Amount, the Delivery Date for the Relevant Assets unaffected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of part of the Asset Amount is impracticable by reason of a Settlement Disruption Event, then in lieu of physical delivery of the affected Relevant Asset(s), and notwithstanding any other provision hereof, the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the affected portion of the relevant Note(s) by paying the relevant Noteholder(s), the Disruption Cash Redemption Amount (as defined below) on the fifth Business Day following the date on which Noteholders are notified in accordance with Condition 14 of (i) such election having been made and (ii) the manner in which the Issuer intends to pay the Disruption Cash Redemption Amount.

For the purposes of this Condition:

Disruption Cash Redemption Amount shall be, in respect of any Note, the fair market value of such Note (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets included in the Asset Amount and such unaffected Relevant Assets have been duly delivered as provided above, the value of such unaffected and delivered Relevant Assets), less the cost to the Issuer of unwinding any related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion;

Settlement Business Day, in respect of each Note, has the meaning specified in the applicable Final Terms relating to such Note; and

Settlement Disruption Event means an event that is beyond the control of the Issuer, including illiquidity in the market for the Relevant Assets as a result of which the Issuer cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms, all as determined by the Calculation Agent.

8.2 Variation of Settlement

If so specified in the applicable Final Terms, the Issuer may, in its sole and absolute discretion, elect (i) to deliver or procure delivery on the Maturity Date of the Asset Amount relating to each Note in lieu of its obligation to pay Noteholders the Redemption Amount or (ii) to pay Noteholders the Redemption Amount on the Maturity Date in lieu of its obligation to deliver or procure delivery of the Asset Amount. Notification of any such election will be given to Noteholders in accordance with Condition 14.

8.3 Rights of Noteholders and Calculations

None of the Issuer, the Calculation Agent or any of the Paying Agents shall have any responsibility for any errors or omissions in committed in connection with any of the calculations or determinations contemplated in Conditions 7 and 8.

The purchase of Notes linked to one or more Relevant Assets does not confer on holders of such Notes any rights (whether in respect of voting, distributions or otherwise) in connection with the applicable Relevant Asset(s).

9. REDEMPTION AND PURCHASE

9.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount (or, in the case of Physical Delivery Notes, by delivery of the Asset Amount) as specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms. The Final Redemption Amount which shall be either (a) a fixed amount determined solely by the Issuer at the date of the applicable Final Terms and shall be at least equal to the nominal amount of the Notes or (b) calculated in accordance with the formulas provided in the Technical Annex.

9.2 Redemption for tax reasons

Subject to Condition 9.7, the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Variable Interest Note) or on any Interest Payment Date (if this Note is a Variable Interest Note), on giving not less than the minimum period and not more than the

maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if:

- (a) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 10 as a result of any change in, or amendment to, the laws or regulations of France or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of this Base Prospectus; and
- (b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 60 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts.

Notes redeemed pursuant to this Condition 9.2 will be redeemed at their Early Redemption Amount referred to in Condition 9.7 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

9.3 Special Tax Redemption

If the Issuer would, on the occasion of the next payment of principal or interest in respect of the Notes, be prevented by the laws of France from causing payment to be made to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 10, then the Issuer shall forthwith give notice of such fact to the Agent and the Issuer shall, upon giving not less than seven nor more than 45 days' prior notice to the Noteholders in accordance with Condition 14, forthwith redeem all, but not some only, of the Notes at their Early Redemption Amount, together, if appropriate, with accrued interest, on the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice to Noteholders shall be the later of:

- (a) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes; and
- (b) 14 days after giving notice to the Agent as aforesaid.

9.4 Redemption at the option of the Issuer (Issuer Call)

This Condition 9.4 applies to Notes which are subject to redemption prior to the Maturity Date at the option of the Issuer (other than for taxation reasons), such option being referred to as an **Issuer Call**. The applicable Final Terms contains provisions applicable to any Issuer Call and must be read in conjunction with this Condition 9.4 for full information on any Issuer Call. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount, any minimum or maximum amount of Notes which can be redeemed and the applicable notice periods.

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, having given not less than the minimum period and not more than the maximum period specified in the applicable Final Terms to the Agent and the Noteholders in accordance with Condition 14 (which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Early Redemption Date and at the Early Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Early Redemption Date. Unless otherwise specified in the applicable Final Terms, the **Early Redemption Date** (being the date on which the Noteholders will receive the Early Redemption

Amount) will be seven (7) Business Days in Luxembourg following the date on which notice is deemed to have been given to the Noteholders in accordance with this paragraph and Condition 14.

Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of the Notes, the redemption shall be effected by application of a pool factor (corresponding to a reduction of the nominal amount of all Notes in a Series in proportion to the aggregate nominal amount redeemed).

9.5 Redemption at the option of the Noteholders (Investor Put)

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than fifteen (15) nor more than 30 days' notice the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. In addition, an amount equal to the Early Reduction Fees may be deducted from the Optional redemption Amount if so specified in the applicable Final Terms. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

To exercise the right to require redemption of this Note the holder of this Note must, (i) deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or the Registration Agent, as the case may be, (a **Put Notice**) and in which the holder must specify a bank account to which payment is to be made under this Condition and, (ii) transfer, or cause to be transferred, the Notes to be redeemed to the account of the Paying Agent specified in the Put Notice. Any Put Notice given by a holder of any Note pursuant to this Condition 9.5 shall be irrevocable except where, prior to the due date of redemption, an Event of Default has occurred and is continuing, in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 9.5 and instead to declare such Note forthwith due and payable pursuant to Condition 12.

9.6 Early Redemption upon the crossing of a Coupon threshold

If Condition 9.6(a) or 9.6(b) below is specified as being applicable in the applicable Final Terms:

- (a) if on an Interest Payment Date the sum of the Coupons (in percentage of the Specified Denomination) paid since the Threshold Observation Start Date (specified in the applicable Final Terms) at least equals a Threshold Percentage of the Specified Denomination (specified in the applicable Final Terms), the Notes will be early redeemed at a Threshold Redemption Amount (specified in the applicable Final Terms), on this Interest Payment Date, such date will be deemed to be the Threshold Redemption Date.
- (b) if on any date during the lifetime of the Notes the sum of the Coupons plus the accrued interests (in percentage of the Specified Denomination) paid or accrued since the Threshold Observation Start Date (specified in the applicable Final Terms) equals a Threshold Percentage of the Specified Denomination (specified in the applicable Final Terms), the Notes will be early redeemed at a Threshold Redemption Amount (specified in the applicable Final Terms), on the Threshold Redemption Date, being the next Interest Payment Date after the crossing of the Threshold Percentage or the number of business days after the crossing of the Threshold Percentage specified in the applicable Final Terms.

If the Notes are early redeemed upon the crossing of a Coupon threshold, the Issuer shall give notice of the early redemption to the Noteholders in accordance with Condition 14 no later than a minimum of two business days or the number of business days specified in the applicable Final Terms.

9.7 Early Redemption Amounts

For the purpose of Conditions 9.2, 9.3, 9.4 above and Condition 12, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (a) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof less, if specified as applicable in the applicable Final Terms, Early Redemption Unwind Costs;
- (b) in the case of a Note (other than a Zero Coupon Note but including an Instalment Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Note is denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount less, if specified as applicable in the applicable Final Terms, Early Redemption Unwind Costs; or
- (c) in the case of a Zero Coupon Note, at an amount (the **Amortised Face Amount**) calculated in accordance with the following formula less, if specified as applicable in the applicable Final Terms, Early Redemption Unwind Costs:

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

- (d) if **Fair Market Value** is specified in the applicable Final Terms as the Early Redemption Amount, at an amount determined by the Calculation Agent, acting in its sole and absolute discretion, which, shall represent the fair market value of the Notes on, or at a time determined by the Calculation Agent during a period not exceeding five (5) Business Days immediately prior to, the date on which a notice of early redemption is deemed to have been given to the Noteholders pursuant to Condition 9.4 and Condition 14 and shall have the effect (after taking into account the costs of unwinding any hedging arrangements, as determined by the Issuer in its sole and absolute discretion, entered into in respect of the Notes) of preserving for the Noteholders the economic equivalent of the obligations of the Issuer to make the payments in

respect of the Notes which would, but for such early redemption, have fallen due after the relevant early redemption date. In respect of Notes bearing interest, notwithstanding any other provision of these Conditions, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this paragraph shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption.

Early Redemption Unwind Costs means the amount specified in the applicable Final Terms or if **Standard Early Redemption Unwind Costs** are specified in the applicable Final Terms, an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, expenses (including loss of funding), tax and duties incurred by the Issuer in connection with the redemption of the Notes and the related termination, settlement or re-establishment of any hedge or related trading position, such amount to be apportioned pro rata amongst each nominal amount of Notes in the Specified Denomination.

9.8 Instalments

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 9.7.

9.9 Purchases

The Issuer or any subsidiary of the Issuer may at any time purchase Notes at any price in the open market or otherwise. Notes purchased by or on behalf of the Issuer may be, at the option of the Issuer, either surrendered and cancelled or held or resold, in accordance with applicable laws and regulations.

9.10 Cancellation

All Notes which are purchased for cancellation or are redeemed will forthwith be cancelled. All Notes cancelled shall be forwarded to the Agent and cannot be reissued or resold.

9.11 Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 9.1, 9.2, 9.3, 9.4 or 9.5 above or upon its becoming due and repayable as provided in Condition 12 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 9.7(c) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

9.12 Redemption for an Administrator/Benchmark Event

In the event that an Administrator/Benchmark Event occurs, the Issuer may, having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with Condition 14 (*Notices*) (which notice shall be irrevocable), on expiry of such notice, redeem all, but not some only, of the Notes, each Note being redeemed at its Early Redemption Amount referred to in Condition 9.7 and no further

interest will be payable since the immediately preceding Interest Payment Date or, if none, the Issue Date.

For the purposes of this Condition 9.12:

Administrator/Benchmark Event means, in relation to any Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event.

Benchmark means any figure which is a benchmark as defined in BMR and where any amount payable under the Notes, or the value of the Notes, is determined by reference to such figure, all as determined by the Calculation Agent.

Benchmark Modification or Cessation Event means, in respect of the Benchmark:

- (i) any material change in such Benchmark; or
- (ii) the permanent cancellation or cessation in the provision of such Benchmark.

BMR means the EU Benchmarks Regulation (Regulation (EU) 2016/1011, as amended, including by Regulation (EU) 2021/168).

Non-Approval Event means, in respect of the Benchmark:

- (i) any authorisation, registration, recognition, endorsement, equivalence or approval in respect of the Benchmark or the administrator of the Benchmark is not obtained;
- (ii) the Benchmark or the administrator of the Benchmark is not included in an official register; or
- (iii) the Benchmark or the administrator of the Benchmark does not fulfil any legal or regulatory requirement applicable to the Issuer, the Calculation Agent or the Benchmark,

in each case, as required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes. For the avoidance of doubt, a Non-Approval Event shall not occur if the Benchmark or the administrator of the Benchmark is not included in an official register because its authorisation, registration, recognition, endorsement, equivalence or approval is suspended if, at the time of such suspension, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension.

Rejection Event means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses any application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register which, in each case, is required in relation to the Benchmark or the administrator of the Benchmark under any applicable law or regulation for any of the Issuer, Calculation Agent or any other entity to perform its obligations in respect of the Notes.

Suspension/Withdrawal Event means, in respect of the Benchmark:

- (i) the relevant competent authority or other relevant official body suspends or withdraws any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator of the Benchmark which is required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes; or

- (ii) the Benchmark or the administrator of the Benchmark is removed from any official register where inclusion in such register is required under any applicable law in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or where inclusion in any official register is withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension or withdrawal.

10. TAXATION

All payments of principal, interest or other revenues by or on behalf of the Issuer in respect of the Notes, shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If French law should require that any payments of principal, interest or other revenues in respect of the Notes be subject to withholding or deduction with respect to any present or future taxes, duties, assessments or governmental charges whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the net amounts received by the holders of the Notes after such withholding or deduction shall equal the respective amounts of principal, interest or other revenues which would otherwise have been receivable in respect of the Notes in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note to a Noteholder who is liable for such taxes, duties, assessments or governmental charges in respect of such Note by reason of his having some connection with France other than the mere holding of such Note.

11. PRESCRIPTION

The Notes will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined below) thereof.

As used herein, the Relevant Date in relation to any Note means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14.

12. EVENTS OF DEFAULT

The Representative (as defined in Condition 15), acting on its own initiative or upon request of any Noteholder, may give written notice to the Issuer and the Agent that the Note is, and it shall accordingly forthwith become, immediately due and repayable at its Early Redemption Amount, together, if appropriate, with accrued interest, if any of the following events (each an **Event of Default**) shall occur:

- (a) if default is made in the payment of any principal or interest due in respect of the Notes or any of them and the default continues for a period of 30 days after the relevant due date; or

- (b) if the Issuer fails to perform or observe any of its other obligations under the Conditions and such default is not remedied within 45 days after notice of such default has been given to the Issuer by any Noteholder; or
- (c) if a judgment is issued for a transfer of the whole of the Issuer's business (*cession totale de l'entreprise*) or, in the absence of legal proceedings, the Issuer makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors, or a resolution is passed by the Issuer for its winding-up or dissolution, except in connection with a merger or other reorganisation in which all of the Issuer's assets are transferred to, and all of the Issuer's debts and liabilities (including the Notes) are assumed by, another entity which continues the Issuer's activities.

13. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

14. NOTICES

- (a) Notices to the holders of dematerialised Notes in registered form (*au nominatif*) shall be valid if either, (i) mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing or (ii) at the option of the Issuer, they are published (a) so long as such Notes are admitted to trading on, and listed on the Official List of the Luxembourg Stock Exchange, in a daily newspaper of general circulation in Luxembourg (which is excepted to be the *Luxemburger Wort* in Luxembourg), or (b) in a leading daily newspaper of general circulation in Europe, or (c) they are published following Articles 221-3 and 221-4 of the General Regulation (*Règlement Général*) of the AMF and so long as such Notes are listed and admitted to trading on any Regulated Market(s) or any unregulated stock exchange(s) and the applicable rules of that Regulated Market or unregulated stock exchange so require, notices shall also be published in a leading daily newspaper with general circulation in the city/ies where the Regulated Market(s) or unregulated stock exchange(s) on which such Notes are listed and admitted to trading is/are and (d) so long as the Notes are listed and admitted to trading on the Luxembourg Stock Exchange's Regulated Market, notices may also be published on the website of the Luxembourg Stock Exchange (www.luxse.com).

For the avoidance of doubt, Conditions 14(a), (b), (c), (d) shall not apply to such notices.

15. REPRESENTATION OF NOTEHOLDERS

15.1 Contractual representation of Noteholders – No *Masse*

Only with respect to Notes with an initial denomination of, or which can only be traded in amounts of, at least €100,000 or its equivalent in other currencies at the time of issue, and if the applicable Final Terms specify "No *Masse*", the following meeting and voting provisions shall apply as follows:

- (a) General

Pursuant to Article L.213-6-3 I of the French *Code monétaire et financier*:

 - (i) the Noteholders shall not be grouped in a *masse* having separate legal personality and acting in part through a representative of the noteholders (*représentant de la masse*) and in part through general meetings; however,
 - (ii) the following provisions of the French *Code de commerce* shall apply: Articles L.228-46-1, L.228-57, L.228-58, L.228-59, L.228-60, L.228-60-1, L.228-61 (with the exception of the first paragraph thereof), L.228-65 (with the exception of (i) subparagraphs 1°, 3°, 4° and 6° of paragraph I and (ii) paragraph II), L.228-66, L.228-67, L.228-68, L.228-76, L.228-88, R.228-65, R.228-66, R.228-67, R.228-68, R.228-70, R.228-71, R.228-72, R.228-73, R.228-74 and R.228-75 of the French *Code de commerce*, and

- (b) Resolution

Subject to Condition 15.1(a) and in accordance with the provisions of Article L.228-46-1 of the French *Code de commerce*, a resolution (the **Resolution**) may be passed (x) at a General

Meeting in accordance with the quorum and voting rules described in paragraph 15.1(f) below or (y) by a Written Decision.

A Resolution may be passed with respect to any matter that relates to the common rights (*intérêts communs*) of the Noteholders.

A Resolution may be passed on any proposal relating to the modification of the Conditions including any proposal, (i) whether for a compromise or settlement, regarding rights which are the subject of litigation or in respect of which a judicial decision has been rendered, and (ii) relating to a total or partial waiver of the guarantees granted to the noteholders, the deferral of any interest payment and the modification of the amortization or interest rate provisions.

For the avoidance of doubt, neither a General Meeting nor a Written Decision has power, and consequently a Resolution may not be passed to decide on any proposal relating to (a) the modification of the objects or form of the Issuer, (b) the issue of notes benefiting from a security over assets (*surété réelle*) which will not benefit to the Noteholders, (c) the potential merger (*fusion*) or demerger (*scission*) including partial transfers of assets (*apports partiels d'actifs*) under the demerger regime of or by the Issuer; (d) the transfer of the registered office of a European Company (*Societas Europaea* – SE) to a different Member State of the European Union.

Each Noteholder is entitled to bring a legal action against the Issuer for the defence of its own interests; such a legal action does not require the authorisation of the General Meeting.

The Noteholders may appoint a nominee to file a proof of claim in the name of all Noteholders in the event of judicial reorganisation procedure or judicial liquidation of the Issuer.

Pursuant to Article L.228-85 of the French *Code de commerce*, in the absence of such appointment of a nominee, the judicial representative (*mandataire judiciaire*), at its own initiative or at the request of any Noteholder will ask the court to appoint a representative of the Noteholders who will file the proof of Noteholders' claim.

(c) Convening of a General Meeting

A General Meeting may be held at any time, on convocation by the Issuer. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer a demand for convocation of the General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided under Condition 14 (*Notices*), not less than fifteen calendar days prior to the date of such General Meeting on first convocation and, five calendar days on second convocation.

(d) Arrangements for Voting

Each Noteholder has the right to participate in a General Meeting in person, by proxy, by correspondence or by videoconference or by any other means of telecommunication allowing the identification of participating Noteholders.

Each Note carries the right to one vote.

In accordance with Article R.228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant account holder of the name of such Noteholder as of 0:00, Paris time, on the

second Paris business day preceding the date set for the meeting of the relevant General Meeting.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 14 (*Notices*).

(e) Chairman

The Noteholders present at a General Meeting shall choose one of them to be chairman (the **Chairman**) by a simple majority of votes present or represented at such General Meeting (notwithstanding the absence of a quorum at the time of such vote). If the Noteholders fail to designate a Chairman, the Noteholder holding or representing the highest number of Notes and present at such meeting shall be appointed Chairman, failing which the Issuer may appoint a Chairman. The Chairman appointed by the Issuer need not be a Noteholder. The Chairman of an adjourned meeting need not be the same person as the Chairman of the original meeting from which the adjournment took place.

(f) Quorum and Voting

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least one fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a simple majority of votes cast by Noteholders attending (including by videoconference or by any other means of telecommunication allowing the identification of participating Noteholders) such General Meetings or represented thereat.

(g) Written Decisions and Electronic Consent

Pursuant to Article L.228-46-1 of the French *Code de commerce* the Issuer shall be entitled, in lieu of convening a General Meeting, to seek approval of a resolution from the Noteholders by way of a Written Decision. Such Written Decision shall be signed by or on behalf of Noteholders holding not less than 75 per cent. in nominal amount of the Notes outstanding. Subject to the following sentence, a Written Decision may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders. Pursuant to Article L.228-46-1 of the French *Code de commerce*, approval of a Written Decision may also be given by way of electronic communication (**Electronic Consent**).

Notice seeking the approval of a Written Decision (including by way of Electronic Consent) will be published as provided under Condition 14 (*Notices*) not less than five calendar days prior to the date fixed for the passing of such Written Decision (the **Written Decision Date**). Notices seeking the approval of a Written Decision will contain the conditions of form and time-limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Written Decision. Noteholders expressing their approval or rejection before the Written Decision Date will undertake not to dispose of their Notes until after the Written Decision Date.

(h) Effect of Resolutions

A Resolution passed at a General Meeting or a Written Decision (including by Electronic Consent), shall be binding on all Noteholders, whether or not present or represented at the General Meeting and whether or not, in the case of a Written Decision (including by Electronic Consent), they have participated in such Written Decision (including by Electronic Consent) and each of them shall be bound to give effect to the Resolution accordingly.

15.2 *Masse*

The Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (the **Masse**) which will be governed by the provisions of articles L.228-46 *et seq.* of the French *Code de commerce* with the exception of articles L.228-71 and R.228-69 of the French *Code de commerce* and as supplemented by this Condition 15.2:

(a) Legal Personality

The *Masse* will be a separate legal entity and will act in part through a representative (the **Representative**) and in part through collective decisions of the Noteholders (the **Collective Decisions**).

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(b) Representative

The names and addresses of the Representative and its alternative representative (if any) will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all subsequent Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, retirement, resignation or revocation of appointment of the Representative, such Representative will be replaced by its alternative representative, if any. Another Representative may be appointed.

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the alternative representative (if any) at the registered office of the Issuer.

(c) Powers of the Representative

The Representative shall (in the absence of any Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with the capacity to delegate its powers.

All legal proceedings against the Noteholders, or initiated by them, must be brought by or against the Representative.

(d) Collective Decisions

Collective Decisions are adopted either in a general meeting (the **General Meeting**) or by consent following a written consultation (the **Written Decision**).

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Euroclear France Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.

Collective Decisions must be published in accordance with Condition 15.2(h) (*Notices to Noteholders*).

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

(i) General Meetings

A General Meeting may be called at any time, either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for a General Meeting to be called. If such General Meeting has not been called within two months of such demand, the Noteholders may commission one of their members to petition the competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

General Meetings may deliberate validly on first convocation only if the Noteholders present or represented hold at least one-fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. The decisions of the General Meeting shall be taken by a two-third (2/3) majority of votes held by the Noteholders attending such General Meeting or represented thereat.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 14 (*Notices*) not less than 15 calendar days prior to the date of such General Meeting on first convocation and not less than five calendar days prior to the date of such General Meeting on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy, or by correspondence and, in accordance with Article L.228-61 of the French *Code de commerce*, by videoconference or by any other means of telecommunication allowing the identification of participating Noteholders.

Each Noteholder or representative thereof will have the right to consult or make a copy of the text of the resolutions which will be proposed and of the reports, if any, which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer and at any other place specified in the notice of the General Meeting, during the fifteen (15) calendar day period preceding the holding of the General Meeting on first convocation, or during the five (5) calendar day period preceding the holding of the General Meeting on second convocation.

(ii) Written Decisions and Electronic Consent

At the initiative of the Issuer or the Representative, Collective Decisions may also be taken by a Written Decision. Subject to the following sentence, a Written Decision may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders. Pursuant to Article L.228-46-1 of the French *Code de commerce*, approval of a Written Decision may also be given by way of Electronic Consent.

Such Written Decision shall be signed by or on behalf of Noteholders holding not less than 75 per cent. in nominal amount of the Notes outstanding, without having to comply with formalities and time limits referred to in 15.2(d)(i). Any such decision shall, for all purposes, have the same effect as a resolution passed at a General Meeting

of such Noteholders. Such Written Decision may be contained in one document or in several documents in like form each signed by or on behalf of one or more of such Noteholders and shall be published in accordance with Condition 15.2(h).

(iii) Exclusion of certain provisions of the French *Code de commerce*

The provisions of Article L.228-65 I. 1, 3, 4, L.236-13 and L.236-18 of the French *Code de commerce* and the related provisions of the French *Code de commerce* shall not apply to the Notes.

(e) Expenses

The Issuer shall pay all expenses relating to the operation of the *Masse*, including all expenses relating to the calling and taking of Collective Decisions and, more generally, all administrative expenses resolved upon by the Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(f) Single *Masse*

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 13, shall, for the defence of their respective common interests, be grouped in a single *Masse*. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all such Series.

(g) Sole Noteholder

If and for so long as the Notes are held by a single Noteholder, and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all the powers, rights and obligations entrusted to the *Masse* by the provisions of the French *Code de commerce*. Such sole Noteholder shall hold a register of the decisions it will have taken in such capacity and shall make it available, upon request, to any subsequent holder of all or part of the Notes of such Series.

(h) Notices to Noteholders

Any notice to be given to Noteholders pursuant to this Condition 15.2 shall be given in accordance with Condition 14 (*Notices*).

(i) Full *Masse*

For Notes issued with a denomination of less than EUR100,000 (or its equivalent in any other currency), this Condition 15.2 shall apply to the Notes subject to the following modifications.

(i) Condition 15.2(d)(iii) shall not apply to the Notes.

(ii) Except if the Final Terms specify “Issue outside France” as applicable, Condition 15.2(e) shall be deleted and replaced by the following:

For the avoidance of doubt, in this Condition 15, the term **outstanding** shall not include those Notes purchased by the Issuer that are held by it and not cancelled in accordance with applicable laws and regulations as referred to in Condition 9.9 (*Purchases*).

16. GOVERNING LAW

The Notes are governed by, and shall be construed in accordance with, French law.

17. JURISDICTION

TERMS AND CONDITIONS OF THE ENGLISH LAW NOTES

The following are the Terms and Conditions of the English Law Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms in relation to any Tranche of Notes will complete the following Terms and Conditions. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to "Form of the Notes" for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by Crédit Industriel et Commercial (the **Issuer**) subject to, and with the benefit of, the Agency Agreement (as defined below).

References herein to the **Notes** shall be references to the Notes of this Series and shall mean:

- (a) in relation to any Notes represented by a global Note (a **Global Note**), units of each Specified Denomination in the Specified Currency;
- (b) any Global Note; and
- (c) any definitive Notes issued in exchange for a Global Note.

The Notes, the Receipts (as defined below) and the Coupons (as defined below) have the benefit of an agency agreement (such agency agreement as amended and/or supplemented and/or restated from time to time, the **Agency Agreement**) dated 21 June 2023 and made between the Issuer, BNP Paribas, Luxembourg Branch as issuing and principal paying agent and agent bank (the **Agent**, which expression shall include any successor agent), Banque de Luxembourg or Crédit Industriel et Commercial as calculation agent (the **Calculation Agent**, which expression shall include (i) such other person appointed as calculation agent pursuant to a calculation agency agreement and (ii) any additional or successor calculation agent) and the other paying agents named therein (together with the Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents).

The final terms for this Note (or the relevant provisions thereof) are set out in the Final Terms attached to or endorsed on this Note which complete these Terms and Conditions (the **Conditions**). References to the **applicable Final Terms** are to the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note.

Any reference to **Noteholders** or **holders** in relation to any Notes shall mean the holders of the Notes and shall, in relation to any Notes represented by a Global Note, be construed as provided below. Any reference herein to **Receiptholders** shall mean the holders of the Receipts and any reference herein to **Couponholders** shall mean the holders of the Coupons and shall, unless the context otherwise requires, include the holders of the Talons.

As used herein, **Tranche** means Notes which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (a) expressed to be consolidated and form a single series and (b) identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

Interest bearing definitive Notes have interest coupons (**Coupons**) and, in the case of Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons (**Talons**) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be

deemed to include a reference to Talons or talons. Definitive Notes which are repayable in instalments have receipts (**Receipts**) for the payment of the instalments of principal (other than the final instalment) attached on issue. Global Notes do not have Receipts, Coupons or Talons attached on issue.

The Noteholders, the Receiptholders and the Couponholders are entitled to the benefit of the deed of covenant (such Deed of Covenant as modified and/or supplemented and/or restated from time to time, the **Deed of Covenant**) dated 21 June 2023 and made by the Issuer. The original of the Deed of Covenant is held by a common depository on behalf of Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**).

Copies of the Agency Agreement and the Deed of Covenant are available for inspection during normal business hours at the specified office of each of the Paying Agents. If the Notes are to be admitted to trading on the regulated market of the Luxembourg Stock Exchange, the applicable Final Terms will be published on the website of the Luxembourg Stock Exchange (www.luxse.com) and on the website of the Issuer (<https://www.cic-marketsolutions.eu/fr/kidemtncic.aspx>). The applicable Final Terms will only be obtainable by a Noteholder holding one or more Notes and such Noteholder must produce evidence satisfactory to the Issuer and the relevant Paying Agent as to its holding of such Notes and identity. The Noteholders, the Receiptholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency Agreement, the Deed of Covenant and the applicable Final Terms which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Agency Agreement.

Words and expressions defined in the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

1. FORM, DENOMINATION AND TITLE

The Notes are in bearer form in the currency (the **Specified Currency**) and the denominations (the **Specified Denomination(s)**) specified in the applicable Final Terms and definitive Notes will be serially numbered. This Note is, to the extent specified in the applicable Final Terms, a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note or a Note linked to the underlying reference asset(s) (an **Underlying Reference(s)**) specified in the applicable Final Terms such as a Credit Linked Note, an Index Linked Note, an Equity Linked Note, an Inflation Linked Note, a Currency Linked Note, a Commodity Linked Note, a Fund Linked Note, a Bond Linked Note, a Rate Linked Note, a Future Linked Note or any appropriate combination thereof.

Definitive Notes are issued with Coupons attached and, if applicable, Talons attached unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in the Conditions are not applicable.

The Index Linked Notes, the Inflation Linked Notes, the Currency Linked Notes, the Commodity Linked Notes, the Fund Linked Notes, the Bond Linked Notes, Rate Linked Notes and the Future Linked Notes are Cash Settled Notes. In the case of any Equity Linked Notes or Credit Linked Notes the applicable Final Terms will specify whether the Notes are Cash Settled Notes or Physical Delivery Notes. Save as otherwise specified in the applicable Final Terms, **Cash Settled Notes** will be redeemed by the payment to the Noteholders of such amount as is specified in the applicable Final Terms and **Physical Delivery Notes** will be redeemed by the delivery of the Relevant Asset(s) specified in the applicable Final Terms. Such Relevant Asset(s) shall not contain any share of the Issuer or of any consolidated subsidiary of the Issuer.

In addition, the Notes issued under the Programme are not exchangeable for or convertible into shares within the meaning of Article 19 of Commission Delegated Regulation (EU) 2019/980, as amended.

Subject as set out below, title to the Notes, Coupons and Receipts will pass by delivery. The Issuer and the Paying Agents, to the extent permitted by applicable law, may deem and treat the bearer of any Note, Coupon or Receipt as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and the Paying Agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "Noteholder" and "holder of Notes" and related expressions shall be construed accordingly.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg, as the case may be.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms (including Euroclear France and the *Intermédiaires financiers habilités* authorised to maintain accounts therein (together, **Euroclear France**)) approved by the Issuer and the Agent.

2. STATUS OF THE NOTES AND NEGATIVE PLEDGE

2.1 Status

The Notes and any relative Receipts and Coupons are direct, unconditional, senior preferred (within the meaning of Article L. 613-30-3-I-3° of the French *Code monétaire et financier*) and (subject to the provisions of Condition 2.2) unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unconditional, senior preferred and unsecured obligations of the Issuer, from time to time outstanding.

2.2 Negative Pledge

So long as any of the Notes remains outstanding, the Issuer will not create or have outstanding any mortgage, charge, lien, pledge or other security interest (*sûreté réelle*) (each a **Security Interest**) upon, or with respect to, any of its present or future business, undertaking, assets or revenues (including any uncalled capital) to secure any Relevant Indebtedness (as defined below), unless the Issuer, in the case of the creation of a Security Interest, before or at the same time and, in any other case, promptly, takes any and all action necessary to ensure that the Issuer's obligations under the Notes and the Coupons either:

- (a) are secured by the Security Interest equally and rateably with the Relevant Indebtedness; or

- (b) have the benefit of such other Security Interest, guarantee, indemnity or other arrangement (whether or not it includes the giving of a Security Interest) as shall be approved by an Extraordinary Resolution of the Noteholders.

For the purposes of this Condition 2.2, **Relevant Indebtedness** means (i) any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of any notes, bonds, debentures, debenture stock, loan stock or other securities which (with the consent of the issuer of the indebtedness) are for the time being quoted, listed or ordinarily dealt in on any stock exchange, over-the-counter or other securities market, and (ii) any guarantee or indemnity in respect of any such indebtedness.

3. REDENOMINATION

3.1 Redenomination

Where redenomination is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Receiptholders and the Couponholders, on giving prior notice to the Agent, Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Noteholders in accordance with Condition 13, elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

- (a) the Notes and the Receipts shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a principal amount for each Note and Receipt equal to the principal amount of that Note or Receipt in the Specified Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Agent, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Paying Agents of such deemed amendments;
- (b) save to the extent that an Exchange Notice has been given in accordance with paragraph (d) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of Notes held (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (c) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such smaller denominations as the Agent may approve) euro 0.01 and such other denominations as the Agent shall determine and notify to the Noteholders;
- (d) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the **Exchange Notice**) that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as

the Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;

- (e) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee;
- (f) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on a Fixed Interest Date, it will be calculated:
 - (i) in the case of the Notes represented by a global Note, by applying the Rate of Interest to the aggregate outstanding nominal amount of the Notes represented by such global Note; and
 - (ii) in the case of Definitive Notes, by applying the Rate of Interest to the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding,

- (g) if the Notes are Floating Rate Notes, the applicable Final Terms will specify any relevant changes to the provisions relating to interest; and
- (h) such other changes shall be made to these Conditions as the Issuer may decide, after consultation with the Agent, and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro.

3.2 Definitions

In these Conditions, the following expressions have the following meanings:

Established Rate means the rate for the conversion of the Specified Currency (including compliance with rules relating to roundings in accordance with applicable European Union regulations) into euro established by the Council of the European Union pursuant to Article 140 of the Treaty;

Euro or **euro** means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty;

Redenomination Date means (in the case of interest bearing Notes) any date for payment of interest under the Notes or (in the case of Zero Coupon Notes) any date, in each case specified by the Issuer in the notice given to the Noteholders pursuant to paragraph (a) above and which falls on or after the date on which the country of the Specified Currency first participates in the third stage of European economic and monetary union; and

Treaty means the Treaty on the Functioning of the European Union, as amended.

4. INTEREST

The applicable Final Terms will indicate whether the Notes are (i) Fixed Rate Notes, (ii) Floating Rate Notes, (iii) Fixed to Floating Rate Notes, (iv) Zero Coupon Notes or (v) Notes linked to an underlying reference asset(s) such as Credit Linked Notes, Index Linked Notes, Fund Linked Notes, Equity Linked Notes, Inflation Linked Notes, Currency Linked Notes, Commodity Linked Notes, Bond Linked Notes, Rate Linked Notes, Future Linked Notes or any combination thereof.

4.1 Interest on Fixed Rate Notes

This Condition 4.1 applies to Fixed Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 4.1 for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount, the Day Count Fraction and any applicable Determination Date.

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Fixed Rate(s) of Interest. Interest will be payable in arrear or in advance as specified in the applicable Final Terms on the Interest Payment Date(s) up to (and including) the Maturity Date. For so long as any of the Fixed Rate Notes is represented by a Global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be calculated on the full nominal amount outstanding of the Fixed Rate Notes and will be paid to Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. In respect of each definitive Fixed Rate Note, interest will be calculated on its outstanding nominal amount.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If interest is required to be calculated for a period other than a Fixed Interest Period or if, in the case of Notes in definitive form, no Fixed Coupon Amount is specified in the applicable Final Terms, such interest shall be calculated by applying the Rate of Interest to:

- (a) in the case of Fixed Rate Notes which are represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the Fixed Rate Notes; or
- (b) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation

Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

The Calculation Agent will cause the amount of interest payable per Calculation Amount for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Calculation Amount and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest per Calculation Amount shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Calculation Amount so calculated need be made.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 4.1:

- (a) if **Actual/Actual (ICMA)** is specified in the applicable Final Terms:
 - (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;

- (b) if **30/360** is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360;
- (c) if **Actual/365 (Fixed)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365; and
- (d) if **Actual/360** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360.

In the Conditions:

Determination Period means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

Reference Banks means five major banks selected by the Calculation Agent in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the Reference Rate (which, if EURIBOR is the relevant Reference Rate, shall be the Eurozone);

Reference Rate means the rate specified as such in the relevant Final Terms which shall be either the Euro Interbank Offered Rate (**EURIBOR**), the constant maturity swap rate (**CMS**), the Eurozone inflation index (**CPTFEMU**), the Euro Short-Term Rate (**€STR**) or the Secured Overnight Financing Rate (**SOFR**) (or any successor or replacement rate); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

4.2 Interest on variable interest Notes

This Condition 4.2 applies to Floating Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of floating rate interest and must be read in conjunction with this Condition 4.2 for full information on the manner in which interest is calculated on Floating Rate Notes. In particular, the applicable Final Terms will identify any Specified Interest Payment Dates, any Specified Period, the Interest Commencement Date, the Business Day Convention, any Additional Business Centres, whether ISDA Determination, FBF Determination or Screen Rate Determination applies to the calculation of interest, the party who will calculate the amount of interest due if it is not the Calculation Agent, the Margin, any maximum or minimum interest rates, the Day Count Fraction and any formula that applies the calculation of interest. Where ISDA Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Floating Rate Option, Designated Maturity, Reset Date and any applicable multiplier or leverage factor (a **Leverage**). Where Screen Rate Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Reference Rate, Relevant Financial Centre, Interest Determination Date(s) and Relevant Screen Page.

(a) Interest Payment Dates

Unless otherwise specified in the applicable Final Terms, each Floating Rate Note or other Note which is subject to a variable rate of interest (any such Note or Floating Rate Note, a **Variable Interest Note**), bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear or in advance as specified in the applicable Final Terms on either:

- (i) the Specified Interest Payment Date(s) specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls on the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In the Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date). For so long as any of the Variable Interest Notes is represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be calculated on the full nominal amount outstanding of the relevant Notes and will be paid to Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. In respect of each definitive Variable Interest Note, interest will be calculated on its outstanding nominal amount.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 4.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions and unless otherwise specified, **Business Day** means a day which is both:

- I. a day on which the real time gross settlement system operated by the Eurosystem or any successor or replacement for that system (the **T2**) is operating (a **T2 Business Day**) and a day on which commercial banks and foreign exchange markets settle payments and are open for

general business (including dealing in foreign exchange and foreign currency deposits) in each Additional Business Centre specified in the applicable Final Terms; and

- II. either (i) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars or Renminbi shall be Sydney, Auckland and Hong Kong, Beijing and the Offshore CNY Centre, respectively) or (ii) in relation to any sum payable in euro, T2 Business Day.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of Variable Interest Notes will be determined in the manner specified in the applicable Final Terms.

(i) ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), "ISDA Rate" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this sub-paragraph (i), **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions. A copy of the ISDA Definitions may be obtained from the Issuer.

(ii) FBF Determination

- (A) Where FBF Determination is specified in the applicable Final Terms, interest will be payable on such dates, at such a rate (the **FBF Rate**) and in such amounts, plus or minus the Margin (if any), as would have been payable (regardless of any event of default or termination event thereunder) by the Issuer if it had entered into an interest rate swap transaction governed by an agreement in the form of the Master Agreement relating to transactions on forward financial instruments incorporating the FBF Definitions (a **FBF Agreement**), as in effect on the date of issue of the Notes, published by the *Fédération Bancaire Française* (the **FBF**) and evidenced by a Confirmation

(as defined in the FBF Agreement) with the holder of the relevant Note under which:

- I. the Issuer was the Floating Amount Payer;
- II. the Agent (as defined herein) was the Agent (as defined in the FBF Agreement) or as otherwise specified in the applicable Final Terms;
- III. the Interest Commencement Date was the Transaction Date;
- IV. the lowest Specified Denomination was the Notional Amount;
- V. the Interest Payment Dates were the Floating Amount Payment Dates; and
- VI. all other terms were as specified in the applicable Final Terms.

FBF Definitions means the definitions set out in the FBF Master Agreement as supplemented by the Technical Schedules (*Additifs Techniques*) as published by the FBF (a copy of which may be obtained free of charge on the FBF website at <https://www.fbf.fr/en/schedules-fbf-master-agreement-relating-to-transactions-on-forward-financial-instruments/>), unless otherwise specified in the relevant Final Terms.

(B) When paragraph (A) above applies, in respect of each relevant Interest Payment Date:

- I. the amount of interest determined for such Interest Payment Date will be the Interest Amount for the relevant Interest Period for the purposes of these Conditions as though determined under paragraph (d) below;
- II. the Rate of Interest for such Interest Period will be the Floating Rate (as defined in the FBF Agreement) determined by the Agent in accordance with paragraph (A) above; and
- III. the Agent will be deemed to have discharged its obligations under paragraph (d) below if it has determined the Rate of Interest and the Interest Amount payable on such Interest Payment Date in the manner provided in the preceding sentence.

(iii) Screen Rate Determination

(A) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below or (if applicable) to Condition 4.2(b)(iv) below, be either:

- I. the offered quotation; or
- II. the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate(s) which appears or appear, as the case may be, on the Screen Page at the Specified Time on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

- (B) In the event that the Screen Page is not available or if, in the case of I above, no such offered quotation appears or, in the case of II above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph, the Rate of Interest shall be the arithmetic mean of the offered quotation for the Reference Rate(s) provided by each of the Reference Banks at the Specified Time on the Interest Determination Date, as determined by the Calculation Agent.
- (C) If fewer than two of such banks are quoting to leading banks in the Relevant Financial Centre, the Rate of Interest shall (unless otherwise specified) be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin or Maximum or Minimum Rate of Interest applicable to the preceding Interest Period and to the relevant Interest Period).
- (D) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being €STR, the Rate of Interest for each Interest Period will, subject as provided below, be the rate of return of a daily compound interest investment (with the daily euro short-term rate as the reference rate for the calculation of interest) plus or minus (as indicated in the applicable Final Terms) the Margin (if any) and will be calculated by the Calculation Agent on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-\text{pTBD}} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

If the €STR is not published, as specified above, on any particular T2 Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such T2 Business Day shall be the rate equal to €STR in respect of the last T2 Business Day for which such rate was published on the Website of the European Central Bank.

If the €STR is not published, as specified above, on any particular T2 Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, the rate of €STR for each T2 Business Day in the relevant €STR Observation Period on or after

such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the ECB Recommended Rate.

If no ECB Recommended Rate has been recommended before the end of the first T2 Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each T2 Business Day in the relevant €STR Observation Period on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each T2 Business Day in the relevant €STR Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 13.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period) or (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each T2 Business Day in the relevant €STR Observation Period on or after such €STR Index Cessation Effective Date were references to the latest published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR.

(iv) Benchmark Discontinuation

Subject to Condition 6.12, where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, if a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any remaining rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and shall prevail over the other fallbacks specified in Condition 4.2(b) (for the avoidance of doubt, it shall not apply to €STR and SOFR).

(A) Successor Rate or Alternative Rate

If the Issuer determines in good faith that:

- I. there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 4.2(b)(iv)(C)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 4.2(b)(iv)); or
- II. there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 4.2(b)(iv)(C)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 4.2(b)(iv)).

(B) Adjustment Spread

If the Issuer determines in good faith (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(C) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 4.2(b)(iv) and the Issuer determines in good faith (i) that amendments to the Terms and Conditions of the Notes (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days, or Relevant Screen Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the **Benchmark Amendments**) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 4.2(b)(iv)(D), without any requirement for the consent or approval of Noteholders, Receiptholders or Couponholders, vary the Terms and Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 4.2(b)(iv), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(D) Notices, etc.

The Issuer shall notify the Agent, the Calculation Agent, the Paying Agents, and, in accordance with Condition 13, the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 4.2(b)(iv). Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such notice will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any)) be binding on the Issuer, the Agent, the Calculation Agent, the party responsible for determining the Rate of Interest, the Paying Agents and the Noteholders, Receiptholders and Couponholders.

(E) Survival of Original Reference Rate

Without prejudice to the Issuer's obligations under the provisions of this Condition 4.2(b)(iv), the Original Reference Rate and the fallback provisions provided for in Condition 4.2(b) will continue to apply unless and until the party responsible for determining the Rate of Interest has been notified of the

Successor Rate or the Alternative Rate (as the case may be), and of any Adjustment Spread and/or Benchmark Amendments.

(F) Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallback provision for the Original Reference Rate specified in Condition 4.2(b)(iii), namely the Rate of Interest determined on the preceding Interest Determination Date will continue to apply to such determination (though substituting, where a different Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Maximum or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Maximum or Minimum Rate of Interest relating to that last preceding Interest Period).

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 4.2(b)(iv), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 4.2(b)(iv) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the other fallbacks specified in Condition 4.2(b), will continue to apply in accordance with their terms). This may result in the Rate of Interest for the last preceding Interest Period being the Rate of Interest for the Interest Period in question.

(G) Definitions

In this Condition 6.2(b)(iv):

Adjustment Spread means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Calculation Agent determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders, Receiptholders or Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- I. in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;
- II. in the case of an Alternative Rate (or in the case of a Successor Rate where I. above does not apply), is in customary market usage in the international debt capital market for transactions which reference the Original Reference Rate, where such rate has been replaced by the Alternative Rate (or, as the case may be, the Successor Rate); or

- III. if no such recommendation or option has been made (or made available), or the Calculation Agent determines there is no such spread, formula or methodology in customary market usage, the Calculation Agent, acting in good faith, determines to be appropriate;

Alternative Rate means an alternative benchmark or screen rate which the Issuer determines in accordance with this Condition 4.2(b)(iv) and which is customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period and in the same Specified Currency as the Notes;

Benchmark Event means, with respect to an Original Reference Rate:

- I. the Original Reference Rate ceasing to exist or be published;
- II. the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six months prior to the date specified in (i);
- III. the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;
- IV. the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six months prior to the date specified in (i);
- V. the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six months;
- VI. the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate, in the opinion of the supervisor, is no longer representative of an underlying market or that its method of calculation has significantly changed;
- VII. it has or will prior to the next Interest Determination Date become unlawful for the Issuer, the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), or any Paying Agent to calculate any payments due to be made to any Noteholder, Receiptholder or Couponholder using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation (EU) 2016/1011, as amended, if applicable); or

VIII. that a decision to withdraw the authorisation or registration pursuant to Article 35 of the Benchmarks Regulation (Regulation (EU) 2016/1011, as amended) of any benchmark administrator previously authorised to publish such Original Reference Rate has been adopted;

Original Reference Rate means the Reference Rate or other benchmark or screen rate (as applicable) originally specified for the purpose of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes;

Relevant Nominating Body means, in respect of a benchmark or screen rate (as applicable):

- I. the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- II. any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory authorities or (iv) the Financial Stability Board or any part thereof; and

Successor Rate means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body, and if, following a Benchmark Event, two or more successor or replacement rates are recommended by any Relevant Nominating Body, the Issuer shall determine which of those successor or replacement rates is most appropriate, having regard to, *inter alia*, the particular features of the relevant Notes and the nature of the Issuer.

(c) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) Determination of Rate of Interest and calculation of Interest Amount

The Calculation Agent will, on or as soon as practicable after each time at which the Rate of Interest is to be determined (the **Interest Determination Date**), determine the Rate of Interest for the relevant Interest Period.

Save as otherwise specified in the applicable Final Terms, or in circumstances where FBF Determination is applicable, the Calculation Agent will calculate the amount of interest (the **Interest Amount**) payable in respect of Variable Interest Notes for the relevant Interest Period by applying the Rate of Interest to:

- (i) in the case of Variable Interest Notes which are represented by a Global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the relevant Notes; or
- (ii) in the case of Variable Interest Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Variable Interest Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 4.2:

- (i) if **Actual/365** or **Actual/Actual** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if **Actual/365 – FBF** is specified in the applicable Final Terms, the fraction whose numerator is the actual number of days elapsed during the Interest Period and whose denominator is 365. If part of the Interest period falls in a leap year, **Actual/365 – FBF** shall mean the sum of (i) the fraction whose numerator is the actual number of days elapsed during the non-leap year and whose denominator is 365 and (ii) the fraction whose numerator is the number of actual days elapsed during the leap year and whose denominator is 366;
- (iii) if **Actual/365 (Fixed)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iv) if **Actual/365 (Sterling)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (v) if **Actual/360** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (vi) if **30/360**, **360/360** or **Bond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and

- (vii) if **30E/360** or **Eurobond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of an Interest Period ending on the Maturity Date, the Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).

(e) Notification of Rate of Interest and Interest Amounts

The Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Variable Interest Notes are for the time being listed (by no later than the first day of each Interest Period or if that is impracticable, as soon as reasonably practicable upon the determination of such Rate of Interest and Interest Amount). Each Interest Amount and Interest Payment Date may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period.

(f) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4, by the Calculation Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the other Paying Agents, and all Noteholders, Receiptholders and Couponholders, and (in the absence of wilful default, fraud or bad faith) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

4.3 Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.

4.4 Interest on Fixed or Floating or Zero Coupon/Structured Notes

Fixed or Floating or Zero Coupon/Structured Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate or Floating Rate or Zero Coupon to a rate linked to an Underlying Reference, or from a rate linked to an Underlying Reference as specified in the Final Terms and determined in accordance with the Technical Annex to a Fixed or Floating Rate or Zero Coupon or (ii) that will automatically change from a Fixed or Floating Rate or Zero Coupon to a rate linked to an Underlying Reference or from a rate linked to an Underlying Reference to a Fixed or Floating Rate or Zero Coupon on the date set out in the Final Terms.

4.5 Interest on Combined Notes

The Interest Rate of Combined Notes is a combination of several Interest Rates during the lifetime of the Notes between a Fixed Rate and/or a Floating Rate and/or a Zero Coupon and/or a rate linked to an Underlying Reference as specified in the Final Terms and determined in accordance with the Technical Annex (i) that the Issuer may elect to convert on the date set out in the Final Terms or (ii) that will automatically change on the date set out in the Final Terms.

4.6 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal (and/or delivery of the Physical Delivery Amount (if applicable)) is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13.

4.7 Formulae for the calculation of interest

Interest on the Notes will be determined in accordance with the formulae set out in the Technical Annex if specified in the applicable Final Terms. The applicable Day Count Fraction will be as defined in Conditions 4.1 and 4.2 above.

5. PAYMENTS

5.1 Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, New Zealand dollars or Renminbi, shall be Sydney, Auckland and the Offshore CNY Centre, respectively); and
- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment or other laws and regulations to which the Issuer or its Agents are subject, but without prejudice to the provisions of Condition 7, (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or (without prejudice to the provisions of Condition 7) any law implementing an intergovernmental approach thereto and (iii) any withholding or deduction required pursuant to Section 871(m) of the Code (**871(m) Withholding**). In addition, in determining the amount of 871(m) Withholding imposed with respect to any amounts to be paid on the Notes, the Issuer shall be entitled to withhold on any “dividend equivalent” (as defined for purposes of Section 871(m) of the Code) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law.

Payments on the Notes that reference U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70%. In such case, in calculating the relevant payment amount, the holder will be deemed to receive, and the Issuer will be deemed to withhold, 30% of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

5.2 Presentation of definitive Notes, Receipts and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in Condition 5.1 above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Index Linked Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

5.3 Payments in respect of Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which it was presented.

5.4 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of,

the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

5.5 Payment Day

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 8) is:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits):
 - (i) in the case of Notes in definitive form only, in the relevant place of presentation; and
 - (ii) in each Additional Financial Centre specified in the applicable Final Terms; and
- (b) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars, New Zealand dollars or Renminbi shall be Sydney, Auckland and Hong Kong, Beijing and the Offshore CNY Centre, respectively) or (B) in relation to any sum payable in euro, a day on which the T2 is open.

5.6 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 7;
- (b) the Final Redemption Amount of the Notes;
- (c) the Early Redemption Amount of the Notes;

- (d) the Optional Redemption Amount(s) (if any) of the Notes;
- (e) in relation to Notes redeemable in instalments, the Instalment Amounts;
- (f) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 6.7); and
- (g) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7.

Any reference in this Condition 5 to payment or repayment (as the case may be) of principal and/or interest and other similar expressions shall, where the context so admits, be deemed to refer also to delivery of any Asset Amount relating to Physical Delivery Notes.

5.7 Physical Delivery Notes

(a) Physical Delivery

(i) Asset Transfer Notices

In relation to Physical Delivery Notes, in order to obtain delivery of the Asset Amount(s) in respect of any Note:

- (A) if such Note is represented by a Global Note, the relevant Noteholder must deliver to Euroclear or Clearstream, Luxembourg (as applicable) (each a relevant **Clearing System**), with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice; and
- (B) if such Note is in definitive form, the relevant Noteholder must deliver to any Paying Agent with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice.

For the purposes of this Condition:

Asset Amount means the amount of Relevant Asset relating to each Note as set out in the Final Terms;

Asset Transfer Notice means asset transfer notice in the form set out in the Agency Agreement duly completed in accordance with the provisions of this Condition;

Cut-off Date means the date falling three Business Days prior to the Delivery Date; and

Relevant Asset means the Reference Underlying defined as such in the applicable Final Terms.

Copies of the Asset Transfer Notice may be obtained during normal business hours from the specified office of any Paying Agent.

An Asset Transfer Notice may only be delivered (i) if such Note is represented by a Global Note in such manner as is acceptable to the relevant Clearing System, or (ii) if such Note is in definitive form, in writing together with the Note.

The Asset Transfer Notice shall:

- (A) specify the name and address of the relevant Noteholder and the person from whom the Issuer may obtain details for the delivery of the Asset Amount and any details required for delivery of the Asset Amount set out in the applicable Final Terms;
- (B) in the case of Notes represented by a Global Note, specify the nominal amount of Notes which are the subject to such notice and the number of the Noteholder's account at the relevant Clearing System to be debited with such Notes and irrevocably instruct and authorise the relevant Clearing System, as the case may be, to debit the relevant Noteholder's account with such Notes on or before the Delivery Date;
- (C) include an undertaking to pay all Delivery Expenses and, in the case of Notes represented by a Global Note, an authority to debit a specified account of the Noteholder at the relevant Clearing System, as the case may be, in respect thereof and to pay such Delivery Expenses;
- (D) specify an account to which dividends (if any) payable pursuant to this Condition 5.7 or any other cash amounts specified in the applicable Final Terms are being payable are to be paid;
- (E) certify that the beneficial owner of each Note is not a U.S. person (as defined in the Asset Transfer Notice), the Note is not being redeemed within the United States or on behalf of a U.S. person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any redemption thereof;
- (F) authorise the production of such notice in any applicable administrative or legal proceedings,

For the purposes of this Condition, **Delivery Expenses** means all costs, taxes, duties and/or expenses, including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes arising from the delivery of the Asset Amount.

(ii) Verification of the Holder

Upon receipt of an Asset Transfer Notice the relevant Clearing System shall verify that the person delivering the Asset Transfer Notice is the holder of the Notes described therein according to its records. Subject thereto, the relevant Clearing System will confirm to the Agent the series number and number of Notes the subject of such notice, the relevant account details and the details for the delivery of the Asset Amount relating to each Note. Upon receipt of such confirmation, the Agent will inform the Issuer thereof.

(iii) Determinations and Delivery

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made, in the case of Notes represented by a Global Note, by the relevant Clearing System, after consultation with the Issuer and shall be conclusive and binding on the Issuer and the relevant Noteholder and, in the case of Notes in definitive form, by the relevant Paying Agent after consultation with the Issuer, and shall be conclusive and binding on the Issuer and the relevant Noteholder.

If any Asset Transfer Notice deemed null and void in accordance with the foregoing paragraph is subsequently corrected to the satisfaction of the relevant Clearing System in consultation with the Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such corrected Asset Transfer Notice was delivered to the relevant Clearing System (with a copy to the Agent).

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System or the Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Noteholder may not transfer the Notes which are the subject of such notice.

The Asset Amount will be delivered at the risk of the relevant Noteholder, in the manner provided below on the Maturity Date (such date, subject to adjustment in accordance with this Condition, the **Delivery Date**), provided that the Asset Transfer Notice is duly delivered to the relevant Clearing System (with a copy to the Agent), as provided above on or prior to the Cut-Off Date.

If a Noteholder fails to give an Asset Transfer Notice as provided herein with a copy to the Agent, on or prior to the Cut-Off Date, then the Asset Amount will be delivered as soon as practicable after the Maturity Date, as defined in the Final Terms (in which case, such date of delivery shall be deemed the Delivery Date) at the risk of such Noteholder in the manner provided below. In such circumstances the relevant Noteholder shall not be entitled to any payment, whether of interest or otherwise, and the Issuer shall have no liability whatsoever, as a result of the Delivery Date falling after the Maturity Date.

The Issuer shall, at the relevant Noteholder's risk, deliver or procure the delivery of the Asset Amount relating to each Note, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall in its sole and absolute discretion determine and notify to the person designated by the Noteholder in the relevant Asset Transfer Notice. No delivery of the Asset Amount shall be made until all Delivery Expenses have been paid to the satisfaction of the Issuer by the relevant Noteholder.

(iv) General

Notes held by the same Noteholder will be aggregated for the purpose of determining the aggregate Asset Amount in respect of such Notes, provided that, the aggregate Asset Amount in respect of the same Noteholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and no cash adjustment will be made in respect thereof.

Following the Delivery Date of a share certificate all dividends on the relevant shares to be delivered will be payable to the party that would receive such dividend according to market

practice for a sale of the shares executed on the Delivery Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Noteholder will be paid to the account specified by the Noteholder in the relevant Asset Transfer Notice as referred to in Condition 5.7(a)(i).

For such period of time after delivery of the Asset Amount as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities comprising the Asset Amount (the **Intervening Period**), none of the Issuer, the Calculation Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Noteholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations, (ii) be under any obligation to exercise or procure the exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to a Noteholder in respect of any loss or damage which such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being the legal owner during such Intervening Period of such securities or obligations.

(v) Settlement Disruption

If, in the opinion of the Calculation Agent, delivery of the Asset Amount using the method of delivery specified in the applicable Final Terms, or such other commercially reasonable manner as the Calculation Agent has determined, is impracticable because a Settlement Disruption Event (as defined below) has occurred and is continuing on the Delivery Date, then it shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 and the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that, the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Note by delivering the Asset Amount using such other commercially reasonable manner as it may select and, in such event, the Delivery Date shall be such day as the Issuer deems appropriate (acting in a commercially reasonable manner). Noteholders shall not be entitled to any payment, whether on account of interest or otherwise, and the Issuer shall have no liability whatsoever, as a result of the Delivery Date being postponed due to the occurrence of a Settlement Disruption Event.

Where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Asset Amount, the Delivery Date for the Relevant Assets unaffected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of part of the Asset Amount is impracticable by reason of a Settlement Disruption Event, then in lieu of physical delivery of the affected Relevant Asset(s), and notwithstanding any other provision hereof, the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the affected portion of the relevant Note(s) by paying the relevant Noteholder(s), the Disruption Cash Redemption Amount (as defined below) on the fifth Business Day following the date on which Noteholders are notified in accordance with Condition 13 of (i) such election having been made and (ii) the manner in which the Issuer intends to pay the Disruption Cash Redemption Amount.

For the purposes of this Condition:

Disruption Cash Redemption Amount shall be, in respect of any Note, the fair market value of such Note (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets included in the Asset Amount and such unaffected Relevant Assets have been duly delivered as provided above, the value of such unaffected and delivered Relevant Assets), less the cost to the Issuer of unwinding any related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion;

Settlement Business Day, in respect of each Note, has the meaning specified in the applicable Final Terms relating to such Note; and

Settlement Disruption Event means an event that is beyond the control of the Issuer, including illiquidity in the market for the Relevant Assets as a result of which the Issuer cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms, all as determined by the Calculation Agent.

(b) Variation of Settlement

If so specified in the applicable Final Terms, the Issuer may, in its sole and absolute discretion, elect (i) to deliver or procure delivery on the Maturity Date of the Asset Amount relating to each Note in lieu of its obligation to pay Noteholders the Redemption Amount or (ii) to pay Noteholders the Redemption Amount on the Maturity Date in lieu of its obligation to deliver or procure delivery of the Asset Amount. Notification of any such election will be given to Noteholders in accordance with Condition 13.

(c) Rights of Noteholders and Calculations

None of the Issuer, the Calculation Agent or any of the Paying Agents shall have any responsibility for any errors or omissions in committed in connection with any of the calculations or determinations contemplated in this Condition 5.

The purchase of Notes linked to one or more Relevant Assets does not confer on holders of such Notes any rights (whether in respect of voting, distributions or otherwise) in connection with the applicable Relevant Asset(s).

5.8 Payment in Alternate Settlement Currency

Notwithstanding any other provision in these Conditions, if the Calculation Agent determines, in its sole and absolute discretion, that a CNY Disruption Event has occurred or is likely to occur and that such CNY Disruption Event is material in relation to the Issuer's payment obligations under the Notes in respect of any forthcoming payment dates (each date, an **Affected Payment Date**), then the Issuer may, in its sole and absolute discretion, determine to take any one or more of the following actions:

- (a) the relevant payment by the Issuer shall be postponed to 15 Business Days after the date on which the CNY Disruption Event ceases to exist or, if that would not be possible (as determined by the Issuer acting in good faith), as soon as reasonably practicable thereafter;
- (b) that the Issuer's obligations to payment in CNY under the terms of the Notes be replaced by an obligation to pay such amount in the Alternate Settlement Currency as specified in the Final Terms (converted at the Alternate Settlement Rate as determined by the Calculation Agent as of a time selected in good faith by the Calculation Agent); and
- (c) that the Notes be redeemed in full and not in part and each Note being redeemed at its Early Redemption Amount as specified in the applicable Final Terms.

Any payments, either in CNY or in the Alternate Settlement Currency, made by the Issuer with respect to its obligations relating to any Affected Payment Date shall be full and final settlement of its obligations to pay such amounts under the Notes.

For the avoidance of doubt, no amount of interest shall be payable in respect of any delay in payment of any amounts due to the adjustment of any Affected Payment Date.

Payments of the relevant principal or interest in respect of the Notes in the Alternate Settlement Currency shall be made by transfer to the account denominated in the Alternate Settlement Currency of the relevant Account Holders for the benefit of the Noteholders and (in the case of Notes in fully registered form) to an account denominated in the Alternate Settlement Currency with a bank designated by the Noteholders. For the avoidance of doubt, no such payment in the Alternate Settlement Currency shall by itself constitute a default in payment within the meaning of Condition 9.

Upon the occurrence of a CNY Disruption Event, the Issuer shall give notice, as soon as practicable in accordance with Condition 13, to the Noteholders stating the occurrence of the CNY Disruption Event and of the action proposed to be taken in relation thereto.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 5.8 by the Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

For the purposes of this Condition 5:

Alternate Settlement Currency means the currency specified as such in the applicable Final Terms;

Alternate Settlement Rate means the spot exchange rate between CNY and the Alternate Settlement Currency determined by the Calculation Agent, taking into consideration all available information which the Calculation Agent deems relevant (including, but not limited to, the pricing information obtained from the CNY non-deliverable market outside the PRC and/or the CNY exchange market inside the PRC);

CNY means the lawful currency of PRC (including any lawful successor currency to the CNY);

CNY Disruption Event means any one of CNY Illiquidity, CNY Inconvertibility and CNY Non-Transferability;

CNY Illiquidity means the occurrence of any event that makes it impossible (where it had previously been possible) for the Issuer and/or any of its affiliates to obtain a firm quote in respect of any amounts of CNY as may be required to be paid by the Issuer under the Notes on any payment date or such other amount as may be determined by the Calculation Agent in its sole and absolute discretion, either in one transaction or a commercially reasonable number of transactions in the general CNY exchange market in each Offshore CNY Centre in order to perform its obligations under the Notes. For the avoidance of doubt, the inability for the Issuer and/or any of its affiliates to obtain such firm quote solely due to issues relating to its creditworthiness shall not constitute CNY Illiquidity;

CNY Inconvertibility means the occurrence of any event that makes it impossible (where it had previously been possible), impracticable or illegal for the Issuer and/or any of its affiliates to convert any amounts into or from CNY as may be required to be paid by the Issuer under the Notes on any payment date or such other amount as may be determined by the Calculation Agent in its sole and absolute discretion at the general CNY exchange market in each Offshore CNY Centre other than where such impossibility, impracticability or illegality is due solely to the failure of that party to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the relevant Series of Notes and it is impossible for the Issuer and/or any of its affiliates, due to an event beyond the control of the Issuer or the relevant affiliate, to comply with such law, rule or regulation);

CNY Non-Transferability means the occurrence of any event that makes it impossible, impracticable or illegal for the Issuer and/or any of its affiliates to transfer CNY (i) between accounts inside an Offshore CNY Centre, (ii) from an account inside an Offshore CNY Centre to an account outside such Offshore CNY Centre and outside the PRC, or (iii) from an account outside an Offshore CNY Centre

and outside the PRC to an account inside such Offshore CNY Centre, other than where such impossibility, impracticability or illegality is due solely to the failure of the Issuer and/or the relevant affiliate to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer and/or any of its affiliates, due to an event beyond the control of the Issuer and/or the relevant affiliate, to comply with such law, rule or regulation);

Governmental Authority means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of the PRC and each Offshore CNY Centre;

Offshore CNY Centre means any offshore financial centre outside of PRC where PBOC had established its Renminbi clearing and settlement system for participating banks in that centre and specified in the Final Terms. If no Offshore CNY Centre is specified in the relevant Final Terms, the Offshore CNY Centre shall mean Hong Kong only;

PBOC means the People's Bank of China; and

PRC means the People's Republic of China (excluding the Hong Kong Special Administrative Region of the People's Republic of China, the Macau Special Administrative Region of the People's Republic of China and Taiwan).

For the avoidance of doubt, references to "general CNY exchange market in each Offshore CNY Centre" in the definitions of CNY Illiquidity and CNY Inconvertibility refer to purchase, sale, lending or borrowing in CNY for general purposes (including, but not limited to, funding) and therefore any purchase or sale of CNY where such CNY is required by relevant laws or regulations for the settlement of any cross-border trade transaction with an entity in the PRC, or any purchase or sale of CNY for personal customers residing in such Offshore CNY Centre, would not be purchase or sale made on the general CNY exchange market.

6. REDEMPTION AND PURCHASE

6.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount (or, in the case of Physical Delivery Notes, by delivery of the Asset Amount) as specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms. The Final Redemption Amount which shall be either (a) a fixed amount determined solely by the Issuer at the date of the applicable Final Terms and shall be at least equal to the nominal amount of the Notes or (b) calculated in accordance with the formulas provided in the Technical Annex.

6.2 Redemption for tax reasons

Subject to Condition 6.7, the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Variable Interest Note) or on any Interest Payment Date (if this Note is a Variable Interest Note), on giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance with Condition 13, the Noteholders (which notice shall be irrevocable), if:

- (a) on the occasion of the next payment due under the Notes, Receipts or Coupons, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 as a result of any change in, or amendment to, the laws or regulations of France or any change in

the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of this Base Prospectus; and

- (b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 60 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts.

Notes redeemed pursuant to this Condition 6.2 will be redeemed at their Early Redemption Amount referred to in Condition 6.7 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

6.3 Special Tax Redemption

If the Issuer would, on the occasion of the next payment of principal or interest in respect of the Notes, Receipts or Coupons be prevented by the laws of France from causing payment to be made to the Noteholders, Receiptholders or Couponholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 7, then the Issuer shall forthwith give notice of such fact to the Agent and the Issuer shall, upon giving not less than seven nor more than 45 days' prior notice to the Noteholders in accordance with Condition 13, forthwith redeem all, but not some only, of the Notes at their Early Redemption Amount, together, if appropriate, with accrued interest, on the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, Receipts or Coupons provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice to Noteholders shall be the later of:

- (a) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, Receipts or Coupons; and
- (b) 14 days after giving notice to the Agent as aforesaid.

6.4 Redemption at the option of the Issuer (Issuer Call)

This Condition 6.4 applies to Notes which are subject to redemption prior to the Maturity Date at the option of the Issuer (other than for taxation reasons), such option being referred to as an **Issuer Call**. The applicable Final Terms contains provisions applicable to any Issuer Call and must be read in conjunction with this Condition 6.4 for full information on any Issuer Call. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount, any minimum or maximum amount of Notes which can be redeemed and the applicable notice periods.

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, having given not less than the minimum period and not more than the maximum period specified in the applicable Final Terms to the Agent and the Noteholders in accordance with Condition 13 (which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Early Redemption Date and at the Early Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Early Redemption Date. Unless otherwise specified in the applicable Final Terms, the **Early Redemption Date** (being the date on which the Noteholders will receive the Early Redemption Amount) will be seven (7) Business Days in Luxembourg following the date on which notice is deemed to have been given to the Noteholders in accordance with this paragraph and Condition 13.

Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a redemption of some only of the Notes, the Notes to be

redeemed (**Redeemed Notes**) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 13 not less than 15 days prior to the date fixed for redemption. In the case of Redeemed Notes represented by a Global Note, the selection will be reflected (at the discretion of Euroclear and/or Clearstream, Luxembourg) either as a pool factor or a reduction in aggregate principal amount. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 6.4 and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 13 at least five (5) days prior to the Selection Date.

6.5 Redemption at the option of the Noteholders (Investor Put)

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 13 not less than fifteen (15) nor more than 30 days' notice the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. In addition, an amount equal to the Early Reduction Fees may be deducted from the Optional redemption Amount if so specified in the applicable Final Terms. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

To exercise the right to require redemption of this Note the holder of this Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a **Put Notice**) and in which the holder must specify a bank account to which payment is to be made under this Condition accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg given by a holder of any Note pursuant to this Condition 6.5 shall be irrevocable except where, prior to the due date of redemption, an Event of Default has occurred and is continuing, in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 6.5 and instead to declare such Note forthwith due and payable pursuant to Condition 9.

6.6 Early Redemption upon the crossing of a Coupon threshold

If Condition 6.6(a) or 6.6(b) below is specified as being applicable in the applicable Final Terms:

- (a) if on an Interest Payment Date the sum of the Coupons (in percentage of the Specified Denomination) paid since the Threshold Observation Start Date (specified in the applicable Final Terms) at least equals a Threshold Percentage of the Specified Denomination (specified

in the applicable Final Terms), the Notes will be early redeemed at a Threshold Redemption Amount (specified in the applicable Final Terms), on this Interest Payment Date, such date will be deemed to be the Threshold Redemption Date.

- (b) if on any date during the lifetime of the Notes the sum of the Coupons plus the accrued interests (in percentage of the Specified Denomination) paid or accrued since the Threshold Observation Start Date (specified in the applicable Final Terms) equals a Threshold Percentage of the Specified Denomination (specified in the applicable Final Terms), the Notes will be early redeemed at a Threshold Redemption Amount (specified in the applicable Final Terms), on the Threshold Redemption Date, being the next Interest Payment Date after the crossing of the Threshold Percentage or the number of business days after the crossing of the Threshold Percentage specified in the applicable Final Terms.

If the Notes are early redeemed upon the crossing of a Coupon threshold, the Issuer shall give notice of the early redemption to the Noteholders in accordance with Condition 13 no later than a minimum of two business days or the number of business days specified in the applicable Final Terms.

6.7 Early Redemption Amounts

For the purpose of Conditions 6.2, 6.3, 6.4 above and Condition 9, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (a) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof less, if specified as applicable in the applicable Final Terms, Early Redemption Unwind Costs;
- (b) in the case of a Note (other than a Zero Coupon Note but including an Instalment Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Note is denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount less, if specified as applicable in the applicable Final Terms, Early Redemption Unwind Costs; or
- (c) in the case of a Zero Coupon Note, at an amount (the **Amortised Face Amount**) calculated in accordance with the following formula less, if specified as applicable in the applicable Final Terms, Early Redemption Unwind Costs:

$$\text{Early Redemption Amount} = \text{RP} * (1 + \text{AY})^y$$

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for

redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

- (d) if **Fair Market Value** is specified in the applicable Final Terms as the Early Redemption Amount, at an amount determined by the Calculation Agent, acting in its sole and absolute discretion, which, shall represent the fair market value of the Notes on, or at a time determined by the Calculation Agent during a period not exceeding five (5) Business Days immediately prior to, the date on which a notice of early redemption is deemed to have been given to the Noteholders pursuant to Condition 6.4 and Condition 13 and shall have the effect (after taking into account the costs of unwinding any hedging arrangements, as determined by the Issuer in its sole and absolute discretion, entered into in respect of the Notes) of preserving for the Noteholders the economic equivalent of the obligations of the Issuer to make the payments in respect of the Notes which would, but for such early redemption, have fallen due after the relevant early redemption date. In respect of Notes bearing interest, notwithstanding any other provision of these Conditions, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this paragraph shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption.

Early Redemption Unwind Costs means the amount specified in the applicable Final Terms or if **Standard Early Redemption Unwind Costs** are specified in the applicable Final Terms, an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, expenses (including loss of funding), tax and duties incurred by the Issuer in connection with the redemption of the Notes and the related termination, settlement or re-establishment of any hedge or related trading position, such amount to be apportioned *pro rata* amongst each nominal amount of Notes in the Specified Denomination.

6.8 Instalments

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 6.7.

6.9 Purchases

The Issuer or any subsidiary of the Issuer may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Notes purchased by or on behalf of the Issuer may be, at the option of the Issuer, either surrendered and cancelled or held or resold, in accordance with applicable law.

All Notes purchased by the Issuer may be purchased and held in accordance with applicable laws and regulations.

6.10 Cancellation

All Notes which are purchased for cancellation or are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes cancelled (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

6.11 Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 6.1, 6.2, 6.3, 6.4 or 6.5 above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 6.7(c) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13.

6.12 Redemption for an Administrator/Benchmark Event

In the event that an Administrator/Benchmark Event occurs, the Issuer may (at its option):

- (i) instruct the Calculation Agent to make such adjustment to the Terms and Conditions of the Notes as it may determine appropriate to account for the relevant event or circumstance; or
- (ii) having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with Condition 13 (which notice shall be irrevocable), on expiry of such notice redeem all, but not some only, of the Notes, each Note being redeemed at its Early Redemption Amount referred to in Condition 6.7 and no further interest will be payable since the immediately preceding Interest Payment Date or, if none, the Issue Date.

For the purposes of this Condition 6.12:

Administrator/Benchmark Event means, in relation to any Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event.

Benchmark means any figure which is a benchmark as defined in BMR and where any amount payable under the Notes, or the value of the Notes, is determined by reference to such figure, all as determined by the Calculation Agent.

Benchmark Modification or Cessation Event means, in respect of the Benchmark:

- (i) any material change in such Benchmark; or
- (ii) the permanent cancellation or cessation in the provision of such Benchmark.

BMR means the EU Benchmarks Regulation (Regulation (EU) 2016/1011, as amended, including by Regulation (EU) 2021/168).

Non-Approval Event means, in respect of the Benchmark:

- (i) any authorisation, registration, recognition, endorsement, equivalence or approval in respect of the Benchmark or the administrator of the Benchmark is not obtained;
- (ii) the Benchmark or the administrator of the Benchmark is not included in an official register; or

- (iii) the Benchmark or the administrator of the Benchmark does not fulfil any legal or regulatory requirement applicable to the Issuer, the Calculation Agent or the Benchmark,

in each case, as required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes. For the avoidance of doubt, a Non-Approval Event shall not occur if the Benchmark or the administrator of the Benchmark is not included in an official register because its authorisation, registration, recognition, endorsement, equivalence or approval is suspended if, at the time of such suspension, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension.

Rejection Event means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses any application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register which, in each case, is required in relation to the Benchmark or the administrator of the Benchmark under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

Suspension/Withdrawal Event means, in respect of the Benchmark:

- (i) the relevant competent authority or other relevant official body suspends or withdraws any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator of the Benchmark which is required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes; or
- (ii) the Benchmark or the administrator of the Benchmark is removed from any official register where inclusion in such register is required under any applicable law in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or where inclusion in any official register is withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension or withdrawal.

7. TAXATION

All payments of principal, interest or other revenues by or on behalf of the Issuer in respect of the Notes, Receipts or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If French law should require that any payments of principal, interest or other revenues in respect of the Notes, Receipts or Coupons be subject to withholding or deduction with respect to any present or future taxes, duties, assessments or governmental charges whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal, interest or other revenues which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (a) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder (including a beneficial owner (*ayant droit*)) who is liable for such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with France other than the mere holding of (or beneficial ownership with respect to) such Note, Receipt or Coupon; or
- (b) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 5.5).

As used herein, the **Relevant Date** in relation to any Note, Receipt or Coupon means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13.

8. PRESCRIPTION

The Notes, Receipts and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 7) thereof.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 5.2 or any Talon which would be void pursuant to Condition 5.2.

9. EVENTS OF DEFAULT

The holder of any Note may give written notice to the Issuer and the Agent that the Note is, and it shall accordingly forthwith become, immediately due and repayable at its Early Redemption Amount, together, if appropriate, with accrued interest, if any of the following events (each an **Event of Default**) shall occur:

- (a) if default is made in the payment of any principal or interest due in respect of the Terms and Conditions of the Notes or any of them and the default continues for a period of 30 days after the relevant due date; or
- (b) if the Issuer fails to perform or observe any of its other obligations under the Conditions and such default is not remedied within 45 days after notice of such default has been given to the Issuer by any Noteholder; or
- (c) if a judgment is issued for a transfer of the whole of the Issuer's business (*cession totale de l'entreprise*) or, in the absence of legal proceedings, the Issuer makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors, or a resolution is passed by the Issuer for its winding-up or dissolution, except in connection with a merger or other reorganisation in which all of the Issuer's assets are transferred to, and all of the Issuer's debts and liabilities (including the Notes) are assumed by, another entity which continues the Issuer's activities.

10. REPLACEMENT OF NOTES, RECEIPTS, COUPONS AND TALONS

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced, or destroyed it may be replaced at the specified office of the Agent, upon payment by the claimant of such costs and expenses

as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8.

12. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders, the Receiptholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

13. NOTICES

- (a) All notices regarding the Notes will be deemed to be validly given if published (a) in a leading English language daily newspaper of general circulation in Europe and (b) if and for so long as the Notes are admitted to trading on, and listed on the Official List of the Luxembourg Stock Exchange, a daily newspaper of general circulation in Luxembourg or the Luxembourg Stock Exchange's website, www.luxse.com. It is expected that any such publication in a newspaper will be made in the *Luxemburger Wort* in Luxembourg. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading including publication on the website of the relevant stock exchange or relevant authority if required by those rules. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.
- (b) Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) or on the Luxembourg Stock Exchange's website at www.luxse.com the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published on the website of the relevant stock exchange or relevant authority and/or in a daily newspaper of general circulation in the place or places required by those rules. Unless otherwise specified in the applicable Final Terms, any such notice shall be deemed to have been given to the holders of the Notes on such day as is specified in the applicable Final Terms after the said notice was given to Euroclear and/or Clearstream, Luxembourg.
- (c) Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Agent through Euroclear and/or Clearstream, Luxembourg, as

the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

14. MEETINGS OF NOTEHOLDERS, MODIFICATION AND WAIVER

The Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or any of the provisions of the Agency Agreement. Such a meeting may be convened by the Issuer and shall be convened by the Issuer if required in writing by Noteholders holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, the Receipts or the Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, the Receipts or the Coupons), the quorum shall be one or more persons holding or representing not less than two-thirds in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one-third in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders.

The Agent and the Issuer may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (a) any modification (except such modifications in respect of which an increased quorum is required as mentioned above) of the Notes, the Receipts, the Coupons or the Agency Agreement which is not prejudicial to the interests of the Noteholders; or
- (b) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the law.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 13 as soon as practicable thereafter.

15. AGENTS

The Issuer is entitled to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (a) there will at all times be an Agent;
- (b) so long as the Notes are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority.

In addition, the Issuer shall forthwith appoint a paying agent having a specified office in New York City in the circumstances described in Condition 5.4. Notice of any variation, termination, appointment or change in Paying Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 13.

In acting under the Agency Agreement, the Agents will act solely as agents of the Issuer and do not assume any obligations or relationship of agency or trust to or with the Noteholders, Receiptholders or Couponholders, except that (without affecting the obligations of the Issuer to the Noteholders, Receiptholders and Couponholders, to repay Notes and pay interest thereon) funds received by the Agent for the payment of the principal of or interest on the Notes shall be held by it in trust for the Noteholders and/or Receiptholders or Couponholders until the expiration of the relevant period of prescription under Condition 8. The Issuer will agree to perform and observe the obligations imposed upon it under the Agency Agreement. The Agency Agreement contains provisions for the indemnification of the Paying Agents and for relief from responsibility in certain circumstances, and entitles any of them to enter into business transactions with the Issuer and any of its subsidiaries without being liable to account to the Noteholders, Receiptholders or the Couponholders for any resulting profit.

16. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

17. GOVERNING LAW AND SUBMISSION TO JURISDICTION

17.1 Governing law

The Agency Agreement, the Deed of Covenant, the Notes, the Receipts, the Coupons and any non-contractual obligations arising out of or in connection with any of the aforementioned agreements, deeds and documents are governed by, and shall be construed in accordance with, English law.

17.2 Submission to jurisdiction

The Issuer irrevocably agrees that the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Notes, the Receipts and/or the Coupons (including a dispute relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts and/or the Coupons) and accordingly submit to the exclusive jurisdiction of the English courts.

The Issuer waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Noteholders, the Receiptholders and the Couponholders, may take any suit, action or proceedings (together referred to as **Proceedings**) arising out of or in connection with the Notes, the Receipts and the Coupons (including any Proceedings relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts and the Coupons) against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

17.3 Appointment of Process Agent

The Issuer appoints Crédit Industriel et Commercial, London Branch at its registered office in England at Finsbury Circus House, 15 Finsbury Circus, London EC2M 7EB as its agent for service of process, and undertakes that, in the event of Crédit Industriel et Commercial, London Branch ceasing so to act or ceasing to be registered in England, it will appoint another person as its agent for service of process

in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

17.4 Other documents

The Issuer has in the Agency Agreement and the Deed of Covenant submitted to the jurisdiction of the English courts and appointed an agent for service of process in terms substantially similar to those set out above.

18. BAIL-IN

18.1 Acknowledgement

Notwithstanding any other term of the Notes or any other agreement, arrangement or understanding between the Issuer and the holders, by its subscription and/or purchase and holding of the Notes, each holder (which for the purposes of this Condition 18 includes each holder of a beneficial interest in the Notes) acknowledges, accepts, consents and agrees:

- (i) to be bound by the effect of the exercise of the Bail-in Power by the Relevant Resolution Authority, which may include and result in any of the following, or some combination thereof:
 - (A) the reduction of all, or a portion, of the Amounts Due on a permanent basis;
 - (B) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to the holder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of the Notes, in which case the holder agrees to accept in lieu of its rights under the Notes any such shares, other securities or other obligations of the Issuer or another person;
 - (C) the cancellation of the Notes or Amounts Due;
 - (D) the amendment or alteration of the maturity of the Notes or amendment of the Interest Amount payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period; and
- (ii) that the terms of the Notes are subject to, and may be varied, if necessary, to give effect to the exercise of the Bail-in Power by the Relevant Resolution Authority.

18.2 Payment of Interest and Other Outstanding Amounts Due

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Bail-in Power by the Relevant Resolution Authority with respect to the Issuer unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations in effect in France and the European Union applicable to the Issuer or other members of the **Group** (being the Issuer and its consolidated subsidiaries taken as a whole).

18.3 Notice to Holders

Upon the exercise of any Bail-in Power by the Relevant Resolution Authority with respect to the Notes, the Issuer will make available a written notice to the holders as soon as practicable regarding such

exercise of the Bail-in Power. The Issuer will also deliver a copy of such notice to the Agents for information purposes.

18.4 Duties of the Agents

Upon the exercise of any Bail-in Power by the Relevant Resolution Authority, (a) the Agents shall not be required to take any directions from holders, and (b) the Agency Agreement shall impose no duties upon any of the Agents whatsoever, in each case with respect to the exercise of any Bail-in Power by the Relevant Resolution Authority.

18.5 Proration

If the Relevant Resolution Authority exercises the Bail-in Power with respect to less than the total Amounts Due, unless any of the Agents is otherwise instructed by the Issuer or the Relevant Resolution Authority, any cancellation, write-off or conversion made in respect of the Notes pursuant to the Bail-in Power will be made on a pro-rata basis.

18.6 Conditions Exhaustive

The matters set forth in this Condition 18 shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Issuer and any holder of a Note.

For the purposes of the Terms and Conditions of the English Law Notes:

Amounts Due means the principal amount, together with any accrued but unpaid interest, and additional amounts payable in accordance with Condition 7, if any, due on the Notes. ADDITIONAL PROVISIONS APPLICABLE TO THE NOTES

Sections 19 to 27 below are applicable to both English Law Notes and French Law Notes. Any reference to “Notes” therein shall therefore apply to English Law Notes or French Law Notes, as the case may be.

19. ADDITIONAL PROVISIONS APPLICABLE TO CREDIT LINKED NOTES

This Condition 19 applies to Credit Linked Notes only. The Technical Annex set out on pages 503 to 536 of this Base Prospectus contains provisions relating to the formulae used to determine amounts payable under Credit Linked Notes. The applicable Final Terms must be read in conjunction with this Condition 19 and with the Technical Annex for full information on any Credit Linked Notes. The applicable Final Terms will specify whether the principal is guaranteed at maturity or not and identify the relevant Reference Entity(ies), the relevant Credit Event(s), the applicable Settlement Method (Auction Settlement, Cash Settlement or Physical Settlement) and Fallback Settlement Method, the Scheduled Maturity Date, the Scheduled Termination Date, the Valuation Date and the Valuation Time, the Valuation Method and the relevant formula, all as determined in accordance with this Condition 19 and the Technical Annex.

In the case of a single Credit Linked Note or in the case of a basket of Credit Linked Notes where a single Reference Entity or Reference Obligation represents 20% or more of the pool, the Reference Entity (or the issuer of the Reference Obligation) must have securities already admitted to trading on a regulated market, equivalent third country market or SME growth market.

2014 ISDA CREDIT DERIVATIVES DEFINITIONS

19.1 Payment of Credit Linked Interest upon occurrence of a Credit Event

If payment of Interest under the Notes is conditional upon the occurrence or the non-occurrence of a Credit Event on a Reference Obligation or Reference Entity during the Reference Period, the applicable Final Terms will provide for the formula and/or conditions of such payment in accordance with the provisions of the Technical Annex.

19.2 Redemption of Credit Linked Notes upon occurrence of a Credit Event

(a) Credit Event Notice

If at any time the Calculation Agent determines that a Credit Event has occurred during the Reference Period, whether or not such event is continuing, the Issuer may give a Credit Event Notice during the Notice Delivery Period to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of its intention to redeem the Credit Linked Notes (other than principal protected Credit Linked Notes), and if such notice is so given, the Issuer shall, unless otherwise specified in the applicable Final Terms and in accordance with the provisions of the Technical Annex, redeem all but not some only of the Credit Linked Notes then outstanding on the Credit Event Redemption Date, subject to the provisions of Condition 19.15, as determined by the Calculation Agent in its sole discretion. Such redemption shall occur by Physical Settlement and/or, if so specified in the applicable Final Terms, Cash Settlement or Auction Settlement.

The Credit Event Redemption Date may be a date falling after the originally scheduled Maturity Date in which case the originally scheduled Maturity Date shall be deemed to be replaced by the relevant date specified in the Credit Event Notice or otherwise notified to the Noteholders.

For the avoidance of doubt and notwithstanding any other provision of these Conditions, no amount of interest shall be payable on the Notes from (and including) the Interest Payment Date (or, the Interest Commencement Date) immediately preceding the date on which the Credit Event occurred, unless otherwise specified in the applicable Final Terms.

The Credit Event Notice shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, and shall:

- (i) describe the grounds on which the Calculation Agent has determined that a Credit Event has occurred (but need not assert that a Credit Event is continuing);
- (ii) specify the Credit Event Determination Date; and
- (iii) confirm that either (A) the Notes will be redeemed by Delivery of the Deliverable Obligations as specified in the Notice of Physical Settlement (in the case of Physical Settlement and subject to the provisions of Condition 19.14) or (B) the Notes will be redeemed at their Cash Settlement Amount (in the case of Cash Settlement) or (C) the Notes will be redeemed at their Auction Settlement Amount (in the case of Auction Settlement), in each case on the Credit Event Redemption Date.

Unless otherwise stated in the applicable Final Terms in respect of principal protected Credit Linked Notes, once a Credit Event has occurred during the Reference Period and a Credit Event Notice has been issued, the Issuer's only obligation, other than to deliver a Notice of Publicly Available Information (if specified in the applicable Final Terms) and, in the case of Physical Settlement, a Notice of Physical Settlement, shall be to deliver (subject to the provisions of Conditions 19.8, 19.9, 19.10 and 19.11) the Deliverable Obligations (in the case of Physical Settlement) and/or pay the Cash Settlement Amount (in the case of Cash Settlement) or, as the case may be, pay a *pro rata* amount in respect of each Note of the Auction Settlement Amount (in the case of Auction Settlement), on the Credit Event Redemption Date. Upon Delivery of the Deliverable Obligations and/or, as the case may be, payment of the Cash Settlement Amount or Auction Settlement Amount in respect of each Note, the Issuer shall have discharged all of its obligations in respect of such Note and shall have no other liability or obligation whatsoever in respect thereof.

Where Restructuring is specified in the applicable Final Terms as being an applicable Credit Event, there may be more than one Credit Event Notice delivered in respect of the same Reference Entity, as further described in Condition 19.15 below.

If "First to Default Credit Linked Note" is specified as "Applicable" in the Final Terms, then this paragraph (a) shall apply only to the Reference Entity in respect of which a Credit Event has occurred first in time with respect to the other Reference Entities specified in the Final Terms.

(b) Determination of the occurrence of a Credit Event

The Calculation Agent shall determine whether or not a Credit Event has occurred during the Reference Period. The Calculation Agent shall, however, have no duty or responsibility to investigate or check whether such Credit Event has or may have occurred or is continuing on any date and shall be entitled to assume, in the absence of actual knowledge to the contrary of the employees or officers of the Calculation Agent directly responsible for the time being for making determinations hereunder, that no Credit Event has occurred or is continuing.

When determining the existence or occurrence of any Credit Event, the determination shall be made without regard to:

- (i) any lack or alleged lack of authority or capacity of a Reference Entity to enter into any Obligation or, as applicable, an Underlying Obligor to enter into any Underlying Obligation;
- (ii) any actual or alleged unenforceability, illegality, impossibility or invalidity with respect to any Obligation or, as applicable, any Underlying Obligation, however described;
- (iii) any applicable law, order, regulation, decree or notice, however described, or the promulgation of, or any change in, the interpretation by any court, tribunal, regulatory authority or similar administrative or judicial body with competent or apparent jurisdiction of any applicable law, order, regulation, decree or notice, however described; or
- (iv) the imposition of or any change in any exchange controls, capital restrictions or any other similar restrictions imposed by any monetary or other authority, however described.

If the Calculation Agent determines in its sole and absolute discretion that a Credit Event has occurred during the Reference Period it shall promptly notify the Issuer and the Agent. The determination by the Calculation Agent of the occurrence of a Credit Event shall (in the absence of wilful default, bad faith or manifest error) be conclusive and binding on all persons (including, without limitation, the **Noteholders**).

(c) Calculation Agent and notices

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent under or pursuant to this Condition shall (in the absence of manifest error) be final and binding on the Issuer and the Noteholders. In performing its duties pursuant to the Notes, the Calculation Agent shall act in its sole and absolute discretion. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or discretions under or pursuant to the Notes including, without limitation, the giving of any notice to any party, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion, and neither the Calculation Agent nor the Issuer shall bear any liability in respect of, or consequent upon, any such delay, deferral or forbearance.

A notice delivered by the Calculation Agent to the Issuer and/or the Agent on or prior to 5.00 p.m., Luxembourg time on a T2 Business Day will be effective on such T2 Business Day. A notice delivered after 5:00 p.m., Luxembourg time will be deemed effective on the next following Business Day regardless of the form in which it is delivered. For the purposes of the two preceding sentences, a notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of such notice within one T2 Business Day of such notice.

19.3 Auction Settlement

Where the Issuer is to redeem Notes by means of Auction Settlement, the redemption of each Note shall be effected by the payment of the Auction Settlement Amount on the Credit Event Redemption Date, such amount to be apportioned pro rata among the Noteholders, rounding the resulting figure downwards to the nearest sub-unit of the relevant currency.

Unless settlement has occurred in accordance with the above paragraph, if (a) an Auction Cancellation Date occurs, (b) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraph (b) or (c)(ii) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option), (c) ISDA publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved, following a Credit Event Resolution Request Date, not to determine the matters described in the definition of Credit Event Resolution Request Date, (d) a Credit Event Determination Date was determined pursuant to paragraph (a)(i) of the definition of Credit Event Determination Date or paragraph (a) of the definition of Non-Standard Credit Event Determination Date and no Credit Event Resolution Request Date has occurred on or prior to the date falling three Business Days after such Credit Event Determination Date or (e) if the Issuer (or an affiliate acting on behalf of the Issuer) otherwise determines that it is appropriate by reference to its and/or any of its affiliates' Hedge Positions:

- (a) if "Fallback Settlement Method – Physical Settlement" is specified as applicable in the applicable Final Terms, the Issuer shall redeem the Notes in accordance with Condition 19.6; or
- (b) if "Fallback Settlement Method – Cash Settlement" is specified as applicable in the applicable Final Terms, the Issuer shall redeem the Notes in accordance with Condition 19.7.

19.4 Market Disruption

Market Disruption Event means the occurrence or existence of a specific circumstance or a combination of circumstances, which in either case the Calculation Agent determines is material and which objectively prevents it from determining whether a Knock-in or Knock-out Event has occurred, at any time during the one hour period that (a) for the purposes of the occurrence of a Knock-in Event or a Knock-out Event begins or ends at the time when the event triggers respectively the Knock-in Level or the Knock-out Level or (b) in all other circumstances ends at the relevant Valuation Time.

The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been a Knock-in Determination Day, a Knock-out Determination Day or a Valuation Date.

19.5 Knock-in Event and Knock-out Event

If Knock-in Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-in Event shall be conditional upon the occurrence of such Knock-in Event.

If Knock-out Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-out Event shall be conditional upon the occurrence of such Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if any Knock-in Determination Day or Knock-out Determination Day is a Disrupted Day, then such Knock-in Determination Day or Knock-out Determination Day will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining the occurrence of a Knock-in Event or a Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is any time or period of time during any Knock-in Determination Day or Knock-out

Determination Day and at any time during the one hour period that begins and/or ends at the time on which the Knock-in Level or the Knock-out Level has been triggered, a Market Disruption Event occurs or exists, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred.

For the purposes of this Condition 19:

Knock-in Event means an event specified as such in the applicable Final Terms as of the Knock-in Valuation Time on any Knock-in Determination Day and which may be an event *per se*, specified in the applicable Final Terms or depending on being (i) "greater than", (ii) "greater than or equal to", (iii) "less than" or (iv) "less than or equal to" the Knock-in Level.

Knock-in Level means a level specified as such in the applicable Final terms, subject to adjustment from time to time in accordance with the provisions of "Market Disruption" set out in Condition 19.4 above.

Knock-in Determination Day means a day specified as such in the applicable Final Terms, or each Scheduled Trading Day during the Knock-in Determination Period subject to, in either case, the provisions of "Market Disruption" set out in Condition 19.4 above. For the purposes of a Market Disruption, any Knock-in Determination Day will be treated as a Valuation Date and the provisions contained in the definition of "Valuation Date" set out below shall apply. Knock-out Level means a level determined as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions of "Market Disruption" set out in Condition 19.4 above.

Knock-out Determination Day means a day specified as such in the applicable Final Terms, or each Scheduled Trading Day during the Knock-out Determination Period subject to, in either case, the provisions of "Market Disruption" set out in Condition 19.4 above. For the purposes of a Market Disruption, any Knock-out Determination Day will be treated as a Valuation Date and the provisions contained in the definition of "Valuation Date" set out below shall apply. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Knock-out Determination Day".

Knock-out Determination Period means the period which commences on, and includes, the Knock-out Period Beginning Date and ends on, and includes, the Knock-out Period Ending Date.

Knock-out Period Beginning Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

19.6 Physical Settlement

Where the Issuer is to redeem the Notes by means of Physical Settlement, the redemption of each Note shall, subject as provided in Condition 5.7, be effected by the Delivery Agent on behalf of the Issuer to the Noteholders of the Deliverable Obligations on the Credit Event Redemption Date.

If Unwind Amount is specified as "Applicable" in the Final Terms, then the Delivery Agent on behalf of the Issuer shall deliver the Deliverable Obligations subject to adjustment after taking into consideration the Unwind Amount pursuant to the following:

- (a) if the Unwind Amount results in a net loss to the Issuer, then an amount of the Deliverable Obligations equivalent in value to such net loss shall be sold by the Issuer to compensate it therefor, and the remaining portion of the Deliverable Obligations, if any, shall be delivered; or
- (b) if the Unwind Amount results in a net gain to the Issuer, such net gain shall be paid in cash to the Noteholders in addition to the Deliverable Obligations.

In the case of Deliverable Obligations that are Borrowed Money obligations, (i) the Issuer will Deliver Deliverable Obligations with an Outstanding Principal Balance or Due and Payable Amount, as the case may be, (including accrued but unpaid interest (as determined by Calculation Agent) if "Include Accrued Interest" is specified in the Final Terms, but excluding accrued but unpaid interest if "Exclude Accrued Interest" is specified in the Final Terms, and if neither "Include Accrued Interest" nor "Exclude Accrued Interest" is specified in the Final Terms, excluding accrued but unpaid interest) and (ii) in the case of Deliverable Obligations that are not Borrowed Money obligations, the Issuer will Deliver Deliverable Obligations with a Due and Payable Amount (or, in the case of either (i) or (ii), the equivalent Currency Amount of any such amount), in an aggregate amount as close as possible to the outstanding Aggregate Nominal Amount of the Notes.

The portion of Deliverable Obligations deliverable in respect of each Note shall be determined by reference to the proportion that the Specified Denomination of such Note bears to the outstanding Aggregate Nominal Amount of the Notes. If a Deliverable Obligation by its terms represents or contemplates an obligation to pay an amount greater than the Outstanding Principal Balance or Due and Payable Amount, as the case may be, of such obligation as of the Delivery Date as a result of the occurrence or non-occurrence of an event or circumstance, the Outstanding Principal Balance or Due and Payable Amount, as the case may be, of such obligation shall not include any additional amount that would be payable upon the occurrence or non-occurrence of such event or circumstance.

Unless otherwise specified in the applicable Final Terms, a Notice of Physical Settlement must be delivered by the Issuer to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, on or before the 30th calendar day after the relevant Event Determination Date (such 30th calendar day being the **Physical Determination Date**). For purposes of determining whether such Notice of Physical Settlement has been so delivered

by the Physical Determination Date, the date on which the Notice of Physical Settlement is given (whether or not subsequently changed) shall be used.

For the avoidance of doubt, failure to deliver a Notice of Physical Settlement to the Noteholders shall not relieve the Issuer from its obligation to redeem the Notes. If on the Physical Determination Date no Notice of Physical Settlement has been delivered to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, the Issuer shall be obliged to redeem the Notes in cash at their outstanding Aggregate Nominal Amount as soon as reasonably practicable and the date on which the Notes are redeemed shall be deemed to be the Credit Event Redemption Date.

19.7 Cash Settlement

Where the Issuer is to redeem the Notes by means of Cash Settlement, the redemption of each Note shall be effected by the payment by the Issuer to the Noteholders of the Cash Settlement Amount on the Cash Settlement Date, such amount to be apportioned pro rata among the Noteholders, rounding the resulting figure downwards to the nearest sub-unit of the relevant currency.

If Unwind Amount is specified as "Applicable" in the Final Terms, then the Issuer shall pay the Cash Settlement Amount, subject to adjustment after taking into consideration the Unwind Amount pursuant to the following:

- (a) if the Unwind Amount results in a net loss to the Issuer, then the net loss shall be deducted from the Cash Settlement Amount; or
- (b) if the Unwind Amount results in a net gain to the Issuer, such net gain shall be paid to the Noteholders in addition to the Cash Settlement Amount.

19.8 Partial Cash Settlement due to illegality or impossibility

If, due to an event beyond the control of the Issuer or a Noteholder (including, without limitation, failure of the relevant clearing system or due to any law, regulation or court order but excluding market conditions or the failure to obtain any requisite consent with respect to the Delivery of Loans), the Calculation Agent determines in its sole discretion that it is impossible or illegal for the Delivery Agent or the Issuer to Deliver, or (as the case may be) for such Noteholder to accept Delivery of, any portion of the Deliverable Obligations on the Physical Settlement Date, then on such date:

- (a) the Issuer shall Deliver, or cause the Delivery Agent to Deliver, and the Noteholder shall take Delivery of, that portion of the Deliverable Obligations which it is possible and legal to Deliver; and
- (b) the Calculation Agent shall provide a description to the Issuer and the relevant Noteholder(s) in reasonable detail of the facts giving rise to such impossibility or illegality and as soon as practicable thereafter the Delivery Agent or, as the case may be, the Issuer shall Deliver and the Noteholder shall take Delivery of the portion of the Deliverable Obligations which has not been Delivered and such date will be deemed to be the Credit Event Redemption Date.

If, upon the determination by the Calculation Agent as aforesaid of the occurrence of any such impossibility or illegality, the Deliverable Obligations is not Delivered to the Noteholder(s) (or any of their designees) on or before the Latest Permissible Physical Settlement Date, Cash Settlement pursuant to the Partial Cash Settlement Terms shall be deemed to apply to such portion of the Deliverable Obligations that cannot be Delivered (the **Undeliverable Obligations**).

19.9 Partial Cash Settlement of Loans

Where the applicable Final Terms provides that "Assignable Loan" and/or "Consent Required Loan" is/are included in the "Deliverable Obligation Characteristics", if any Assignable Loans or Consent Required Loans are not, on the Physical Settlement Date, capable of being assigned or novated to any particular Noteholder or such Noteholder's designee due to non-receipt of any requisite consents and such consents are not obtained or deemed given by the Latest Permissible Physical Settlement Date (together the **Undeliverable Loan Obligations**), Cash Settlement pursuant to the Partial Cash Settlement Terms shall be deemed to apply to that portion of the Deliverable Obligations that consists of Undeliverable Loan Obligations. In such circumstances, the Issuer may satisfy its obligations in respect of such portion of the Deliverable Obligations by payment of the Partial Cash Settlement Amount on the Partial Cash Settlement Date.

19.10 Alternative Cash Settlement

If with respect to physically settled Notes, (i) the Deliverable Obligations comprise Bonds, Assignable Loans or Consent Required Loans (the **Deliverable Assets**) and if (ii), in the opinion of the Calculation Agent, any particular Noteholder is not eligible for Physical Settlement for any part of such Deliverable Assets (the **Non-Eligible Deliverable Assets**) then such Non-Eligible Deliverable Assets will be subject to Cash Settlement pursuant to the Partial Cash Settlement Terms. In such circumstances, the Issuer may satisfy its obligations in respect of such Non-Eligible Deliverable Assets by payment to such Noteholder of the Partial Cash Settlement Amount on the Partial Cash Settlement Date.

19.11 No Deliverable Obligations

Where the Issuer is to redeem the Notes by means of Physical Settlement (or by Cash Settlement or in connection with principal protected Credit Linked Notes, in either case when necessary calculations relate to Deliverable Obligations or Deliverable Obligation Characteristics), if a Credit Event occurs with respect to any particular Reference Entity and the Calculation Agent determines in its sole discretion that (a) no Deliverable Obligation exists on the Physical Settlement Date (or the Valuation Date, as the case may be), or (b) the Issuer, or the Delivery Agent on the Issuer's behalf, is for any reason (other than (a) immediately above or as set out in Condition 19.8 or 19.9 above or in the applicable Final Terms), unable to procure any Deliverable Obligations, or a sufficient amount of Deliverable Obligations, by the thirtieth day following the Physical Settlement Date, then the Calculation Agent shall have the right in its sole discretion to either (i) in the case of (a) above, cause all of the Notes to become due and repayable as soon as reasonably practicable at their outstanding Aggregate Nominal Amount (excluding accrued interest) or (ii) in the case of (b) above, either (A) elect Physical Settlement in a *pro rata* fashion that portion of each Note to the extent that the aggregate amount of Deliverable Obligations due exceeds the aggregate amount of Deliverable Obligations available and elect Cash Settlement for the remaining portion of each Note in accordance with (B) below, or (B) elect that Cash Settlement pursuant to the Partial Cash Settlement Terms shall apply to such Deliverable Obligation (such Deliverable Obligation being deemed an Undeliverable Obligation for these purposes) and the Issuer may satisfy its obligations in respect of such Deliverable Obligation by payment to the Noteholder(s) of the Partial Cash Settlement Amount on the Partial Cash Settlement Date, such amount to be apportioned *pro rata* among the Noteholders.

19.12 Partial Cash Settlement Terms

The following terms are deemed to be defined as follows for the purposes of the Partial Cash Settlement Terms referred to in Condition 19.8, 19.9, 19.10 and 19.11 above.

Dealer means a dealer, financial institution or fund (which, for the avoidance of doubt, shall include the Issuer or any Affiliate of the Issuer) that deals or invests in obligations of the type of Obligation(s)

for which Quotations are to be obtained. The Calculation Agent shall select the Dealers in good faith and in a commercially reasonable manner. Upon a selected Dealer no longer being in existence (with no successors), or not being an active dealer in the obligations of the type for which Quotations are to be obtained, the Calculation Agent may substitute any other Dealer(s) for one or more of the foregoing. Any bid quotation provided by the Issuer shall be deemed to be a firm quotation that it would provide to a counterparty in the market.

Final Price means the price of the obligation being valued, expressed as a percentage, determined in accordance with the specified Valuation Method. The Calculation Agent shall, as soon as practicable after obtaining all Quotations for a Valuation Date, notify the Issuer of each such Quotation that it receives in connection with the calculation of the Final Price and shall provide the Issuer a written computation showing its calculation of the Final Price.

Highest means the highest Quotation obtained by the Calculation Agent (or in accordance with the definition of "Quotation") with respect to any Valuation Date.

Latest Permissible Physical Settlement Date means, in respect of Condition 19.8, the date that is 30 calendar days after the Physical Settlement Date and, in respect of Condition 19.9, the date that is fifteen Business Days after the Physical Settlement Date.

Market means the Market Value determined by the Calculation Agent with respect to the Valuation Date.

Market Value means, with respect to obligations being valued on a Valuation Date, (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (ii) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest and lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations; (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation; (v) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained on any of the next ten Business Days thereafter, any one Full Quotation on such tenth Business Day, and or if no Full Quotation is obtained, the Market Value shall be the weighted average of any firm quotations obtained from Dealers on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations were not obtained on such day.

Minimum Quotation Amount shall be as specified in the applicable Final Terms or shall be deemed to be equal to the applicable Specified Denomination of the Notes.

Partial Cash Settlement is deemed to be the payment by the Issuer of the Partial Cash Settlement Amount to the Noteholders on the Partial Cash Settlement Date.

Partial Cash Settlement Amount is deemed to be, for each Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset, the aggregate of the greater of (i) the aggregate of (A) Outstanding Principal Balance, Due and Payable Amount or Currency Amount, as applicable, of each Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset, multiplied by (B) the Final Price with respect to such Undeliverable Obligation or Undeliverable Loan Obligation and (ii) zero provided that where (i) a relevant Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset forms part of the Asset Package and (ii) the Calculation Agent determines in its sole discretion that a Final Price cannot be reasonably determined

in respect of such Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset, then the Partial Cash Settlement Amount (i) shall be an amount calculated by the Calculation Agent in its sole discretion equal to the fair market value of the relevant Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset by reference to such source(s) as it determines appropriate and (ii) may be zero.

Partial Cash Settlement Date is deemed to be the date that is three Business Days after the calculation of the Final Price or such other date specified in the relevant Final Terms.

Quotation means each Full Quotation, the Weighted Average Quotation obtained and expressed as a percentage of the Outstanding Principal Balance or Due and Payable Amount, as applicable of the relevant Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset, with respect to a Valuation Date as follows:

The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Dealers. If the Calculation Agent is unable to obtain two or more such Full Quotations on the same Business Day within three Business Days of a Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the tenth Business Day following the relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five or more Dealers, and, if two or more Full Quotations are not available, a Weighted Average Quotation. If two or more such Full Quotations or a Weighted Average Quotation are not available on any such Business Day, the Quotations shall be deemed to be any Full Quotation obtained from a Dealer on such tenth Business Day, or if no Full Quotation is obtained, the weighted average of any firm quotations obtained from Dealers on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations were not obtained on such day.

Quotation Amount shall be as specified in the applicable Final Terms or otherwise shall be deemed to be, with respect to each type of Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset, an amount equal to the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency converted by the Calculation Agent in a commercially reasonable manner by reference to exchange rates in effect at the time that the relevant Quotation is being obtained), as applicable, of such Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset.

Quotation Method means the applicable quotation method which may be specified in the Final Terms as being one of the following:

- (a) **Bid** means that only bid quotations shall be requested;
- (b) **Mid** means that the bid and offer quotations shall be requested and averaged for the purposes of determining a relevant Dealer's quotation; or
- (c) **Ask** means that only offer quotations shall be requested.

Valuation Date is deemed to be the date that is two Business Days after the Latest Permissible Physical Settlement Date.

Valuation Time is deemed to be 11:00 a.m. London time, or 11:00 a.m. in the principal trading market of the relevant obligation as determined by the Calculation Agent, unless stated otherwise in the applicable Final Terms.

Valuation Method shall be as specified in the applicable Final Terms or otherwise shall be deemed to be, (i) if only one Valuation Date, Highest, or (ii) if more than one Valuation Date, Average Highest, or if "Market" has been designated in the relevant Final Terms, "Market Value" shall apply.

Weighted Average Quotation means, in accordance with the Quotation Method, the weighted average of firm quotations obtained from Relevant Dealers at the Valuation Time, to the extent reasonably practicable, with an amount of as large a size as available but less than the Quotation Amount that in aggregate are approximately equal to the Quotation Amount.

19.13 Maturity Date Extension

Unless otherwise stated in the applicable Final Terms if, prior to any payment date under the Notes, (a) a Potential Failure to Pay has occurred with respect to one or more of the Obligations; (b) under the terms of such Obligation(s), a grace period is applicable to payments under the Obligation(s); and (c) such grace period does not expire on or prior to such payment date under the Notes, then such Interest Payment Date or, as the case may be, the Maturity Date, shall be postponed until the fifth Business Day after such Potential Failure to Pay has been remedied, provided that a Credit Event shall be deemed to have occurred, and no payment shall be made, if the Potential Failure to Pay has not been remedied during the applicable grace period.

No adjustment shall be made to the amount of any interest as a result of such delay. The Issuer shall endeavour to give notice to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, as soon as reasonably practicable should the Maturity Date or any payment date be postponed pursuant to the foregoing.

19.14 Repudiation/Moratorium Maturity Date Extension

Unless stated otherwise in the applicable Final Terms if, prior to the Maturity Date under the Notes, (a) "Repudiation/Moratorium" is listed as an applicable Credit Event in the applicable Final Terms; (b) a Potential Repudiation/Moratorium has occurred with respect to one or more of the Obligations; and (c) such Potential Repudiation/Moratorium has not been remedied or rescinded prior to the Maturity Date, then the Maturity Date shall be postponed until the fifth Business Day after such Potential Repudiation/Moratorium has been remedied or rescinded, provided that a Credit Event shall be deemed to have occurred, and no payment shall be made, if (i) such Potential Repudiation/Moratorium has not been remedied or rescinded by the sixtieth day after the original Maturity Date (or if the Obligation which is the subject of the Potential Repudiation/Moratorium is a Bond, the later of the sixtieth day or the first payment date under such Bond after the Maturity Date), or (ii) a Restructuring (without regard to the Default Requirement) or a Failure to Pay (determined without regard to the Payment Requirement or any change or amendment to such Obligation as a result of such Restructuring), has occurred with respect to any such Obligation.

No adjustment shall be made to the amount of any interest as a result of such delay. The Issuer shall endeavour to give notice to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, as soon as reasonably practicable should the Maturity Date be postponed pursuant to the foregoing.

19.15 Restructuring Credit Event Applicable

Where Restructuring is specified in the applicable Final Terms as being an applicable Credit Event, unless otherwise specified in the applicable Final Terms with respect to a specific Reference Entity, upon the occurrence of an M(M)R Restructuring the Issuer may deliver multiple Credit Event Notices with respect to such Restructuring Credit Event. Accordingly, notwithstanding Conditions 19.1 to 19.14 above, where an M(M)R Restructuring has occurred and the Issuer has delivered a Credit Event Notice for an amount that is less than the outstanding Aggregate Nominal Amount of the Notes

outstanding immediately prior to the delivery of such Credit Event Notice (the **Exercise Amount**), the provisions of Conditions 19.1 to 19.14 above shall be deemed to apply to a nominal amount equal to the Exercise Amount only and all the provisions shall be construed accordingly. Each such Note shall be redeemed in part (such redeemed part being equal to the resultant figure of the Exercise Amount divided by the number of Notes outstanding).

The Notes shall be deemed to be redeemed *pro rata* in an amount equal to the Exercise Amount only. The Notes in an amount equal to the Outstanding Amount shall remain outstanding and interest shall accrue on the Outstanding Amount as provided for in Condition 4 (adjusted in such manner as the Calculation Agent in its sole and absolute discretion determines to be appropriate).

In respect of any subsequent Credit Event Notices delivered:

- (a) the Exercise Amount in connection with a Credit Event Notice describing a Credit Event other than a Restructuring must be equal to the then outstanding Aggregate Nominal Amount of the Notes (and not a portion thereof); and
- (b) the Exercise Amount in connection with a Credit Event Notice describing a Restructuring Credit Event must be an amount that is at least 1,000,000 units of the currency (or, if Japanese Yen, 100,000,000 units) in which the nominal amount is denominated or any integral multiple thereof or the entire then outstanding Aggregate Nominal Amount of the Notes.

If the provisions of this Condition 19.15 apply in respect of the Notes, on redemption of part of each such Note, the relevant Note or, if the Notes are represented by a Global Note, such Global Note shall be endorsed to reflect such partial redemption.

19.16 General

For such period of time after the relevant Physical Settlement Date as the Issuer or any other person (other than a Noteholder) shall continue to be the legal owner of the securities, interests or other assets comprising the Deliverable Obligations (the **Intervening Period**), neither the Issuer nor any other such person shall:

- (a) be under any obligation to deliver or procure delivery to such Noteholder(s) or any subsequent beneficial owner of such securities any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such securities; or
- (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such securities during the Intervening Period; or
- (c) be under any liability to such Noteholder(s) or any subsequent beneficial owner of such securities in respect of any loss or damage which such Noteholder(s) or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being the legal owner of such securities during such Intervening Period (including, without limitation, any loss or damage resulting from the failure to exercise any or all rights (including voting rights) attaching to such securities during the Intervening Period).

19.17 Consequences of an Early Amortisation of the Reference Obligation

If the Reference Obligation Notional Amount, as specified in the applicable Final Terms, is subject to reduction as a result of scheduled or accelerated amortisation, acceleration of payment obligations, redemption or otherwise, but excluding any payment in respect of principal representing capitalised interest (an **Early Amortisation**), then the Issuer may elect in its sole and absolute discretion, after

giving Notice to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be:

- (a) to maintain the Terms and Conditions of the Notes unaltered;
- (b) to partially redeem each Note within five (5) Business Days following the Early Amortisation Date by an amount (the Redeemed Amount) equal to its pro rata share of the Fair Market Value of such portion of the Reference Obligation Notional Amount early amortised on the Early Amortisation Date (as defined below) (where such pro rata share will be determined by reference to the proportion of the outstanding Aggregate Nominal Amount of the Notes), plus interest for the period from and including the Early Amortisation Date to but excluding the redemption date calculated on the basis of a rate of interest equal to the arithmetic mean of €STR (as defined in the Conditions) on the Early Redemption Date. The Specified Denomination, the formula or any other characteristics of the Notes shall be adjusted accordingly by the Calculation Agent to reflect such Early Amortisation. For the avoidance of doubt, the portion of the Notes not affected by the Early Amortisation shall remain outstanding with full force and effect. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be; or
- (c) to redeem in whole all but not some only of the Notes at their Fair Market Value.

19.18 Specific adjustments regarding credit indices and index tranches

With respect to a credit index or an index tranche referred to in the payouts entitled "Basket/Index Credit Linked Notes"; "Index Tranche Credit Linked Notes", "nth to Default Credit Linked Notes Early Redeemed" and "nth to Default Credit Linked Notes Redeemed at Maturity" in paragraph 4.3 of the Technical Annex, upon the occurrence of an event that the Calculation Agent considers, acting in a commercially reasonable manner, as materially impacting the credit index or the index tranche (including but not limited to trading disruptions, market instability or force majeure events), the Calculation Agent shall:

- (i) apply the fallback provisions set forth in the relevant underlying hedging agreement entered into by the Issuer which shall be disclosed in the applicable Final Terms or
- (ii) if such relevant hedging agreement is not communicated by the Issuer, the Calculation Agent shall apply the fallback provisions that it considers as appropriate given the circumstances, acting in a commercially reasonable manner.

19.19 Definitions

For the purposes of this Condition 19 (unless otherwise specified in the applicable Final Terms or the context otherwise requires):

Accelerated or Matured means an obligation under which the principal amount owed, whether by reason of maturity, acceleration, termination or otherwise, is due and payable in full in accordance with the terms of such obligation, or would have been but for, and without regard to, any limitation imposed under any applicable insolvency laws.

Accrued Interest means for the purpose of these Additional provisions applicable to Credit Linked Notes:

- (a) in respect of any Notes for which "Physical Settlement" is specified to be the Settlement Method in the applicable Final Terms (or for which Physical Settlement is applicable as the

Fallback Settlement Method in accordance with Credit Linked Condition 19.3), the Outstanding Principal Balance of the Deliverable Obligations being Delivered will exclude accrued but unpaid interest, unless "Include Accrued Interest" is specified in the applicable Final Terms, in which case, the Outstanding Principal Balance of the Deliverable Obligations being Delivered will include accrued but unpaid interest (as the Calculation Agent shall determine in its reasonable discretion);

- (b) in respect of any Notes for which "Cash Settlement" is specified to be the applicable Settlement Method in the applicable Final Terms (or for which Cash Settlement is applicable as the Fallback Settlement Method in accordance with Credit Linked Condition 19.3), and:
 - (i) "Include Accrued Interest" is specified in the applicable Final Terms, the Outstanding Principal Balance of the Reference Obligation shall include accrued but unpaid interest;
 - (ii) "Exclude Accrued Interest" is specified in the applicable Final Terms, the Outstanding Principal Balance of the Reference Obligation shall not include accrued but unpaid interest; or
 - (iii) neither "Include Accrued Interest" nor "Exclude Accrued Interest" is specified in the applicable Final Terms, the Calculation Agent shall determine, based on the then current market practice in the market of the Reference Obligation whether the Outstanding Principal Balance of the Reference Obligation shall include or exclude accrued but unpaid interest and, if applicable, the amount thereof; or
- (c) if Credit Linked Condition 19.12 applies, the Calculation Agent shall determine, based on the then current market practice in the market of the relevant Undeliverable Obligation, Undeliverable Loan Obligation or Non-Eligible Deliverable Asset (as applicable), whether such Quotations shall include or exclude accrued but unpaid interest.

Asset means each obligation, equity, amount of cash, security, fee (including any "early-bird" or other consent fee), right and/or other asset, whether tangible or otherwise and whether issued, incurred, paid or provided by the relevant Reference Entity or a third party (or any value which was realised or capable of being realised in circumstances where the right and/or asset no longer exists).

Asset Package means, in respect of an Asset Package Credit Event, all of the Assets in the proportion received or retained by a Relevant Holder in connection with such relevant Asset Package Credit Event (which may include the Prior Deliverable Obligation or Package Observable Bond, as the case may be). If the Relevant Holder is offered a choice of Assets or a choice of combinations of Assets, the Asset Package will be the Largest Asset Package. If the Relevant Holder is offered, receives and retains nothing, the Asset Package shall be deemed to be zero.

Asset Package Credit Event means:

- (a) if Financial Reference Entity Terms and Governmental Intervention is specified as "Applicable" in the applicable Final Terms, (i) a Governmental Intervention; or (ii) a Restructuring in respect of the Reference Obligation, if Restructuring is specified as "Applicable" in the applicable Final Terms and such Restructuring does not constitute a Governmental Intervention; and

- (b) if the Reference Entity is a Sovereign and Restructuring is specified as “Applicable” in the applicable Final Terms, a Restructuring,

in each case, whether or not such event is specified as the applicable Credit Event in the Credit Event Notice.

Asset Package Delivery will apply if an Asset Package Credit Event occurs unless (i) such Asset Package Credit Event occurs prior to the First Credit Event Occurrence Date or such later date determined by the Calculation Agent as appropriate by reference to any Hedge Position, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event.

Assignable Loan means a Loan that is capable of being assigned or novated to, at a minimum, commercial banks or financial institutions (irrespective of their jurisdiction of organisation) that are not then a lender or a member of the relevant lending syndicate, without the consent of the relevant Reference Entity or the guarantor, if any, of such Loan (or the consent of the applicable borrower if such Reference Entity is guaranteeing such Loan) or any agent. Unless otherwise specified in the related Final Terms, if the Deliverable Obligation Characteristic Assignable Loan is specified as Applicable in the related Final Terms, such Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Loans and shall only be relevant if Loans are covered by the specified Deliverable Obligation Category).

Relevant Obligations means the Obligations of the Reference Entity which fall within the Obligation Category "Bond or Loan" and which are outstanding immediately prior to the Succession Date (or, if there is a Steps Plan, immediately prior to the legally effective date of the first succession), provided that:

- (a) any Bonds or Loans outstanding between the Reference Entity and any of its Affiliates, or held by the Reference Entity, shall be excluded;
- (b) if there is a Steps Plan, the Calculation Agent shall, for purposes of the determination required to be made under paragraph (a) of the definition of Successor below, make the appropriate adjustments required to take account of any Obligations of the Reference Entity which fall within the Obligation Category "Bond or Loan" that are issued, incurred, redeemed, repurchased or cancelled from and including the legally effective date of the first succession to and including the Succession Date;
- (c) if "Financial Reference Entity Terms" is specified as applicable in the applicable Final Terms and (i) the Reference Obligation or Prior Reference Obligation, as applicable, is a Senior Obligation, or (ii) there is no Reference Obligation or Prior Reference Obligation, the Relevant Obligations shall only include the Senior Obligations of the Reference Entity which fall within the Obligation Category "Bond or Loan"; and

- (b) as Failure to Pay, determined without regard to the Payment Requirement or any change or amendment to any such Obligation as a result of (ii) above, or a Restructuring, determined without regard to the Default Requirement, with respect to any such Obligation occurs on or prior to the Repudiation/Moratorium Evaluation Date.

Repudiation/Moratorium Evaluation Date means, if a Potential Repudiation/Moratorium occurs on or prior to the Scheduled Termination Date, (a) if the Obligations to which such Potential Repudiation/Moratorium relates include Bonds, the date that is the later of (i) the date that is 60 days after the date of such Potential Repudiation/Moratorium and (ii) the first payment date under any such Bond after the date of such Potential Repudiation/Moratorium (or, if later, the expiration date of any applicable Grace Period in respect of such payment date) and (b) if the Obligations to which such Potential Repudiation/Moratorium relates do not include Bonds, the date that is 60 days after the date of such Potential Repudiation/Moratorium; provided that, in either case, the Repudiation/Moratorium Extension Date shall occur no later than the Scheduled Termination Notice Date unless the Repudiation/Moratorium Extension Condition is satisfied.

Repudiation/Moratorium Extension Condition will be satisfied:

- (i) if the DC Secretary publicly announces, pursuant to a valid request that was delivered and effectively received on or prior to the date that is 14 calendar days after the Scheduled Maturity Date, that the relevant Credit Derivatives Determinations Committee has Resolved that an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the Reference Entity and that such event occurred on or prior to the Scheduled Maturity Date; or

In all cases, the Repudiation/Moratorium Extension Condition will be deemed not to have been satisfied, or not capable of being satisfied, if, or to the extent that, the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved that either (A) an event does not constitute a Potential Repudiation/Moratorium with respect to an Obligation of the Reference Entity, or (B) an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the Reference Entity but that such event occurred after the Scheduled Maturity Date.

Repudiation/Moratorium Extension Notice means a notice from the Calculation Agent to the Issuer (which the Calculation Agent has the right but not the obligation to deliver) that describes a Potential Repudiation/Moratorium that occurred on or prior to the Scheduled Maturity Date. A Repudiation/Moratorium Extension Notice must contain a description in reasonable detail of the facts relevant to the determination that a Potential Repudiation/Moratorium has occurred and indicate the date of the occurrence. The Potential Repudiation/Moratorium that is the subject of the Repudiation/Moratorium Extension Notice need not be continuing on the date the Repudiation/Moratorium Extension Notice is effective.

- (i) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination);
- (ii) a reduction in the amount of principal or premium payable at redemption (including by way of redenomination);
- (iii) a postponement or other deferral of a date or dates for either (A) the payment or accrual of interest, or (B) the payment of principal or premium;
- (iv) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation; or
- (v) any change in the currency of any payment of interest, principal or premium to any currency other than the lawful currency of Canada, Japan, Switzerland, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro in whole).

Notwithstanding the above provisions, none of the following shall constitute a Restructuring:

- (e) the occurrence of, agreement to or announcement of any of the events described in (i) to (v) above in circumstances where such event does not directly or indirectly result from a deterioration in the creditworthiness or financial condition of the Reference Entity, provided that in respect of paragraph (v) above only, no such deterioration in the creditworthiness or

financial condition of the Reference Entity is required where the redenomination is from euros into another currency and occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority.

For purposes of this definition of Restructuring and Credit Linked Condition 15, the term Obligation shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Guarantee. In the case of a Guarantee and an Underlying Obligation, references to the Reference Entity in paragraphs (i) to (v) of this definition of Restructuring shall be deemed to refer to the Underlying Obligor and the references to the Reference Entity in paragraphs (b) to (e) of this definition of Restructuring shall continue to be deemed to refer to the Reference Entity.

If an exchange has occurred, the determination as to whether one of the events described under paragraphs (i) to (v) has occurred will be based on a comparison of the terms of the Bond immediately prior to such exchange and the terms of the resulting obligations immediately following such exchange.

Unless Multiple Holder Obligation is specified as not applicable in the applicable Final Terms, then, notwithstanding anything to the contrary in this definition of Restructuring and related provisions, the occurrence of, agreement to or announcement of any of the events described in (i) to (v) above shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

Subordination means, with respect to an obligation (the Second Obligation) and another obligation of the Reference Entity to which such obligation is being compared (the First Obligation), a contractual, trust or other similar arrangement providing that (I) upon the liquidation, dissolution, reorganisation or winding-up of the Reference Entity, claims of the holders of the First Obligation are required to be satisfied prior to the claims of the holders of the Second Obligation or (II) the holders of the Second Obligation will not be entitled to receive or retain principal payments in respect of their claims against the Reference Entity at any time that the Reference Entity is in payment arrears or is otherwise in default under the First Obligation. "Subordinated" will be construed accordingly. For purposes of determining whether Subordination exists or whether an obligation is Subordinated with respect to another obligation to which it is being compared, (x) the existence of preferred creditors arising by operation of law or of collateral, credit support or other credit enhancement or security arrangements shall not be taken into account, except that, notwithstanding the foregoing, priorities arising by operation of law shall be taken into account where the Reference Entity is a Sovereign and (y) in the case of the Reference Obligation or the Prior Reference Obligation, as applicable, the ranking in priority of payment shall be determined as of the date as of which it was issued or incurred (or in circumstances where the Reference Obligation or a Prior Reference Obligation is the Standard Reference Obligation and "Standard Reference Obligation" is applicable, then the priority of payment of the Reference Obligation or the Prior Reference Obligation, as applicable, shall be determined as of the date of selection) and, in each case, shall not reflect any change to such ranking in priority of payment after such date.

Substitute Reference Obligation means, with respect to a Non-Standard Reference Obligation to which a Substitution Event has occurred, the obligation that will replace the Non-Standard Reference Obligation, determined by the Calculation Agent as follows:

- (a) The Calculation Agent shall identify the Substitute Reference Obligation in accordance with paragraphs (c), (d) and (e) below to replace the Non-Standard Reference Obligation; provided that the Calculation Agent will not identify an obligation as the Substitute Reference Obligation if, at the time of the determination, such obligation has already been rejected as the Substitute Reference Obligation by the relevant Credit Derivatives Determinations Committee and such obligation has not changed materially since the date of the relevant DC Resolution.
- (b) If any of the events set forth under paragraphs (a) or (b)(ii) of the definition of Substitution Event have occurred with respect to the Non-Standard Reference Obligation, the Non-Standard Reference Obligation will cease to be the Reference Obligation (other than for purposes of the "Not Subordinated" Obligation Characteristic or "Not Subordinated" Deliverable Obligation Characteristic and paragraph (c)(ii) below). If the event set forth in paragraph (b)(i) of the definition of Substitution Event below has occurred with respect to the Non-Standard Reference Obligation and no Substitute Reference Obligation is available, the Non-Standard Reference Obligation will continue to be the Reference Obligation until the Substitute Reference Obligation is identified or, if earlier, until any of the events set forth under paragraphs (a) or (b)(ii) of the definition of Substitution Event below occur with respect to such Non-Standard Reference Obligation.

- (c) The Substitute Reference Obligation shall be an obligation that on the Substitution Date:
 - (i) is a Borrowed Money obligation of the Reference Entity (either directly or as provider of a guarantee);
 - (ii) satisfies the Not Subordinated Deliverable Obligation Characteristic as of the date it was issued or incurred (without reflecting any change to the priority of payment after such date) and on the Substitution Date; and
 - (A) if the Non-Standard Reference Obligation was a Conforming Reference Obligation when issued or incurred and immediately prior to the Substitution Event Date:
 - I. is a Deliverable Obligation (other than a Loan) determined in accordance with paragraph (a) of the definition of Deliverable Obligation above; or if no such obligation is available,
 - II. is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (a) of the definition of Deliverable Obligation above;
 - (B) if the Non-Standard Reference Obligation was a Bond (or any other Borrowed Money obligation other than a Loan) which was a Non-Conforming Reference Obligation when issued or incurred and/or immediately prior to the Substitution Event Date:
 - I. is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available,
 - II. is a Deliverable Obligation (other than a Loan) determined in accordance with paragraph (a) of the definition of Deliverable Obligation above; or if no such obligation is available,

 - IV. is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with paragraph (a) of the definition of Deliverable Obligation above; or

- (d) If more than one potential Substitute Reference Obligation is identified pursuant to the process described in paragraph (c) above, the Substitute Reference Obligation will be the potential Substitute Reference Obligation that most closely preserves the economic equivalent of the delivery and payment obligations of the Issuer under the Notes as determined by the Calculation Agent. - (e) If a Substitution Event has occurred with respect to the Non-Standard Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for the Non-Standard Reference Obligation then, subject to paragraph (a) above and notwithstanding the fact that the Non-Standard Reference Obligation may have ceased to be the Reference Obligation in accordance with paragraph (b) above, the Calculation Agent shall continue to attempt to identify the Substitute Reference Obligation.
- (f) For the avoidance of doubt, no Substitute Reference Obligation shall be determined in respect of any Credit Linked Notes that are Reference Obligation Only Notes.

Substitute Reference Obligation Resolution Request Date means, with respect to a notice to the DC Secretary requesting that a Credit Derivatives Determinations Committee be convened to Resolve a Substitute Reference Obligation to the Non-Standard Reference Obligation, the date, as publicly announced by the DC Secretary, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

Substitution Date means, with respect to a Substitute Reference Obligation, the date on which the Calculation Agent notifies the Issuer of the Substitute Reference Obligation that it has identified in accordance with the definition of Substitute Reference Obligation above.

Substitution Event means, with respect to the Non-Standard Reference Obligation:

- (a) the Non-Standard Reference Obligation is redeemed in whole; or
- (b) provided that the Credit Linked Notes to which the Non-Standard Reference Obligation relates are not Reference Obligation Only Notes:
 - (i) the aggregate amounts due under the Non-Standard Reference Obligation have been reduced by redemption or otherwise below USD 10,000,000 (or its equivalent in the relevant Obligation Currency, as determined by the Calculation Agent); or
 - (ii) for any reason, other than due to the existence or occurrence of a Credit Event, the Non-Standard Reference Obligation is no longer an obligation of the Reference Entity (either directly or as provider of a guarantee).

For purposes of identification of the Non-Standard Reference Obligation, any change in the Non-Standard Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, constitute a Substitution Event. If an event described in paragraphs (a) or (b)(i) above has occurred on or prior to the Trade Date, then a Substitution Event shall be deemed to have occurred pursuant to paragraphs (a) or (b)(i) above as the case may be, on the Trade Date.

Substitution Event Date means, with respect to the Reference Obligation, the date of the occurrence of the relevant Substitution Event.

Succession Date means the legally effective date of an event in which one or more entities succeed to some or all of the Relevant Obligations of the Reference Entity; provided that if at such time, there is a Steps Plan, the Succession Date will be the legally effective date of the final succession in respect of such Steps Plan, or if earlier (i) the date on which a determination pursuant to paragraph (a) of the definition of Successor below would not be affected by any further related successions in respect of such Steps Plan, or (ii) the occurrence of a Credit Event Determination Date in respect of the Reference Entity or any entity which would constitute a Successor.

Successor means:

- (i) subject to paragraph (b) below, the entity or entities, if any, determined as follows:

 - (ii) if only one entity succeeds, either directly or as a provider of a Relevant Guarantee, to more than 25 per cent. (but less than 75 per cent.) of the Relevant Obligations of the Reference Entity, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than 25 per cent. of the Relevant Obligations will be the sole Successor;
 - (iii) if more than one entity each succeeds, either directly or as a provider of a Relevant Guarantee, to more than 25 per cent. of the Relevant Obligations of the Reference Entity, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than 25 per cent. of the Relevant Obligations will each be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below;
 - (iv) if one or more entities each succeed, either directly or as a provider of a Relevant Guarantee, to more than 25 per cent. of the Relevant Obligations of the Reference Entity, and more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below;
 - (v) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of such succession;
 - (vi) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the

Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (provided that if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below); and

- (vii) in respect of a Reference Entity which is not a Sovereign, if one entity assumes all of the obligations (including at least one Relevant Obligation) of the Reference Entity, and at the time of the determination either (A) the Reference Entity has ceased to exist, or (B) the Reference Entity is in the process of being dissolved (howsoever described) and the Reference Entity has not issued or incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, such entity (the Universal Successor) will be the sole Successor; and
- (b) An entity may only be a Successor if:
 - (i) either (A) the related Succession Date occurs on or after the Successor Backstop Date, or (B) such entity is a Universal Successor in respect of which the Succession Date occurred on or after 1 January 2014;
 - (ii) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and
 - (iii) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under paragraph (a) above, provided that the Calculation Agent will not make any such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis of Eligible Information and will, as soon as practicable after such calculation or determination, make such calculation or determination available for inspection by Holders at the specified office of the Principal Agent. In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (a) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

Where pursuant to paragraph (a)(iii), (a)(iv), (a)(vi) or (b) above, more than one Successor has been identified, the Calculation Agent shall adjust such of these Terms and Conditions and/or the applicable Final Terms as it shall determine to be appropriate to reflect that the Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of these Terms and Conditions and/or the applicable Final Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Notes under the provisions of the 2014 ISDA Credit Derivatives Definitions.

Upon the Calculation Agent making such adjustment and notifying the Issuer of such adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, stating the adjustment to these Terms and Conditions and/or the applicable Final Terms and giving brief details of the relevant Successor event.

If two or more entities (each, a Joint Potential Successor) jointly succeed to a Relevant Obligation (the Joint Relevant Obligation) either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

For the purposes of this definition of "Successor", "succeed" means, with respect to the Reference Entity and its Relevant Obligations, that an entity other than the Reference Entity (i) assumes or becomes liable for such Relevant Obligations whether by operation of law or pursuant to any agreement (including, with respect to a Reference Entity that is a Sovereign, any protocol, treaty, convention, accord, concord, entente, pact or other agreement), or (ii) issues Bonds or incurs Loans (the Exchange Bonds or Loans) that are exchanged for Relevant Obligations, and in either case the Reference Entity is not thereafter a direct obligor or a provider of a Relevant Guarantee with respect to such Relevant Obligations or such Exchange Bonds or Loans, as applicable. For purposes of this definition of "Successor", "succeeded" and "succession" shall be construed accordingly. In the case of an exchange offer, the determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

Successor Backstop Date means for purposes of any Successor determination determined by DC Resolution, the date that is ninety calendar days prior to the Successor Resolution Request Date otherwise, the date that is ninety calendar days prior to the earlier of (i) the date on which the Successor Notice is effective and (ii) in circumstances where (A) a Successor Resolution Request Date has occurred, (B) the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination and (C) the Successor Notice is delivered not more than fourteen calendar days after the day on which the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination, the Successor Resolution Request Date. - (b) restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds; or
- (c) restrictions in respect of blocked periods on or around payment dates of voting periods.

20. ADDITIONAL PROVISIONS APPLICABLE TO INDEX LINKED NOTES

This Condition 20 applies to Index Linked Notes only. The Technical Annex set out on pages 503 to 536 of this Base Prospectus contains provisions relating to the formulae used to determine the pay-off under Index Linked Notes. The applicable Final Terms contains provisions applicable to the determination of the performance of the relevant Index or Indices as well as other relevant provisions and must be read in conjunction with this Condition 20 and with the Technical Annex for full information on any Index Linked Notes. In particular, the applicable Final Terms will identify the relevant Index or Indices, the relevant Screen Page, the Component Transactions, the applicable formula.

20.1 Market Disruption

Market Disruption Event means, in relation to Notes relating to a single Index or basket of Indices, the occurrence or existence of (i) a Trading Disruption or, (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that (x) for the purposes of the occurrence of a Knock-in Event or a Knock-out Event begins or ends at the time when the level of such Index triggers respectively the Knock-in Level or the Knock-out Level or (y) in all other circumstances ends at the relevant Valuation Time, or (iii) an Early Closure.

For the purposes of determining whether a Market Disruption Event exists at any time, if a Market Disruption Event occurs in respect of a security, a contract or a Component Transaction included in such Index at any time, then the relevant percentage contribution of that security, that contract or that Component Transaction to the level of such Index shall be based on a comparison of (x) the portion of the level of such Index attributable to that security, that contract or that Component Transaction and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event.

The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been an Averaging Date, an Observation Date, a Knock-in Determination Day, a Knock-out Determination Day or a Valuation Date.

20.2 Adjustments to an Index

(a) Successor Index Sponsor Calculates and Reports an Index

If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the **Successor Index**) will be deemed to be the Index.

(b) Modification and Cessation of Calculation of an Index

If (i) on or prior to the last Valuation Date, last Observation Date, last Averaging Date, the last Knock-in Determination Day or the last Knock-out Determination Day, the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation, contracts, commodities or Component Transaction and other routine events) (an **Index Modification**), or permanently cancels a relevant Index and no Successor Index exists (an **Index Cancellation**), or (ii) on a Valuation Date, an Observation Date, an Averaging Date, a Knock-in Determination Day or Knock-out Determination Day, the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index (an **Index Disruption** and, together with an Index Modification and an Index Calculation, each an **Index Adjustment Event**), then,

- (i) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Notes and, if so, shall calculate the relevant Settlement Price using, in lieu of a published level for that Index, the level for that Index as at the Valuation Time on that Valuation Date, Observation Date, that Averaging Date, Knock-in Determination Day or Knock-out Determination Day, as the case may be, as determined by the Calculation Agent in accordance with the formula for and method

of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities/commodities/Component Transactions that comprised that Index immediately prior to that Index Adjustment Event; or

- (ii) on giving notice to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of a Note taking into account the Index Adjustment Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(c) Notice

The Calculation Agent shall, as soon as practicable, notify the relevant Agent of any determination made by it pursuant to paragraph (b) above and the action proposed to be taken in relation thereto and such Agent shall make available for inspection by Noteholders copies of any such determinations.

20.3 Correction of Index

With the exception of any corrections published after the day which is, unless stated otherwise in the applicable Final Terms, three Exchange Business Days prior to the due date for any payment of a Redemption Amount and/or Interest Amount, if the Index published on a given day and used or to be used by the Calculation Agent to determine any Redemption Amount and/or Interest Amount, is subsequently corrected and the correction published by the relevant Index Sponsor within 30 days of the original publication, the level to be used shall be the level of the Index as so corrected. Corrections published after the day which is, unless stated otherwise in the relevant Final Terms, three Exchange Business Days prior to the relevant Redemption Date or, as the case may be, Interest Payment Date will be disregarded by the Calculation Agent for the purposes of determining any Redemption Amount and/or Interest Amount.

20.4 Additional Disruption Events

- (a) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:
 - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to the multiplier and/or any of the other terms of these Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or
 - (ii) redeem the Notes by giving notice to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be. If the Notes are so redeemed the Issuer will pay an amount to each Noteholder in respect of each Note held by him which amount shall be the fair market value of a Note taking into account the Additional Disruption Event less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

- (b) Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the holders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, stating the occurrence of the Additional Disruption Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto.

immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

- (a) where the Notes are Index Linked Notes relating to a single Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the consecutive Scheduled Trading Days equal in number to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day. In that case, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Settlement Price in the manner set out in the applicable Final Terms or, if not set out or if not practicable, determine the Settlement Price by determining the level of the Index as of the Valuation Time on the last such consecutive Scheduled Trading Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the last such consecutive Scheduled Trading Day of each security/commodity/derivatives contracts comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security/commodity/derivatives contracts on the last such consecutive Scheduled Trading Day, its good faith estimate of the value for the relevant security/commodity/derivatives contracts as of the Valuation Time on the last such consecutive Scheduled Trading Day); or
- (b) where the Notes are Index Linked Notes relating to a basket of Indices, the Valuation Date for each Index, not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Index, affected, as the case may be, (each an **Affected Item**) by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Item unless each of the consecutive Scheduled Trading Days equal in number to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Item. In that case, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Item, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Settlement Price using, in relation to the Affected Item, the level or value as applicable, determined in the manner set out in the applicable Final Terms, or, if not set out or if not practicable, using the level of that Index as of the Valuation Time on the last such consecutive Scheduled Trading Day in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the last such consecutive Scheduled Trading Day of each security/commodity/derivatives contracts comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security/commodity/derivatives contracts on the last such consecutive Scheduled Trading Day, its good faith estimate of the value for the relevant security/commodity/derivatives contracts as of the Valuation Time on the last such consecutive Scheduled Trading Day),

and otherwise in accordance with the above provisions.

Valuation Method shall be as specified in the applicable Final Terms or otherwise shall be deemed to be, (i) if only one Valuation Date, Highest, or (ii) if more than one Valuation Date, Average Highest, or if "Market" has been designated in the relevant Final Terms, "Market Value" shall apply.

The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been an Averaging Date, an Observation Date, a Knock-in Determination Date, a Knock-out Determination Day or a Valuation Date.

21.2 Potential Adjustment Events, Merger Event, Tender Offer, De-listing, Nationalisation and Insolvency

 - (vii) any other event having, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Shares.
- (b) Following the declaration by the Basket Company or Share Company, as the case may be, of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (i) make the corresponding adjustment, if any, to any one or more of any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery Notes) and/or the multiplier and/or any of the other terms of these Conditions and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share) and (ii) determine the effective date of that adjustment. The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange.

Upon the making of any such adjustment by the Calculation Agent, the Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, stating the adjustment to any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery Notes) and/or the multiplier and/or any of the other terms of these Conditions and/or the applicable Final Terms and giving brief details of the Potential Adjustment Event.

- (c) **De-Listing** means, in respect of any relevant Shares, the Exchange announces that pursuant to the rules of such Exchange, such Shares cease (or will cease) to be listed, traded or publicly quoted on the Exchange for any reason (other than a Merger Event or Tender Offer) and are not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located

Tender Offer Date means, in respect of a Tender Offer, the date on which the voting shares in the amount of the Percentage Range are actually purchased or otherwise obtained, as determined by the Calculation Agent.

If a Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency occurs in relation to a Share, the Issuer in its sole and absolute discretion may take the action described in (i), (ii), (iii), (iv) or (v) below:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery Notes) and/or the multiplier and/or any of the other terms of these Conditions and/or the applicable Final Terms to account for the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The relevant adjustments may include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency made by any options exchange to options on the Shares traded on that options exchange; or
- (ii) in the case of Equity Linked Notes relating to a basket of Shares redeem the Notes in part by giving notice to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be. If the Notes are so redeemed in part the portion (the **Redeemed Amount**) of each Note representing the affected Share(s) shall be redeemed and the Issuer will (i) pay to each Noteholder in respect of each Note held by him an amount equal to the fair market value of the Redeemed Amount, taking into account the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (unless provided for in the applicable Final Terms), all as determined by the Calculation Agent in its sole and absolute discretion; and (ii) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery Notes) and/or the multiplier and/or any of the other terms of these Conditions and/or the applicable Final Terms to account for such redemption in part. For the avoidance of doubt the remaining part of each Note after such cancellation and adjustment shall remain outstanding with full force and effect. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be; or
- (iii) unless Delayed Redemption on Occurrence of Extraordinary Events is specified as being applicable in the applicable Final Terms, on giving notice to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of a Note taking into account the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (unless provided for in the applicable Final Terms), all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be; or
- (iv) if Delayed Redemption on Occurrence of Extraordinary Event is specified as being applicable in the Final Terms, the Calculation Agent shall calculate the fair market

value of each Note taking into account the Merger Event, Tender Offer, De-Listing, Nationalisation or Insolvency, as the case may be, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the **Calculated Amount**) as soon as practicable, following the occurrence of the Extraordinary Event (the **Calculated Amount Determination Date**) and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to the Calculated Amount plus interest accrued from and including the Calculated Amount Determination Date to but excluding the Maturity Date at a rate specified in the applicable Final Terms, or if no such specification, at a rate equal to Issuer's funding cost at such time.

- (v) following such adjustment to the settlement terms of options on the Shares traded on such exchange(s) or quotation system(s) as the Issuer in its sole discretion shall select (the Options Exchange), require the Calculation Agent to make a corresponding adjustment to any one or more of any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery Notes) and/or the multiplier and/or any of the other terms of these Conditions and/or the applicable Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery Notes) and/or the multiplier and/or any of the other terms of these Conditions and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded.
- (vi) If the applicable Final Terms provide that **Share Substitution** is applicable, then on or after the relevant Merger Date, Tender Offer Date, or the date of the Nationalisation, Insolvency or Delisting (as the case may be) the Calculation Agent may adjust the Basket to include a share selected by it (the **Substitute Shares**) in place of the Shares (the **Affected Share(s)**) which are affected by such Merger Event, Tender Offer, Nationalisation, Insolvency or Delisting and the Substitute Shares and their issuer will be deemed "Shares" and a **Share Company** and **Basket Company** for the purposes of the Notes, respectively, and the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery Notes) and/or the multiplier and/or the weighting and/or any of the other terms of these Conditions and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate.

Such substitution and the relevant adjustment to the Basket will be deemed to be effective as of the date selected by the Calculation Agent (the **Substitution Date**) in its absolute discretion and specified in the notice referred to in sub-paragraph (C) below which may, but need not, be the Merger Date or Tender Offer Date or the date of the Nationalisation, Insolvency or Delisting (as the case may be).

The weighting of each Substitute Share in the Basket will be equal to the weighting of the relevant Affected Share.

In order to be selected as Substitute Shares, the relevant shares must be a share which, in the sole and absolute discretion of the Calculation Agent:

- (A) is not already comprised in the Basket;
 - (B) belongs to a similar economic sector as the Affected Share; and
 - (C) is of comparable market capitalisation, international standing and exposure as the Affected Share.
- (d) Upon the occurrence of a Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, the Issuer shall give notice as soon as practicable to the holders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, stating the occurrence of the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, giving details thereof and the action proposed to be taken in relation thereto, including, in the case of Substitute Shares, the identity of the Substitute Shares and the Substitution Date.

21.3 Correction of Share Price

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment of any Redemption Amount and/or Interest Amount, if the price of the relevant Share published on a given day and used or to be used by the Calculation Agent to determine any Redemption Amount and/or Interest Amount, is subsequently corrected and the correction published by the relevant Exchange or Related Exchange, as the case may be, within 30 days of the original publication, the price to be used shall be the price of the relevant Share as so corrected. Corrections published after the day which is three Exchange Business Days prior to the relevant Redemption Date or, as the case may be, Interest Payment Date will be disregarded by the Calculation Agent for the purposes of determining any Redemption Amount and/or Interest Amount.

21.4 Issuer's Option to substitute Assets or to pay the Alternate Cash Redemption Amount

If prior to the redemption of Physical Delivery Notes, the Calculation Agent determines, in its sole and absolute discretion, that the Relevant Asset(s) comprise(s) Shares which are not freely tradable, the Issuer may, in its sole and absolute discretion, elect either (i) to substitute for such Shares freely tradable shares with a value equivalent to the Shares (as determined by the Calculation Agent in its sole and absolute discretion)(the **Substitute Asset(s)**) or (ii) not to deliver or procure the delivery of the Asset Amount or the Substitute Asset(s), as the case may be, but in lieu thereof to pay to the Noteholders on the Settlement Date an amount equal to the fair market value of the Asset Amount on the Valuation Date as determined by the Calculation Agent in its sole and absolute discretion by reference to such sources as it considers appropriate (the **Alternate Cash Redemption Amount**). Notification of any such election will be given to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

For the purposes hereof, a **freely tradable** share shall mean (i) with respect to the United States, a share which is registered under the Securities Act or not restricted under the Securities Act and which is not purchased from the issuer of such share and not purchased from an affiliate of the issuer of such share or which otherwise meets the requirements of a freely tradable share for the purposes of the Securities Act, in each case, as determined by the Calculation Agent, in its sole and absolute discretion or (ii) with respect to any other jurisdiction, a share not subject to any legal restrictions on transfer in such jurisdiction.

21.5 Additional Disruption Events

- (a) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery Notes) and/or the multiplier and/or any of the other terms of these Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or
 - (ii) unless Delayed Redemption on occurrence of Additional Disruption Event is specified as being applicable in the applicable Final Terms, redeem the Notes by giving notice to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be. If the Notes are so redeemed the Issuer will pay an amount to each Noteholder in respect of each Note held by him which amount shall be the fair market value of a Note taking into account the Additional Disruption Event less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.
 - (iii) if Delayed Redemption on Occurrence of Additional Disruption Event is specified as being applicable in the Final Terms, the Calculation Agent shall calculate the fair market value of each Note taking into account the Additional Disruption Event less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the **Calculated Additional Disruption Amount**) as soon as practicable, following the occurrence of the Extraordinary Event (the **Calculated Additional Disruption Amount Determination Date**) and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to the Calculated Additional Disruption Amount plus interest accrued from and including the Calculated Additional Disruption Amount Determination Date to but excluding the Maturity Date at a rate specified in the applicable Final Terms, or if no such specification, at a rate equal to Issuer's funding cost at such time.
- (b) Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the holders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, stating the occurrence of the Additional Disruption Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto.

21.6 Knock-in Event and Knock-out Event

If Knock-in Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment and/or delivery under the relevant Notes subject to a Knock-in Event shall be conditional upon the occurrence of such Knock-in Event.

If Knock-out Event is specified as applicable in the Final Terms, then unless otherwise specified in such Final Terms, amendment to the terms of the Notes, as specified in the applicable Final Terms, and/or payment and/or delivery under the relevant Notes subject to a Knock-out Event shall be conditional upon the occurrence of such Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if any Knock-in Determination Day or Knock-out Determination Day is a Disrupted Day, then such Knock-in Determination Day or Knock-out Determination Day will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining the occurrence of a Knock-in Event or a Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is any time or period of time during the regular trading hours on the relevant Exchange and if on any Knock-in Determination Day or Knock-out Determination Day and at any time during the one hour period that begins and/or ends at the time on which the price of the Share triggers the Knock-in Price or the Knock-out Price, a Market Disruption Event occurs or exists, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred.

For the purposes of these Conditions:

Knock-in Event means (unless otherwise specified in the applicable Final Terms) (A) in case of a single Share that the price of the Share determined by the Calculation Agent as of the Knock-in Valuation Time on any Knock-in Determination Day is and (B) in case of a share Basket, that the amount for the Basket determined by the Calculation Agent equal to the sum of the values for the Shares of each Company as the product of (i) the price of such Share as determined by the Calculation Agent as of the Knock-in Valuation Time on the relevant Exchange on any Knock-in Determination Day and (ii) the relevant Number of Shares comprised in the Basket is as specified in the applicable Final Terms, and for both (A) and (B) (i) "greater than", (ii) "greater than or equal to", (iii) "less than" or (iv) "less than or equal to" the Knock-in Price.

Knock-in Determination Day means in the case of a single Share and in the case of a basket of Shares, as specified in the applicable Final Terms, or each Scheduled Trading Day during the Knock-in Determination Period subject to, in either case, the provisions of "Market Disruption" set out in Condition 21.1 above. For the purposes of a Market Disruption, any Knock-in Determination Day will be treated as a Valuation Date and the provisions contained in the definition of "Valuation Date" set out below shall apply. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Knock-in Determination Day".

Knock-in Determination Period means the period which commences on, and includes, the Knock-in Period Beginning Date and ends on, and includes, the Knock-in Period Ending Date.

Knock-in Period Beginning Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

22. ADDITIONAL PROVISIONS APPLICABLE TO INFLATION LINKED NOTES

This Condition 22 applies to Inflation Linked Notes only. The Technical Annex set out on pages 503 to 536 of this Base Prospectus contains provisions relating to the formulae used to determine the pay-off under Inflation Linked Notes and the performance of the relevant inflation index. The applicable Final Terms contains provisions applicable to the determination of the performance of the relevant inflation index as well as other relevant provisions and must be read in conjunction with this Condition 22 and with the Technical Annex for full information on any Inflation Linked Notes. In particular, the applicable Final Terms will identify the relevant index or indices, the relevant Screen Page, the various levels and other factors required to apply the formula.

22.1 Delay in Publication

If the Calculation Agent determines that, in relation to Notes relating to a single Index or a basket of Indices, a Delayed Index Level Event in respect of an Index has occurred with respect to any Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date, then the Relevant Level with respect to any Reference Month which is to be used in any calculation or determination to be made by the Calculation Agent with respect to such Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date (the **Substitute Index Level**) shall be determined by the Calculation Agent (subject to Condition 22.3(a) "Adjustments-Substitute Index Level" below), as follows:

- (a) if Related Bond is specified as applicable in the applicable Final Terms, the Calculation Agent shall determine the Substitute Index Level by reference to the corresponding index level determined under the terms and conditions of the Related Bond; or
- (b) if (I) Related Bond is specified as not applicable in the applicable Final Terms, or (II) the Calculation Agent is not able to determine a Substitute Index Level under (i) above, the Calculation Agent shall determine the Substitute Index Level by reference to the following formula:

$$\text{Substitute Index Level} = \text{Base Level} \times (\text{Latest Level}/\text{Reference Level}; \text{ or}$$

- (c) otherwise in accordance with any formula specified in the applicable Final Terms,

where:

Base Level means the level of the Index (whether definitive or provisional) published or announced by the Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined.

Latest Level means the latest level of the Index (whether definitive or provisional) published or announced by the Index Sponsor prior to the month in respect of which the Substitute Index Level is being calculated.

Reference Level means the level of the Index (whether definitive or provisional) published or announced by the Index Sponsor in respect of the month that is 12 calendar months prior to the month referred to in "Latest Level" above.

The Issuer shall promptly give notice to the holders of the Notes in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of any Substitute Index Level.

If the Relevant Level is published or announced at any time on or after the relevant Cut-Off Date specified in the applicable Final Terms, such Relevant Level will not be used in any calculations. The Substitute Index Level so determined pursuant to this Condition 22.1 will be the definitive level for that Reference Month.

22.2 Successor Index

If in relation to Notes relating to a single Index or a basket of Indices, the Calculation Agent determines that the level of an Index is not calculated and announced by the Index Sponsor for two consecutive months and/or the Index Sponsor announces that it will not longer continue to publish or announce the Index and/or the Index Sponsor cancels the Index then the Calculation Agent shall determine a successor index (**a Successor Index**) (in lieu of any previously applicable Index) for the purposes of the Notes as follows:

- (a) if Related Bond is specified as applicable in the applicable Final Terms, the Calculation Agent shall determine a "Successor Index" by reference to the corresponding successor index determined under the terms and conditions of the Related Bond;
- (b) if Related Bond is specified as not applicable in the Final Terms or a Related Bond Redemption Event has occurred, the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Index should be. If between four and five responses are received, and of those four or five responses, three or more leading independent dealers state the same index, this index will be deemed the "Successor Index". If three responses are received, and two or more leading independent dealers state the same index, this index will be deemed the "Successor Index";
- (c) If no Successor Index has been deemed under (i) above or if fewer than three responses are received under (ii) above by the Cut-Off Date the Calculation Agent will determine an appropriate alternative index for the relevant Payment Date, and such index will be deemed a "Successor Index"; or
- (d) if the Calculation Agent determines that there is no appropriate alternative index, there will be deemed to be no Successor Index and an Index Cancellation will be deemed to have occurred.

For the avoidance of doubt, the Calculation Agent shall determine the date on which the Successor Index shall be deemed to replace the Index for the purposes of the Notes. Notice of the determination of a Successor Index, the effective date of the Successor Index or the occurrence of an Index Cancellation will be given to holders of the Notes by the Issuer in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

If the Calculation Agent determines a Substitute Index Level in accordance with Condition 22.1 "Delay in Publication" above, the Calculation Agent may make any adjustment or adjustments (without limitation) to (I) the Substitute Index Level determined in accordance with Condition 22.1 "Delay in Publication" above and/or (II) the final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes, in each case, as the Calculation Agent

deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(b) Successor Index

If a Successor Index is determined in accordance with Condition 22.2 "Successor Index" above, the Calculation Agent may make any adjustment or adjustments (without limitation) to the final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as the Calculation Agent deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(c) Index Level Adjustment Correction

- (i) If, within thirty days of publication or at any time prior to an Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date in respect of which a Relevant Level will be used in any calculation or determination in respect of such Observation Date, the Calculation Agent determines that the Index Sponsor has corrected the Relevant Level to correct a manifest error, the Calculation Agent may make any adjustment to the final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as the Calculation Agent deems appropriate as a result of such correction and/or determine the amount (if any) that is payable as a result of that correction. The Issuer shall give notice to the holders of the Notes of any such adjustment and/or amount in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.
- (ii) If a Relevant Level is published or announced at any time after the Cut-Off Date in respect of an Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date in respect of which a Substitute Index Level was determined, the Calculation Agent may either (A) determine that such Relevant Level shall not be used in any calculation or determination under the Notes and that the Substitute Index Level shall be deemed to be the definitive Relevant Level for the relevant Reference Month, or (B) make any adjustment to the final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as it deems appropriate as a result of the announcement or publication of the Relevant Level and/or determine the amount (if any) that is payable as a result of such publication or announcement. The Issuer shall give notice to the holders of the Notes of any determination in respect of (A) or (B), together with any adjustment or amount in respect thereof, in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(iii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency (whether relating to its convertibility into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the final Redemption Amount, and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer), the Calculation Agent may make such adjustment or adjustments to the final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as the Calculation Agent deems necessary. The Calculation Agent shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(d) Rebasing

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the **Rebased Index**) will be used for purposes of determining the Relevant Level from the date of such rebasing; provided, however, that the Calculation Agent may make (A) if Related Bond is specified as applicable in the applicable Final Terms, any adjustments as are made pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as before the rebasing, and/or (B) if Related Bond is specified as not applicable in the applicable Final Terms or a Related Bond Redemption Event has occurred, the Calculation Agent may make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased, and in each case the Calculation Agent may make any adjustment(s) to the final Redemption Amount, interest payable under the Notes (if any) and/or any other term of the Notes as the Calculation Agent may deem necessary. If the Calculation Agent determines that neither (A) nor (B) above would produce a commercially reasonable result, the Calculation Agent may redeem each Note on a date notified by the Issuer to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, at its fair economic value as determined by the Calculation Agent (unless otherwise provided in the applicable Final Terms) as at the date of redemption taking into account the rebasing, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the applicable Final Terms). Notice of any adjustment, redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(e) Index Modification

- (i) If, in relation to Notes relating to a single Index or a basket of Indices on or prior to the Cut-Off Date in respect of any Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date, the Calculation Agent determines that an Index Modification has occurred the Calculation Agent may (A) if Related Bond is specified as applicable in the applicable Final Terms, make any adjustments to the Index, any Relevant Level and/or any other relevant term of the Notes (including, without limitation, the final Redemption Amount and/or interest payable under the Notes (if any)), consistent with any adjustments made to the Related Bond as the Calculation Agent deems necessary, or (B) if Related Bond is specified as not applicable in the Final Terms or a Related Bond Redemption Event has occurred, make only those adjustments to the relevant Index, any Relevant Level and/or any other term of the Notes (including, without limitation, the final Redemption Amount and/or interest payable under the Notes (if any)), as the Calculation Agent deems necessary for the modified Index to continue as the Index and to account for the economic effect of the Index Modification.
- (ii) If the Calculation Agent determines that an Index Modification has occurred at any time after the Cut-Off Date in respect of any Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date, the Calculation Agent may determine either to ignore such Index Modification for the purposes of any calculation or determination made by the Calculation Agent with respect to such Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date in which case the relevant Index Modification will be deemed to have occurred with respect to the immediately succeeding Observation Date, Averaging Date, Knock-in Determination Date or Knock-out Determination Date such that the provisions of sub-paragraph (i) above will apply, or, notwithstanding that the Index Modification has occurred following the Cut-Off Date, to make any

adjustments as the Calculation Agent deems fit in accordance with sub-paragraph (i) above.

(f) Index Cancellation

If the Calculation Agent determines that an Index Cancellation has occurred, the Issuer may redeem each Note on the date notified by the Issuer to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Index Cancellation, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the applicable Final Terms). Notice of any redemption of the Notes pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

(g) Change in law

If the Calculation Agent determines that a Change in Law has occurred, the Issuer may redeem each Note on the date notified by the Issuer to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, at its fair economic value (as determined by the Calculation Agent) as at the date of redemption taking into account the Change in Law, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements (unless provided for otherwise in the applicable Final Terms). Notice of any redemption of the Notes pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

- (b) if **Postponement** is specified as applying in the applicable Final Terms, then the provisions of the definition of Valuation Date will apply for the purposes of determining the relevant level on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or
- (c) if **Modified Postponement** is specified as applying in the applicable Final Terms then:
 - (i) where the Notes are Inflation Linked Notes relating to a single Index, the Averaging Date shall be the first succeeding Valid Date (as defined below). If the first succeeding Valid Date has not occurred for consecutive Scheduled Trading Days equal in number to the Specified Maximum Days of Disruption (up to the Relevant Time on the last such consecutive Scheduled Trading Day) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading

Day shall be deemed to be the Averaging Date (irrespective of whether that last such consecutive Scheduled Trading Day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with sub-paragraph (a) of the definition of Valuation Date below;

- (ii) where the Notes are Inflation Linked Notes relating to a basket of Indices, the Averaging Date for the Index not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the **Scheduled Averaging Date**) and the Averaging Date for an Index affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date (as defined below) in relation to such Index. If the first succeeding Valid Date in relation to such Index has not occurred for consecutive Scheduled Trading days equal in number to the Specified Maximum Days of Disruption (up to the Relevant Time on the last such consecutive Scheduled Trading Day) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether that last such consecutive Scheduled Trading Day is already an Averaging Date) in respect of such Index, and (B) the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with sub-paragraph (b) of the definition of Valuation Date below; and

If the Index relates to the level of inflation across the European Monetary Union, the Calculation Agent will select an inflation-linked bond that is a debt obligation of one of the governments (but not any government agency) of France, Germany,

Italy or Spain, and which pays a coupon or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union. In each case, the Calculation Agent will select the Fallback Bond from those inflation-linked bonds issued on or before the Issue Date and, if there is more than one inflation-linked bond maturing on the same date, the Fallback Bond shall be selected by the Calculation Agent from those bonds. - (A) If the applicable Final Terms specify that the clause "Accrual of Interest upon Bond Event" is stated as being "Accrued Interest upon Bond Event":

In respect of each Interest Period, the Interest Calculation Amount will be calculated on the fourth Business Day preceding the relevant Interest Payment Date and be an amount equal to (i) the sum, for each day of such Interest Period, of the Daily Interest Calculation Amount, divided by (ii) the number of days in such Interest Period.

For the avoidance of doubt, should a Bond Event Determination Date occur within an Interest Period less than four Business Days prior to the relevant Interest Payment Date and the Issuer's payment instructions have already been given in respect of interest payable with respect to such Interest Period, then the Issuer may deduct from the Cash Redemption Amount, the amount of overpaid interest.

(c) **Partial Redemption and further issues**

Following any partial redemption of the Notes (pursuant to Condition 6) or any further issue (pursuant to Condition 12), each of the following amounts will be multiplied by the ratio of (i) the number of Notes outstanding after such partial redemption or further issue divided by (ii) the number of Notes outstanding just before such partial redemption or further issue:

- (i) for Single Bond Linked Notes, the Aggregate Nominal Amount;
- (ii) for Basket Bond Linked Notes, (i) the Aggregate Nominal Amount, (ii) the Reference Portfolio Notional Amount and (iii) the Aggregate Loss Amount;

For the avoidance of doubt, any other amount calculation of which depends on the above amounts will be re-calculated accordingly.

(d) **Hedging Disruption - Increased Cost of Hedging - Change in Law - Merger of a Bond Issuer and the Issuer or any of its Affiliates – Consequences - Monetisation until the Maturity Date**

- (i) Hedging Disruption, Increased Cost of Hedging

Hedging Disruption means that the Issuer and/or any of its Affiliates is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the Bond price risk, or any other relevant price risk including, but not limited to, the interest rate, equity and currency risk of the Issuer issuing and performing its obligations with respect to the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

Increased Cost of Hedging means that the Issuer and/or any of its Affiliates would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the Bond price risks (or any other relevant price risk including, without limitation, equity and credit price risk, foreign exchange risk, interest rate risk, and any other price risks) of the Issuer issuing and performing its obligations with respect to the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its Affiliates shall not be deemed an Increased Cost of Hedging.

(ii) Change in Law

Change in Law means that, on or after the Trade Date (as specified in the applicable Final Terms) (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of any change in the interpretation by any court, tribunal or regulatory authority, the Issuer determines in its sole and absolute discretion that it is unable to perform its obligations in respect of the Notes or it has become illegal to hold, acquire or dispose of any relevant hedge positions in respect of the Notes.

(iii) Merger of a Bond Issuer and the Issuer or any of its Affiliates

Merger of a Bond Issuer and the Issuer or any of its Affiliates means, in respect of Single Bond Linked Notes or Basket Bond Linked Notes, that (i) the Issuer or any of its Affiliates consolidates or amalgamates with, or merges into, or transfers all or substantially all its assets to, a Bond Issuer or (ii) a Bond Issuer consolidates or amalgamates with, or merges into, or transfers all or substantially all its assets to the Issuer or any of its Affiliates, or (iii) the Issuer or any of its Affiliates and a Bond Issuer become Affiliates.

(iv) Consequences

Upon the occurrence of an Exceptional Event Date, the Issuer may decide to either:

- (A) consider such event as an event triggering an early redemption of the Notes (hereafter, an **Early Redemption Event**). In the case where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and shall pay or cause to be paid an Early Redemption Amount on the basis of the Fair Market Value as defined in Condition 6.7; or
- (B) if the relevant Exceptional Event is related to one or several affected Bonds (the **Affected Bond(s)**), replace the Affected Bond(s) by a new bond (or new bonds, as relevant) which is (respectively are each) a Similar Bond; or
- (C) apply the Monetisation until the Maturity Date;

Or, but only in the case of Increased Cost of Hedging:

- (D) deduct:
 - I. from the Interest Amount (if any) due under the Notes on the Interest Payment Date(s) following the occurrence of the Increased Cost of Hedging, the amount of any new, or any increase of, any tax, duty, expense or fee, that triggered the occurrence of the Increased Cost of Hedging incurred by the Issuer or any of its Affiliates in relation to the Hedge Positions hedging the payment obligations of the Issuer under the Notes, such amount to be apportioned *pro rata* amongst the outstanding Notes (the **Reduction Amount**); PROVIDED THAT if on an Interest Payment Date on which a Reduction Amount shall be deducted from the Interest Amount, the Reduction Amount in respect of each Note is greater than the Interest Amount due under each Note (prior to the deduction of the Reduction Amount) on such Interest Payment Date, the Interest Amount will be reduced to zero

and the difference between the Reduction Amount and the Interest Amount (prior to the deduction of the Reduction Amount) will be deducted from the Interest Amount due on one or more of the following Interest Payment Date(s) (if any), and if a Reduction Amount has not been deducted in whole or in part on the last Interest Payment Date under the Notes, the remaining Reduction Amount will be deducted from the Optional Redemption Amount (if any), the Automatic Early Redemption Amount (if any), the Early Redemption Amount (if any) or the Final Redemption Amount, whichever comes first (the reduction of such deduction being floored at zero); or

- II. in the absence of any Interest Amount under the Notes, (a) from the Optional Redemption Amount (if any), the Automatic Early Redemption Amount (if any) or the Early Redemption Amount (if any), due under the Notes on the Optional Redemption Date (if any), the Automatic Early Redemption Date (if any) or the payment date of the Early Redemption Amount (if any), whichever comes first, and (b) in the absence of any Optional Redemption Amount, Automatic Early Redemption Amount and Early Redemption Amount in respect of the Notes, from the Final Redemption Amount due on the Maturity Date, in each case after the occurrence of the Increased Cost of Hedging, the Reduction Amount (the result of such deduction being floored at zero).

Following the occurrence of an Exceptional Event Date, the Calculation Agent shall notify the Issuer, which shall in its turn notify the Noteholders pursuant to the provisions of Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the relevant adjustment made or decision taken by the Calculation Agent. Details of any adjustment made or decision taken may be obtained by the Noteholders upon request at the Calculation Agent's specified address.

- (v) Monetisation until the Maturity Date

The Issuer will no longer be liable for any payment, on the Maturity Date or any Interest Payment Date, but instead will, in full and final satisfaction of its obligations pay an amount as described in Conditions 26.1(d)(v)(A) and 26.1(d)(v)(B) below:

- (A) In respect of the redemption of Notes whose Final Redemption Amount as defined in the applicable Final Terms could be as low as zero:

In accordance with the provisions of Condition 26.1(d)(v) above, the Issuer will pay on the Maturity Date an amount per Note, determined by the Calculation Agent, with a minimum of zero, based on (a) the net positive cash amount that the Issuer or any of its Affiliates would be left with on the Full Liquidation Date, as a result of liquidating the Hedge Positions (*inter alia* by meeting the obligations and liabilities of the Hedge Positions, if any, with the liquidation proceeds of the assets of the Hedge Positions) minus (b) the Associated Costs (the result of this difference (a) minus (b) each converted if necessary in the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method together with (c) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the

purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the Maturity Date (excluded); for the avoidance of doubt, the liquidation proceeds of any assets held by the Issuer or any of its Affiliates as Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by the Issuer or any of its Affiliates under its Hedge Positions and the Calculation Amount mentioned above may be as low as zero; or

- (B) In respect of the redemption of Notes whose Final Redemption Amount as defined in the applicable Final Terms cannot be in any case lower than an amount strictly positive (the **Minimum Redemption Amount**):

In accordance with the provisions of Condition 26.1(d)(v) above, the Issuer will pay on the Maturity Date an amount per Note, determined by the Calculation Agent, equal to the sum of (a) the Minimum Redemption Amount and (b) an amount, equal to the positive difference, if any, between:

- I. the net positive cash amount that the Issuer or any of its Affiliates would be left with on the Full Liquidation Date, as a result of liquidating the Hedge Positions (*inter alia* by meeting the obligations and liabilities of the Hedge Positions, if any, with the liquidation proceeds of the assets of the Hedge Positions) minus (b) the Associated Costs (the result of this difference (a) minus (b), each converted if necessary in the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method) together with (c) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the Maturity Date (excluded); and
- II. an amount equal to the Minimum Redemption Amount; for the avoidance of doubt, the liquidation proceeds of any assets held by the Issuer or any of its Affiliates as Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by the Issuer or any of its Affiliates under its Hedge Positions and the Calculation Amount mentioned above may be as low as zero.

Bond Final Price means, in respect of a Bond, a quotation (expressed as a percentage of the Bond Notional Amount) obtained from Quotation Dealers in the manner provided below. The

Calculation Agent will determine, based on the then current market practice, whether such quotations will include or exclude accrued but unpaid interest and all quotations will be obtained in accordance with this determination. The Calculation Agent will determine from the Full Quotations, the Weighted Average Quotation, the Partial Weighted Average Quotation or the Residual Quotation Amount (each as defined below), the Bond Final Price. For the avoidance of doubt, the Bond Final Price, as determined by the Calculation Agent, is based on obtained Quotations, without any obligation by the Calculation Agent to actually realise any sale transaction in relation to such Quotations.

The Calculation Agent will require each Quotation Dealer to provide quotations to the extent reasonably practicable on the relevant day at approximately 11.00 a.m. London time or 11.00 a.m. New York time or 11.00 a.m. in any other leading market where the liquidity of such Bond may be better, as determined by the Calculation Agent, as the case may be. The Calculation Agent, may on the First Quotation Day and if applicable, on the Second Quotation Day, in its sole and absolute discretion but acting in a commercially reasonable manner, determine whether to request (i) at least one Full Quotation and/or (ii) several firm bid quotations from Quotation Dealers in order to establish a Weighted Average Quotation.

To such end:

- (a) if the Calculation Agent obtains at least one Full Quotation and/or one Weighted Average Quotation on the First Quotation Day, the Bond Final Price will be the highest Quotation of the Full Quotation(s) or Weighted Average Quotation(s) obtained (if any) by the Calculation Agent;
- (b) if the Calculation Agent is unable to obtain at least one Full Quotation or to determine a Weighted Average Quotation on the First Quotation Day, the Calculation Agent will attempt to obtain at least one Full Quotation and/or one Weighted Average Quotation on the Second Quotation Day, and the Bond Final Price will be the highest Quotation of the Full Quotation(s) or Weighted Average Quotation(s) obtained (if any) by the Calculation Agent;
- (c) if the Calculation Agent obtains quotations for an aggregate amount lower than the Quotation Amount on the Second Quotation Day, then on the Third Quotation Day it will attempt to obtain several firm bid quotations from Quotation Dealers in order to establish a Partial Weighted Average Quotation in respect of an amount equal to the Residual Quotation Amount. If the Calculation Agent is unable to establish on the Third Quotation Day a Partial Weighted Average Quotation in respect of an amount equal to the Residual Quotation Amount, it will, until obtaining a Partial Weighted Average Quotation in respect of an amount equal to the Residual Quotation Amount, on each Quotation Day during the Auction Period, attempt to obtain several firm bid quotations from Quotation Dealers in order to establish a Partial Weighted Average Quotation in respect of an amount equal to the Residual Quotation Amount. For the avoidance of doubt, once a Partial Weighted Average Quotation is obtained on either the Third Quotation Day or on any Quotation Day in the Auction Period there will be no obligation on the Calculation Agent to seek a further Partial Weighted Average Quotation. The Bond Final Price will then be the weighted average of (i) the firm bid quotations obtained on the Second Quotation Day (if any) and (ii) the Partial Weighted Average Quotation (if any) for the portion equal to the Residual Quotation Amount and (iii) zero for any remaining amount for which no quotation was obtained.

Bond Final Price Accrued Interest means, in respect of a Quotation:

- (a) If the applicable Final Terms specify that the clause "Bond Final Price Accrued Interest" is stated as being "Excluding Accrued Interest":

Taking into account whether Quotations obtained by the Calculation Agent include or exclude accrued but unpaid interest, the Bond Final Price will be determined by the Calculation Agent as being the equivalent price to the Bond Final Price otherwise calculated so that it is a "clean" price, excluding accrued but unpaid interest.

- (b) If the applicable Final Terms specify that the clause "Bond Final Price Accrued Interest" is stated as being "Including Accrued Interest":

Taking into account whether Quotations obtained by the Calculation Agent include or exclude accrued but unpaid interest, the Bond Final Price will be determined by the Calculation Agent as being the equivalent price to the Bond Final Price otherwise calculated so that it is a "dirty" or "all in" price, including accrued but unpaid interest.

Bond Final Valuation Notice means the notice delivered on the Bond Final Valuation Notice Receipt Date, specifying:

- (a) The Bond Notional Amount of each Bond in respect of which a Bond Event Determination Date has occurred and the Bond Final Value of each Bond in respect of which a Bond Event Determination Date has occurred each as of the Bond Final Value Determination Date;
- (b) the Cash Redemption Amount; and
- (c) the Cash Redemption Date.

Bond Final Valuation Notice Receipt Date means the day (such day being expected to be no later than the 10th Business Day following the Bond Final Value Determination Date) on which the Calculation Agent delivers the Bond Final Valuation Notice on behalf of the Issuer to the relevant Clearing Systems, for the information of the Noteholders.

Bond Final Value means, in respect of a Bond in respect of which a Bond Event has occurred, either:

- (a) If the applicable Final Terms specify that the clause "Bond Final Value" is stated as being "Fixed Recovery":

The percentage specified as such in the applicable Final Terms; or

- (b) If the applicable Final Terms specify that the clause "Bond Final Value" is stated as being "Floating Recovery":

The percentage determined by the Calculation Agent as follows:

- (a) the Bond Final Price;
- (b) plus, if any, any partial or total repayment in cash of the Bond which would have been paid to the holders of the Bond under the Bond as of the Bond Final Value Determination Date as determined by the Calculation Agent, expressed as a percentage of the Bond Notional Amount;
- (c) plus, if any, the price (expressed as a percentage of the Bond Notional Amount), calculated using a method similar to that used to determine the Bond Final Price, of any securities which would have been delivered to the holders of the Bond under the Bond as of the Bond Final Value Determination Date as determined by the Calculation Agent;
- (d) minus the Valuation Hedging Cost;

- (e) minus any amount due and payable under the Bond in accordance with the terms and conditions of the Bond as in force and effect as of the Issue Date (expressed as a percentage of the Bond Notional Amount) which is still unpaid at the Bond Final Value Determination Date, as determined by the Calculation Agent.

The Bond Final Value is subject to a minimum of zero per cent and to a maximum of 100 per cent unless otherwise specified in the applicable Final Terms.

Bond Final Value Determination Date means:

- (a) If the applicable Final Terms specify that the clause "Bond Final Value" is stated as being "Fixed Recovery":

The date on which the Bond Event Notice is delivered to the relevant Clearing System for the information of the Noteholders.

there is no reduction in the rate or amount of interest, principal or premium payable, as determined by reference to such freely available market rate of conversion;

 - (iv) the occurrence of, agreement to or announcement of any of the events described in paragraphs (a)(i) to (a)(v) above in circumstances where such event does not directly or indirectly result from a deterioration in the creditworthiness or financial condition of the Bond Issuer, provided that in respect of paragraph (a)(v) above only, no such deterioration in the creditworthiness or financial condition of the Bond Issuer is required where the redenomination is from euros into another currency and occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority.
- (c) For the purposes of paragraphs (a) and (b) above and Multiple Holder Obligation, the term Obligation shall be deemed to include Underlying Obligations for which the Bond Issuer is acting as provider of a Guarantee. In the case of a Guarantee and an Underlying Obligation, references to the Bond Issuer in paragraph (a) above shall be deemed to refer to the Underlying Obligor and the reference to the Bond Issuer in paragraph (b) above shall continue to refer to the Bond Issuer.
- (d) If an exchange has occurred, the determination as to whether one of the events described under paragraphs (a)(i) to (a)(v) above has occurred will be based on a comparison of the terms of the Bond immediately prior to such exchange and the terms of the resulting obligations immediately following such exchange.
- (e) Unless Multiple Holder Obligation is specified as not applicable in the related Confirmation, then, notwithstanding anything to the contrary above, the occurrence of, agreement to or announcement of any of the events described in paragraphs (a)(i) to (a)(v) above shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

Disrupted Day means any day on which a Market Disruption Event has occurred.

The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been a Knock-in Determination Day, a Knock-out Determination Day or a Valuation Date.

26.5 Knock-in Event and Knock-out Event

If Knock-in Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-in Event shall be conditional upon the occurrence of such Knock-in Event.

If Knock-out Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-out Event shall be conditional upon the occurrence of such Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if any Knock-in Determination Day or Knock-out Determination Day is a Disrupted Day, then such Knock-in Determination Day or Knock-out Determination Day will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining the occurrence of a Knock-in Event or a Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is any time or period of time during any Knock-in Determination Day or Knock-out Determination Day and at any time during the one hour period that begins and/or ends at the time on which the Knock-in Level or the Knock-out Level has been triggered, a Market Disruption Event occurs or exists, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred.

For the purposes of this Condition 26:

If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Knock-in Determination Day".

Knock-in Period Beginning Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-in Period Ending Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

Knock-out Level means a level determined as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions of "Market Disruption" set out in Condition 26.4 above.

Knock-out Determination Day means a day specified as such in the applicable Final Terms, or each Scheduled Trading Day during the Knock-out Determination Period subject to, in either case, the provisions of "Market Disruption" set out in Condition 26.4 above. For the purposes of a Market Disruption, any Knock-out Determination Day will be treated as a Valuation Date and the provisions contained in the definition of "Valuation Date" set out below shall apply. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Knock-out Determination Day".

Knock-out Determination Period means the period which commences on, and includes, the Knock-out Period Beginning Date and ends on, and includes, the Knock-out Period Ending Date.

27. ADDITIONAL PROVISIONS APPLICABLE TO RATE LINKED NOTES

This Condition 27 applies to Rate Linked Notes only. The Technical Annex set out on pages 503 to 536 of this Base Prospectus contains provisions relating to the formulae used to determine amounts payable under Rate Linked Notes. The applicable Final Terms must be read in conjunction with this Condition 27 and with the Technical Annex for full information on any Rate Linked Notes. The applicable Final Terms will specify the manner in which the performance of the Underlying Rate is to be determined as well as other relevant provisions, in accordance with this Condition 27 and the Technical Annex. In particular, the applicable Final Terms will identify the relevant Underlying Rate(s).

27.1 Payments on redemption

Payments due under a Rate Linked Note shall be determined in accordance with the Underlying Rate(s) and, where applicable, in accordance with the adjustment rules set out in this Condition 27 and specified as applicable in the applicable Final Terms. The Calculation Agent will determine the Underlying Rate, on or as soon as practicable after each Rate Determination Date (in the case of Screen Rate Determination or FBF Determination) or Reset Date (in the case of ISDA Determination), as applicable. The Calculation Agent will notify the Principal Paying Agent of the Underlying Rate as soon as practicable after calculating the same.

27.2 Underlying Rate Determination

The value of the Underlying Rate will be determined in the manner specified in the applicable Final Terms.

(a) ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Underlying Rate is to be determined, the Underlying Rate will be the relevant Underlying ISDA Rate specified in the applicable Final Terms. For the purposes of these Rate Linked Note Conditions, **Underlying ISDA Rate** means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as "Calculation Agent" (as defined in the ISDA Definitions) for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

- (i) the Floating Rate Option is as specified in the applicable Final Terms;
- (ii) the Designated Maturity is a period specified in the applicable Final Terms; and
- (iii) the relevant Reset Date is as specified in the applicable Final Terms.

For the purposes of these Rate Linked Note Conditions, **Floating Rate**, **Floating Rate Option**, **Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions. A copy of the ISDA Definitions may be obtained from the Issuer.

(b) Screen Rate Determination

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Underlying Rate is to be determined, the Underlying Rate will, subject as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate *per annum*) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Relevant Financial Centre time indicated in the applicable Final Terms (which will be 11.00 a.m., Brussels time, in the case of EURIBOR) on the relevant Rate Determination Date, all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

In the event that the Relevant Screen Page is not available or if, in the case of (i) above, no such offered quotation appears or, in the case of (ii) above, fewer than three such offered quotations appear, in each case as at the Relevant Financial Centre time, the Calculation Agent shall request each of the reference banks to provide it with its offered quotation (expressed as a percentage *per annum*) for the Reference Rate(s).

For the avoidance of doubt, if amounts under any Rate Linked Notes are to be calculated by reference to any Reference Rate in respect of which a Benchmark Event occurs, then the provisions of Conditions 6.2(b)(iv) and 9.12 of the Terms and Conditions of the French Law Notes or Conditions 4.2(b)(iv) and 6.12 of the Terms and Conditions of the English Law Notes, as applicable, shall apply and prevail over the provisions of this Condition 27.2(b).

(c) FBF Determination

- (i) Where FBF Determination is specified in the applicable Final Terms as the manner in which the Underlying Rate is to be determined, the Underlying Rate will be the relevant FBF Rate. For the purposes of these Rate Linked Note Conditions, **FBF Rate** means a rate equal to that which would have been payable (regardless of any event of default or termination event thereunder) by the Issuer if it had entered into an interest rate swap transaction governed by an agreement in the form of the Master Agreement relating to transactions on forward financial instruments incorporating the FBF Definitions (a **FBF Agreement**), as in effect on the date of issue of the Notes, published by the *Fédération Bancaire Française* (the **FBF**) and evidenced by a Confirmation (as defined in the FBF Agreement) with the holder of the relevant Note under which:

- (A) the Issuer was the Floating Amount Payer;
- (B) the Calculation Agent (as defined herein) was the Agent (as defined in the FBF Agreement) or as otherwise specified in the applicable Final Terms;
- (C) the lowest Specified Denomination was the Notional Amount;

- (D) the Rate Determination Dates were the Floating Amount Payment Dates; and
- (E) all other terms were as specified in the applicable Final Terms.

FBF Definitions means the definitions set out in the FBF Master Agreement as supplemented by the Technical Schedules (*Additifs Techniques*) as published by the FBF (a copy of which may be obtained free of charge on the FBF website at <https://www.fbf.fr/en/schedules-fbf-master-agreement-relating-to-transactions-on-forward-financial-instruments/>), unless otherwise specified in the relevant Final Terms.

- (ii) When paragraph (i) above applies, in respect of the relevant Rate Determination Date:
 - (A) the Underlying Rate(s) will be the Floating Rate (as defined in the FBF Agreement) determined by the Agent in accordance with paragraph (i) above; and
 - (B) the Agent will be deemed to have discharged its obligations under this Condition 27 if it has determined the Underlying Rate(s) in the manner provided in the preceding sentence.

27.3 Definitions

Averaging Date means each date specified as an Averaging Date in the applicable Final Terms or, if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent any such day is a Disrupted Day. If any such day is a Disrupted Day, then:

- (a) If **Omission** is specified as applying in the applicable Final Terms, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant Underlying Rate provided that, if through the operation of this provision no Averaging Date would occur, then the provisions of the definition of Valuation Date will apply for purposes of determining the relevant level, price or amount on the final Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day; or
- (b) if **Postponement** is specified as applying in the applicable Final Terms, then the provisions of the definition of Valuation Date will apply for the purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or
- (c) if **Modified Postponement** is specified as applying in the applicable Final Terms then:
 - (i) where the Notes relate to a single Underlying Rate, the Averaging Date shall be the first succeeding Valid Date (as defined below). If the first succeeding Valid Date has not occurred for consecutive Scheduled Trading Days equal in number to the Specified Maximum Days of Disruption (up to the Relevant Time on the last such consecutive Scheduled Trading Day) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that last such consecutive Scheduled Trading Day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant level or price for that Averaging Date in accordance with sub-paragraph (a)(ii) of the definition of Valuation Date below;

- (ii) where the Notes relate to a basket of Underlying Rates, the Averaging Date for the Underlying Rate(s) not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the **Scheduled Averaging Date**) and the Averaging Date for an Underlying Rate affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date (as defined below) in relation to such Underlying Rate(s). If the first succeeding Valid Date in relation to such Underlying Rate(s) has not occurred for consecutive Scheduled Trading days equal in number to the Specified Maximum Days of Disruption (up to the Relevant Time on the last such consecutive Scheduled Trading Day) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether that last such consecutive Scheduled Trading Day is already an Averaging Date) in respect of such Underlying Rate, and (B) the Calculation Agent shall determine the relevant level, price or amount for that Averaging Date in accordance with sub-paragraph (b)(ii) of the definition of Valuation Date below; and
- (iii) for the purposes of these Conditions **Valid Date** means a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date does not or is not deemed to occur.

Disrupted Day means any Scheduled Trading Day on which the Calculation Agent determines that a Disruption Event has occurred.

Disruption Event means the occurrence of an event whereby it is impossible to determine the Underlying Rate(s) in the manner set out in Condition 27.2 above.

Observation Date means each date specified as an Observation Date in the applicable Final Terms, or if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent, any such day is a Disrupted Day. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Observation Date".

Observation Period means the period specified as the Observation Period in the applicable Final Terms.

Rate Determination Date means the date specified as such in the applicable Final Terms.

Relevant Time means the time specified as such in the applicable Final Terms.

Scheduled Trading Day means the relevant Scheduled Trading Day specified in the applicable Final Terms.

Specified Maximum Days of Disruption means eight (8) Scheduled Trading Days or such other number of Scheduled Trading Days specified in the applicable Final Terms.

Trade Date means the date specified as such in the applicable Final Terms.

Underlying Rate(s) means an applicable interest rate(s) specified as such in the applicable Final Terms.

- (a) where the Notes relate to a single Underlying Rate, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the consecutive Scheduled Trading Days equal in number to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day. In that case, and unless otherwise specified in Condition 27.2, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Underlying Rate in the manner set out in the applicable Final Terms or, if not set out or if not practicable, determine the Underlying Rate in accordance with its good faith estimate of the value for the Underlying Rate as of the Relevant Time on the last such consecutive Scheduled Trading Day; or
- (b) where the Notes relate to a basket of Underlying Rates, the Valuation Date for each Underlying Rate not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Underlying Rate, affected, as the case may be, (each an **Affected Item**) by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Item unless each of the consecutive Scheduled Trading Days equal in number to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Item. In that case, and unless otherwise specified in Condition 27.2, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Item, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Underlying Rate using, in relation to the Affected Item, the level or value as applicable, determined in the manner set out in the applicable Final Terms, or, if not set out or if not practicable, using its good faith estimate of the value for the Affected Item as of the Relevant Time on the last such consecutive Scheduled Trading Day.

27.4 Hedging Disruption – Increased Cost of Hedging – Change in Law – Consequences - Monetisation until the Maturity Date

(a) Hedging Disruption, Increased Cost of Hedging

Hedging Disruption means that the Issuer and/or any of its Affiliates is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the Underlying Rate level risk, or any other relevant level risk including, but not limited to, the interest rate, equity and currency risk of the Issuer issuing and performing its obligations in respect to the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

Increased Cost of Hedging means that the Issuer and/or any of its Affiliates would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the Underlying Rate level risks (or any other relevant level risk including, without limitation, equity and credit price risk, foreign exchange risk, interest rate risk, and any other price risks) of the Issuer issuing and performing its obligations with respect to the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the

deterioration of the creditworthiness of the Issuer and/or any of its Affiliates shall not be deemed an Increased Cost of Hedging.

(b) **Change in Law**

Change in Law means that, on or after the Trade Date (as specified in the applicable Final Terms) (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of any change in the interpretation by any court, tribunal or regulatory authority, the Issuer determines in its sole and absolute discretion that it is unable to perform its obligations in respect of the Notes or it has become illegal to hold, acquire or dispose of any relevant hedge positions in respect of the Notes.

(c) **Consequences**

Upon the occurrence of an Exceptional Event Date, the Issuer may decide either to:

- (i) consider such event as an event triggering an early redemption of the Notes (hereafter, an **Early Redemption Event**). In the case where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and shall pay or cause to be paid an Early Redemption Amount on the basis of the Fair Market Value as defined in Condition 6.7; or
- (ii) apply the Monetisation until the Maturity Date;

Or, but only in the case of Increased Cost of Hedging:

- (iii) deduct:
 - (A) from the Interest Amount (if any) due under the Notes on the Interest Payment Date(s) following the occurrence of the Increased Cost of Hedging, the amount of any new, or any increase of, any tax, duty, expense or fee, that triggered the occurrence of the Increased Cost of Hedging incurred by the Issuer or any of its Affiliates in relation to the Hedge Positions hedging the payment obligations of the Issuer under the Notes, such amount to be apportioned *pro rata* amongst the outstanding Notes (the **Reduction Amount**); PROVIDED THAT if on an Interest Payment Date on which a Reduction Amount shall be deducted from the Interest Amount, the Reduction Amount in respect of each Note is greater than the Interest Amount due under each Note (prior to the deduction of the Reduction Amount) on such Interest Payment Date, the Interest Amount will be reduced to zero and the difference between the Reduction Amount and the Interest Amount (prior to the deduction of the Reduction Amount) will be deducted from the Interest Amount due on one or more of the following Interest Payment Date(s) (if any), and if a Reduction Amount has not been deducted in whole or in part on the last Interest Payment Date under the Notes, the remaining Reduction Amount will be deducted from the Optional Redemption Amount (if any), the Automatic Early Redemption Amount (if any), the Early Redemption Amount (if any) or the Final Redemption Amount, whichever comes first (the reduction of such deduction being floored at zero); or
 - (B) in the absence of any Interest Amount under the Notes, (a) from the Optional Redemption Amount (if any), the Automatic Early Redemption Amount (if any) or the Early Redemption Amount (if any), due under the Notes on the

Optional Redemption Date (if any), the Automatic Early Redemption Date (if any) or the payment date of the Early Redemption Amount (if any), whichever comes first, and (b) in the absence of any Optional Redemption Amount, Automatic Early Redemption Amount and Early Redemption Amount in respect of the Notes, from the Final Redemption Amount due on the Maturity Date, in each case after the occurrence of the Increased Cost of Hedging, the Reduction Amount (the result of such deduction being floored at zero).

Following the occurrence of an Exceptional Event Date, the Calculation Agent shall notify the Issuer, which shall in its turn notify the Noteholders pursuant to the provisions of Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the relevant adjustment made or decision taken by the Calculation Agent. Details of any adjustment made or decision taken may be obtained by the Noteholders upon request at the Calculation Agent's specified address.

(d) Monetisation until the Maturity Date

The Issuer will no longer be liable for any payment, on the Maturity Date or any Interest Payment Date, but instead will, in full and final satisfaction of its obligations pay an amount as described in Conditions 27.4(d)(i) and 27.4(d)(ii) below:

- (i) In respect of the redemption of Notes whose Final Redemption Amount as defined in the applicable Final Terms could be as low as zero:

In accordance with the provisions of Condition 27.4(d) above, the Issuer will pay on the Maturity Date an amount per Note, determined by the Calculation Agent, with a minimum of zero, based on (a) the net positive cash amount that the Issuer or any of its Affiliates would be left with on the Full Liquidation Date, as a result of liquidating the Hedge Positions (*inter alia* by meeting the obligations and liabilities of the Hedge Positions, if any, with the liquidation proceeds of the assets of the Hedge Positions) minus (b) the Associated Costs (the result of this difference (a) minus (b) each converted if necessary in the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method together with (c) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the Maturity Date (excluded); for the avoidance of doubt, the liquidation proceeds of any assets held by the Issuer or any of its Affiliates as Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by the Issuer or any of its Affiliates under its Hedge Positions and the Calculation Amount mentioned above may be as low as zero; or

- (ii) In respect of the redemption of Notes whose Final Redemption Amount as defined in the applicable Final Terms cannot be in any case lower than an amount strictly positive (the **Minimum Redemption Amount**):

In accordance with the provisions of Condition 27.4(d) above, the Issuer will pay on the Maturity Date an amount per Note, determined by the Calculation Agent, equal to the sum of (a) the Minimum Redemption Amount and (b) an amount, equal to the positive difference, if any, between:

- (A) the net positive cash amount that the Issuer or any of its Affiliates would be left with on the Full Liquidation Date, as a result of liquidating the Hedge

Positions (*inter alia* by meeting the obligations and liabilities of the Hedge Positions, if any, with the liquidation proceeds of the assets of the Hedge Positions) minus (b) the Associated Costs (the result of this difference (a) minus (b), each converted if necessary in the Specified Currency using the Relevant Spot Exchange Rate on the Full Liquidation Date, is a **Calculation Amount** for the purposes of this provision and of the Compounding Method) together with (c) interest that would have accrued on such Calculation Amount pursuant to the Compounding Method, during the period (which for the purposes of this provision and of the Compounding Method shall be a **Calculation Period**) between (x) the Full Liquidation Date (included) and (y) the Maturity Date (excluded); and

- (B) an amount equal to the Minimum Redemption Amount; for the avoidance of doubt, the liquidation proceeds of any assets held by the Issuer or any of its Affiliates as Hedge Positions shall be deemed to be used in priority to extinguish any liability, if any, incurred by the Issuer or any of its Affiliates under its Hedge Positions and the Calculation Amount mentioned above may be as low as zero.

Definitions applicable to this Condition:

Associated Costs means an amount determined by the Issuer in its reasonable discretion equal to the sum of (without duplication) all costs (including, without limitation, cost of funding), losses, expenses, tax and duties incurred by the Issuer or any of its Affiliates in connection with the termination, liquidation or re-establishment of the Hedge Positions, such amount to be apportioned *pro rata* the outstanding Notes;

Exceptional Event means, as determined by the Calculation Agent acting in good faith, the occurrence during the period from and including the Issue Date to and including the Last Exceptional Event Occurrence Date of one or more of Hedging Disruption, an Increased Cost of Hedging or a Change in Law;

(e) **Automatic Early Redemption**

(i) If Automatic Early Redemption Event is specified as applicable in the Final Terms, then unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date, an Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date and the Early Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.

(ii) For the purposes of this Condition 27:

If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Automatic Early Redemption Valuation Date".

27.5 Knock-in Event and Knock-out Event

If Knock-in Event is specified as applicable in the Final Terms, then, unless otherwise specified in such Final Terms, amendment to the terms of the Notes (as specified in the applicable Final Terms) and/or payment under the relevant Notes subject to a Knock-in Event shall be conditional upon the occurrence of such Knock-in Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if any Knock-in Determination Day or Knock-out Determination Day is a Disrupted Day, then such Knock-in Determination Day or Knock-out Determination Day will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining the occurrence of a Knock-in Event or a Knock-out Event.

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is any time or period of time during any Knock-in Determination Day or Knock-out Determination Day and at any time during the one hour period that begins and/or ends at the time on which the Knock-in Level or the Knock-out Level has been triggered, a Market Disruption Event occurs or exists, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred.

For the purposes of this Condition 27:

For the purposes of a Market Disruption, any Knock-in Determination Day will be treated as a Valuation Date and the provisions contained in the definition of "Valuation Date" set out above shall apply. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Knock-in Determination Day".

Knock-out Determination Day means a day specified as such in the applicable Final Terms, or each Scheduled Trading Day during the Knock-out Determination Period subject to, in either case, the provisions of "Market Disruption" set out in Condition 27.6 below. For the purposes of a Market Disruption, any Knock-out Determination Day will be treated as a Valuation Date and the provisions contained in the definition of "Valuation Date" set out below shall apply. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Knock-out Determination Day".

Knock-out Determination Period means the period which commences on, and includes, the Knock-out Period Beginning Date and ends on, and includes, the Knock-out Period Ending Date.

Knock-out Period Beginning Date means the date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day.

27.6 Market Disruption

Market Disruption Event means, in relation to Notes relating to a single Underlying Rate or a basket of Underlying Rates, the occurrence or existence of a specific circumstance or a combination of circumstances, which in either case the Calculation Agent determines is material and which objectively prevents it from determining whether a Knock-in or Knock-out Event has occurred, at any time during the one hour period that (a) for the purposes of the occurrence of a Knock-in Event or a Knock-out Event begins or ends at the time on which the level of the Underlying Rate(s) triggers respectively the Knock-in Level or the Knock-out Level or (b) in all other circumstances ends at the relevant Valuation Time.

The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been a Knock-in Determination Day, a Knock-out Determination Day or a Valuation Date.

28. ADDITIONAL PROVISIONS APPLICABLE TO FUTURE LINKED NOTES

This Condition 28 applies to Future Linked Notes only. The Technical Annex set out on pages 503 to 536 of this Base Prospectus contains provisions relating to the formulae used to determine the pay-off under Future Linked Notes. The applicable Final Terms contains provisions applicable to the determination of the performance of the relevant Future or Futures as well as other relevant provisions and must be read in conjunction with this Condition 28 and with the Technical Annex for full information on any Future Linked Notes.

28.1 Market Disruption Event, Disrupted Days and Consequences

Market Disruption Event means, in relation to a Future, the occurrence or existence of any of the following events: (i) a Failure to Publish, (ii) a Trading Disruption, (iii) an Exchange Disruption or (iv) an Early Closure.

(a) Consequences of the occurrence of Disrupted Days

If an Observation Date is a Disrupted Day, then:

- (i) In the case of Future Linked Notes relating to a single Future, the Calculation Agent may:
 - (A) postpone the Observation Date, in which case the Observation Date will be the first immediately succeeding Scheduled Trading Day that is not a Disrupted Day (the **Future Determination Date**), unless each consecutive Scheduled Trading Day up to and including the Disruption Longstop Date is a Disrupted Day, in which case (I) the Disruption Longstop Date shall be deemed to be the Observation Date, notwithstanding the fact that such day is a Disrupted Day and (II) the Calculation Agent shall determine its good faith estimate of the value for the relevant Future as of the Daily Fixing Time on the Disruption Longstop Date; or
 - (B) determine the value for the relevant Future (or a method for determining an such value) for such day, taking into consideration the latest available

quotation for the relevant Future and any other information that in good faith it deems relevant,

with each such value so determined being used as the relevant Future Price.

- (ii) In the case of Future Linked Notes relating to a Basket of Futures:
 - (A) for each Future not affected by the occurrence of a Disrupted Day, the Observation Date shall be the Scheduled Observation Date; and
 - (B) for each Future affected (each an **Affected Future**) by the occurrence of a Disrupted Day, the Calculation Agent may:
 - I. postpone the Observation Date, in which case the Observation Date will be the Future Determination Date relating to such Affected Future, unless each consecutive Scheduled Trading Day up to and including the Disruption Longstop Date is a Disrupted Day relating to such Affected Future, in which case (1) the Disruption Longstop Date shall be deemed to be the Observation Date, notwithstanding the fact that such day is a Disrupted Day relating to the relevant Affected Future and (2) the Calculation Agent shall determine its good faith estimate of the value for the relevant Affected Future as of the Daily Fixing Time on the Disruption Longstop Date; in case of multiple Affected Futures, the latest Future Determination Date will be the Future Determination Date for the purpose of Condition 28.1(a)(iii) below; or
 - II. determine the value for the relevant Affected Futures (or a method for determining such value) for such day, taking into consideration the latest available quotation for the relevant Future and any other information that in good faith it deems relevant,

with each such value so determined being used as the value for the relevant Affected Future.

- (iii) Unless the Notes are redeemed early in accordance with these Conditions, if the determination of (A) the Interest Amount; or (B) (I) the Final Redemption Amount or (II) the Early Redemption Amount, as the case may be, is postponed as a result of the occurrence of a Disrupted Day, then:
 - (A) payment of any such amount (the **Affected Amount**) will be made on the scheduled date for payment of such amount or, if later, on the date falling two (2) Payment Extension Days (or such other number of Payment Extension Days as specified in the applicable Final Terms) following the earlier to occur of (i) the Future Determination Date; and (ii) the Disruption Longstop Date; and
 - (B) such Affected Amount shall be paid without any interest or other sum payable in respect of the postponement of the payment of the Affected Amount.
- (iv) If the Calculation Agent is not able to or does not determine the Future Price in accordance with Condition 28.1(a)(i) or Condition 28.1(a)(ii) above, as the case may be, or if such determination would not, in the opinion of the Calculation Agent, account for such Market Disruption Event:

- (A) the Calculation Agent may make such adjustments to any of the Conditions as it considers appropriate to account for any such Disrupted Day and determine the date(s) on which any such adjustments will be effective. In making any such adjustments, the Calculation Agent may take into account the equivalent adjustment(s) which would be made to an equity derivative transaction in the market following the relevant event occurring and where the Calculation Agent deems appropriate (in its sole and absolute discretion), adjust the Conditions to give effect to such adjustment(s); or
 - (B) if the Calculation Agent is not able to or does not determine any adjustments for the purposes of sub-paragraph (iv)(A) above, the Issuer may, in its sole and absolute discretion, upon giving notice to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of a Note taking into account the Market Disruption Event less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.
 - (v) The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, of the occurrence of a Disrupted Day on an Observation Date. Such notice shall give the details of such Disrupted Day and the action proposed to be taken by the Calculation Agent in relation thereto.
- (b) Averaging Date Disruption

Averaging Date means each date specified as an Averaging Date in the applicable Final Terms or, if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent any such day is a Disrupted Day. If any such day is a Disrupted Day, then:

- (i) If "Omission" is specified as applying in the applicable Final Terms, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant Future Price provided that, if through the operation of this provision no Averaging Date would occur, then the provisions of the definition of Valuation Date will apply for purposes of determining the relevant price or amount on the final Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day; or
- (ii) if "Postponement" is specified as applying in the applicable Final Terms, then the provisions of the definition of Valuation Date will apply for the purposes of determining the relevant price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Future; or
- (iii) if "Modified Postponement" is specified as applying in the applicable Final Terms, then:

- (A) where the Notes are Future Linked Notes relating to a single Future, the Averaging Date shall be the first succeeding Valid Date (as defined below). If the first succeeding Valid Date has not occurred for consecutive Scheduled Trading Days equal in number to the Maximum Days of Disruption (up to the Valuation Time on the last such consecutive Scheduled Trading Day) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that last such consecutive Scheduled Trading Day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with sub-paragraph (a) of the definition of Valuation Date below;
- (B) where the Notes are Future Linked Notes relating to a Basket of Futures, the Averaging Date for the Future not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the **Scheduled Averaging Date**) and the Averaging Date for a Future affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date (as defined below) in relation to such Future. If the first succeeding Valid Date in relation to such Future, has not occurred for consecutive Scheduled Trading days equal in number to the Maximum Days of Disruption (up to the Valuation Time on the last such consecutive Scheduled Trading Day) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether that last such consecutive Scheduled Trading Day is already an Averaging Date) in respect of such Future, and (B) the Calculation Agent shall determine the relevant price or amount for that Averaging Date in accordance with sub-paragraph (b) of the definition of Valuation Date below; and
- (C) for the purposes of these Conditions **Valid Date** means a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date does not or is not deemed to occur.

For the purposes of these Conditions:

Early Closure means, in relation to a Future, the closure on any Exchange Business Day of the relevant Exchange prior to the Scheduled Closing Time.

- II. determine the effective date of that adjustment. The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by the relevant Exchange.

- (B) If the Calculation Agent is not able to or does not determine any adjustments for the purposes of sub-paragraphs (A) above, the Issuer may, in its sole and absolute discretion, upon giving notice to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of a Note taking into account the Potential Adjustment Event less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion; payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be.

Without prejudice to the foregoing, the Weighting of each Substitute Future (if any) will, to the extent practicable, be set equal to the Weighting of the relevant Affected Future.
- (B) Upon the occurrence of an Extraordinary Event, the Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the English Law Notes or Condition 14 of the French Law Notes, as the case may be, stating the occurrence of the relevant Extraordinary Event, giving details thereof and the action proposed to be taken in relation thereto, including, in the case of a substitution of Futures, the identity of the Substitute Futures and the Substitution Date. In that case, (i) the last such consecutive Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Item, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Future Price using, in relation to the Affected Item, the price determined with good faith estimate of the price for the Affected Item as of the Valuation Time on the last such consecutive Scheduled Trading Day),

and otherwise in accordance with the above provisions.

Valuation Time means the Relevant Time specified in the applicable Final Terms on the relevant Valuation Date which, unless otherwise specified in the applicable Final Terms, shall be the time at which the Exchange published the relevant Future Price from which the Future Price is calculated.

Weighting means, in relation to a Future comprised in a Basket of Futures, the percentage specified as such in the applicable Final Terms and representing the relative weighting of such Future in the Basket.

SUPPLEMENTARY PROVISIONS

*The following chapters comprise the terms and conditions (the **Supplementary Provisions**) that shall apply to Notes if the applicable Final Terms indicate that the Supplementary Provisions is applicable. These Supplementary Provisions are subject to completion in accordance with the applicable Final Terms.*

If the relevant Final Terms specify that the Supplementary Provisions are applicable, the terms and conditions applicable to the Notes shall comprise the Terms and Conditions, the relevant Additional provisions as specified in the Final Terms and these Supplementary Provisions. In the event of any inconsistency between the Terms and Conditions, the relevant Additional provisions as specified in the Final Terms and these Supplementary Provisions, these Supplementary Provisions shall prevail.

1. DEFINITIONS

Derivative Component means the option component or embedded derivative in respect of the nominal amount of the Notes or the interest amount due under the Notes in order to enable the Issuer to issue the Notes at the issue price and on their applicable terms.

Derivative Component Market Value means the market value of the Derivative Component as determined by the Calculation Agent by reference to the actual or theoretical mark-to-market value of such Derivative Component taking into account the time remaining until the scheduled maturity date of the Notes and calculated in accordance with generally accepted valuation methods for such instruments in the financial markets, provided that:

- (a) any costs incurred by the Issuer in relation to the early redemption of the Notes or the termination of any hedging arrangements, shall not be taken into account when determining the Derivative Component Market Value; and
- (b) any costs, as notified by the Issuer to the Calculation Agent (including but not limited to any structuring costs) which were included in the issue price of the relevant Note (the **Fee Component**) shall be added to the Derivative Component Market Value, in an amount equal to the amount of such Fee Component multiplied by the number of days from the Issue Date to the Early Redemption Valuation Date and divided by the number of days from the Issue Date until the Maturity Date of such Notes.

Early Redemption Valuation Date means the date on which the Issuer determines that the Notes will be early redeemed, such date being notified to Noteholders in the relevant notice of early redemption.

Fair Market Value means an amount determined by the Calculation Agent, as of the Early Redemption Valuation Date, equal to the fair market value of such Note, notwithstanding the consequences (if any) of the occurrence of any Significant Alteration Event or Force Majeure, as the case may be, provided that, in determining the fair market value for the purposes of Condition 9 (*Events of Default*), no account shall be taken of the financial condition of the Issuer which shall be presumed to be able to perform fully its obligations in respect of the Notes.

Force Majeure means any force majeure, act of state, or other event or circumstance occurring after the Issue Date as a consequence of which the fulfilment of the obligations of the Issuer under the Notes has become impossible through the occurrence of an external event that is not attributable to the Issuer, including, without limitation, it becoming illegal for the Issuer to have the Notes outstanding pursuant to any change in law, nationalisation or regulatory action;

"Monetisation Amount" means, in respect of a Note, is an amount calculated based on the following formula, which implies a redemption at maturity of at least the Principal Protected Amount:

$$(S + D) \times (1 + r)^n$$

Where:

"S" is the present value of the Principal Protected Amount of the Notes on the Early Redemption Valuation Date (calculated by the Calculation Agent by reference to a generally accepted valuation method for such instruments in the financial markets);

"D" is the Derivative Component Market Value on the Early Redemption Valuation Date;

"r" is a hypothetical annual interest rate that would be applied on an equivalent hypothetical debt instrument issued by the Issuer (or the Guarantor, as applicable) with the same maturity as the remaining maturing on the Notes from the date of early redemption until the scheduled maturity date of the Notes; and

"n" is the time remaining until the scheduled maturity date of the Notes, expressed as a number of years.

Principal Protected Amount means, in respect of a Principal Protected Note, the Final Redemption Amount of such Note, as specified in the applicable Final Terms.

Principal Protected Note means a Note with a Final Redemption Amount equal to the Issue Price.

Relevant Notice Condition means (i) in relation to French Law Notes, Condition 14 (Notices) of the Terms and Conditions for French Law Notes; or (ii) in relation to English Law Notes, Condition 13 (Notices) of the Terms and Conditions for English Law Notes.

Significant Alteration Event means any event or circumstance or combination of events or circumstances occurring after the Issue Date that is not attributable to the Issuer but which in the determination of the Issuer or the Calculation Agent, acting in good faith and in a commercially reasonable manner, significantly alters the economics of the Notes compared to the economics as at the Issue Date, where such event renders the performance of the Issuer's obligations under the Notes unduly onerous or results in a material increase in costs incurred by the Issuer associated with the Notes as a consequence of a change in any applicable law or regulation (including, without limitation, in respect of any in tax laws, solvency or regulatory capital requirements), nationalisation, or regulatory action but, in each case, where such event does not constitute a Force Majeure, or, to the extent permitted by applicable law, in other similar events or circumstances that would in the determination of the Issuer or the Calculation Agent, acting in good faith and in a commercially reasonable manner, significantly alter the economics of the Notes compared to the economics as at the Issue Date.

2. REDEMPTION

2.1 Redemption for Significant Alteration Event or Force Majeure Event

(a) Restriction on early redemption

Notwithstanding anything to the contrary in the Terms and Conditions and the relevant Additional provisions and except as provided otherwise in these Supplementary provisions, the Issuer or the Calculation Agent, as the case may be, may only redeem the Notes prior to their Maturity Date in accordance with the Terms and Conditions (including the relevant Additional provision), following an event or circumstance (or combination of events or circumstances) that qualifies as either a Significant Alteration Event or a Force Majeure.

(b) Significant Alteration Event

If the Issuer determines that a Significant Alteration Event has occurred, the Issuer may redeem all, but not some only, of the Notes by giving notice to the Noteholders in accordance with the Relevant Notice Condition.

If the Issuer redeems the Notes, then the Issuer will, if and to the extent permitted by applicable law, pay an amount to each Noteholder in respect of each Note held by such Noteholder calculated on the basis of the Redemption Basis specified in the applicable Final Terms. In respect of Notes bearing interest, notwithstanding any other provision of the Terms and Conditions and the relevant Additional provisions, the Early Redemption Amount shall include any accrued interest to (but excluding) the Early Redemption Valuation Date. Payment will be made in such manner as shall be notified to the Noteholders in accordance with the Relevant Notice Condition.

Should any one or more of the provisions contained in the Terms and Conditions and the relevant Additional provisions be or become invalid, the validity of the remaining provisions shall not in any way be affected thereby.

(c) Force Majeure

If the Issuer determines that a Force Majeure has occurred, the Issuer may redeem all, but not some only, of the Notes by giving notice to Noteholders in accordance with the Relevant Notice Condition.

If the Issuer redeems the Notes as provided above, then the Issuer will, if and to the extent possible or practicable, pay an amount (if any) to each Noteholder in respect of each Note held by such Noteholder equal to the Fair Market Value of the Notes. In respect of Notes bearing interest, notwithstanding any other provision of the Terms and Conditions and the relevant Additional provisions, the Fair Market Value shall include any accrued interest to (but excluding) the Early Redemption Valuation Date. Any payment will be made in such manner as shall be notified to the Holders in accordance with the Relevant Notice Condition.

(d) Redemption Amounts

(i) Notwithstanding any contrary provisions in the Terms and Conditions and the relevant Additional provisions:

(A) Except in the case of a Force Majeure, where the Notes are to be redeemed prior to their Maturity Date pursuant to the Terms and Conditions, or in other circumstances specified in the Additional provisions or the Supplementary Provisions, that do not constitute a Force Majeure, each Note will be redeemed in accordance with the Terms and Conditions (including the relevant Additional provisions) and the Supplementary Provisions, at an amount calculated as follows:

- I. if the "Redemption Basis" is specified in the applicable Final Terms as being "Fair Market Value", the Notes will be redeemed on the Early Redemption Date at the Fair Market Value of the Notes;
- II. if the "Redemption Basis" is specified in the applicable Final Terms as being "Highest Value", the Notes will be redeemed on the Early Redemption Date at the greater of (1) the Fair Market Value of the Notes and (2) the Principal Protected Amount of the Notes; or

III. if the "Redemption Basis" is specified in the applicable Final Terms as being "Monetisation Amount", the Notes will be redeemed at the Fair Market Value on the Early Redemption Date or at the Monetisation Amount on the Maturity Date, according to the choice of the Noteholder (to be exercised at the Noteholder's absolute discretion).

For the determination of the applicable redemption amount in accordance with one of the redemption bases ("Fair Market Value", "Highest Value" or "Monetisation Amount"), no costs shall be deducted from such redemption amount and such redemption amount shall include the reimbursement by the Issuer of any costs or, as the case may be, proportionate share of such costs (including but not limited to any structuring costs) paid by Noteholders to the Issuer in the Issue Price of the Notes.

(B) Where the Notes are to be redeemed prior to their Maturity Date as a result of a Force Majeure, the Notes will be redeemed on the Early Redemption Date at the Fair Market Value, taking into account that, for the determination of the Fair Market Value, no costs shall be deducted other than costs that are unavoidable in order to be able to redeem the Notes at their market value.

(ii) Where the "Redemption Basis" is specified in the applicable Final Terms as being "Monetisation Amount", in the relevant Issuer's notice of early redemption as specified in the relevant Terms and Conditions or Additional provisions, the Issuer must include the following:

(A) the cut-off date and time for each Noteholder to elect to receive the Fair Market Value on the date fixed for early redemption of the Notes;

(B) the Early Redemption Valuation Date in respect of such election

(C) the amount determined by the Calculation Agent as the Fair Market Value of the Notes on the Early Redemption Valuation Date;

(D) the amount calculated by the Calculation Agent as the Monetisation Amount

(E) the instructions to allow such Noteholder to make such allocation, substantially in accordance with paragraph (iii) below; and

(F) a confirmation that, in the absence of making an election to receive the Fair Market Value, such Noteholder shall receive the Monetisation Amount on the Maturity Date.

(iii) If the Noteholder does not make a valid election to receive the Fair Market Value on the date fixed for early redemption before the cut-off date and time set out in the Issuer's notice of early redemption, the Noteholder will receive the Monetisation Amount in respect of such Note on the Maturity Date.

(iv) To make a valid election to receive the Fair Market Value on the date fixed for Early Redemption of the Notes, a Noteholder must no later than the cut-off date and time set out in the Issuer's notice of early redemption, give notice to the relevant Agent, as the case may be of such election.

3. MODIFICATION

Notwithstanding anything to the contrary in the Terms and Conditions and the relevant Additional provisions and except as provided otherwise in these Supplementary provisions, the Issuer or the Calculation Agent, as the case may be, may only modify or adjust the terms of the Notes in accordance with the Terms and Conditions or the relevant Additional provisions (other than modifications or adjustments that do not relate to essential characteristics of the Notes), following an event or circumstance (or combination of events or circumstances) that qualifies as either a Significant Alteration Event or a Force Majeure. Any such modification or adjustment of the Terms and Conditions (or the relevant Additional provisions) may not create a significant imbalance between the rights and obligations of the parties to the detriment of the Noteholders.

The Noteholders may not be charged any costs for the modification or adjustment of the Terms and Conditions (incl. any relevant Additional provisions).

For the purpose of these Supplementary Provisions, "**essential characteristics**" of the Notes means characteristics of the Notes that are considered essential to the Noteholders, including without limitation the yield (coupon structure), the underlying value, whether or not the investment is reimbursed in whole or in part on the relevant redemption date, the identity of the issuer and/or of the guarantor and the scheduled redemption date.

4. JURISDICTION

Notwithstanding any provisions in the Terms and Conditions, to the extent that any proceedings in respect of the Notes involve consumers (as such term is used in Regulation (EU) No 1215/2012 of the European Parliament and of the Council of 12 December 2012 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters (the **Brussels Recast Regulation**)), the Issuer agrees that it will, and such consumers may, in respect of any dispute in respect of the Notes, take proceedings in the jurisdictions specified in Article 18 of the Brussels Recast Regulation.

TECHNICAL ANNEX

Provisions relating to Interests and Payouts

1. INTRODUCTION TO THE TECHNICAL ANNEX AND EXAMPLES

Introduction

This Technical Annex contains the calculation Formulae (each a **Formula**) used to determine the Interest Amount, Early Redemption Amount or Final Redemption Amount payable under a Note.

The first section contains a glossary (**Glossary**) in which certain terms used in the Formulae described below are defined.

The second section (**Interests**) describes the type of interests that may be paid under a Note and the applicable Formula used to determine those interests. In relation to a Note that bears interest, two elements are to be considered: firstly, the "Type of Coupon", as defined in 3.1 below, refers to the form of Coupon that can be paid (e.g. fixed or floating rate that can be indexed on various Underlying References); secondly, the "Terms of Payment", as defined in 3.2 below, describe the conditions that can apply to the payment of the Coupon if so specified in the applicable Formula and Final Terms. The interests paid under a Note can be calculated by combination of a Type of Coupon with one or several Term(s) of Payment.

The third section (**Payouts**) identifies all the ways in which the principal of a Note can be redeemed on the relevant repayment date. Paragraph 4.1 describes the Payouts that may apply to all types of Notes except Credit Linked Notes and Bond Linked Notes. Paragraph 4.3 describes the Payouts that may apply to Credit Linked Notes. Paragraph 4.4 describes the Payouts that may apply to Bond Linked Notes.

In case of any discrepancy between the provisions set out in the section of this Base Prospectus entitled "Terms and Conditions of the Notes" and this Technical Annex, the Technical Annex shall prevail.

Examples

Three examples of Notes that the Issuer may issue under the Programme are described below.

2. GLOSSARY

2.1 Definitions of Price

Price means the value of the relevant Underlying Reference or Underlying References determined according to one of the methods defined in this section 2.1 and as specified in the applicable Final Terms.

The Price can be expressed in the relevant Final Terms as an Initial Price, Intermediate Price or Final Price and if so specified in the Final Terms, can be converted at the exchange rate determined by the Calculation Agent and on the Exchange Dates specified in the Final Terms.

The Price can be subject to a Cap (i.e. Maximum Level), a Floor (i.e. Minimum Level) or a Leverage if so specified in the applicable Final Terms.

Initial Price means the Price determined by using one or more of the methods described below on the relevant Initial Observation Date(s) or during the relevant Initial Observation Period(s).

Intermediate Price means the Price determined by using one or more of the methods described below on the relevant Intermediate Observation Date(s) or during the relevant Intermediate Observation Period(s).

Final Price means the Price determined by using one or more of the methods described below on the relevant Final Observation Date (s) or during the relevant Final Observation Period(s).

These Prices (Initial Price, Intermediate Price and Final Price) can be determined by using one or more of the following methods i.e. the methods can be combined.

When the word "**Price**" is used in the formulas and definitions below, it can refer to all definitions of Price covered in this section. For example, we can calculate a Lookback Price which would be the minimum value of several Average Prices.

- **Fixed Price** means an absolute value defined in the applicable Final Terms.
- **Simple Price** means an amount determined in accordance with the following Formula:

Price of the Underlying Reference observed on the relevant Observation Date(s) or during the relevant Observation Period(s) on the Relevant Exchange or Relevant Screen Page

- **Average Price** means the weighted average of the Prices observed on one or more Observation Date(s) or during one or more Observation Period(s). In this case, the Prices are observed jointly as part of a basket (there can however be more than one basket). The Average Price is calculated in accordance with the following Formula:

$$\sum_{i=1}^m W_{(i)} \times \text{Price}_{(i)}$$

With:

m = number of components in each basket.

W_(i) = weighting of the ith component of the basket specified in the applicable Final Terms.

For the avoidance of doubt, a component can be defined as a single Underlying Reference or a combination of Underlying References.

For the avoidance of doubt, each of the Prices_(i) as well as the Average Price can be subject to a Cap, a Floor and a Leverage.

- **Asian Price** means the weighted average of the Prices observed on the relevant Observation Dates or during the relevant Observation Period(s). However, in this case, the weightings relate rather to a period than to a basket component. The Asian Price is determined in accordance with the following Formula:

$$\sum_{t=1}^m W_{(t)} \times \text{Price}_{(t)}$$

If the Observation Dates or Observation Periods are equally-weighted, the formula can be expressed as:

$$\frac{1}{m} \sum_{t=1}^m \text{Price}(t)$$

With:

m = number of relevant Observation Date(s) or Observation Period(s).

W_(t) = weighting of the tth date or period specified in the applicable Final Terms.

For the avoidance of doubt, each of the Prices_(i) as well as the Asian Price can be subject to a Cap, a Floor and a Leverage.

- **Lookback Price** means the minimum or maximum (as specified in the applicable Final Terms) of the Prices observed during one or more Observation Period(s) or on one or more Observation Date(s). It can be determined in accordance with either of the following Formulas as specified in the applicable Final Terms:

Min (Prices_(i))

Max (Prices_(i))

Max means that the considered value is the highest value of all Prices_(i).

Min means that the considered value is the lowest value of all Prices_(i).

For the avoidance of doubt, each of the Prices_(i) as well as the Lookback Price can be subject to a Cap, a Floor and a Leverage.

Observation Date means each date specified as an Observation Date in the applicable Final Terms, or if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent, any such day is a Disrupted Day. If any such day is a Disrupted Day, then the provisions relating to "Omission", "Postponement" or "Modified Postponement", as the case may be, contained in the definition of "Averaging Date" shall apply *mutatis mutandis* as if references in such provisions to "Averaging Date" were to "Observation Date".

Observation Period means the period specified in the applicable Final Terms.

Initial Observation Date(s) means the first Observation Date(s) as specified in the applicable Final Terms.

Final Observation Date(s) means the last Observation Date(s) as specified in the applicable Final Terms.

Intermediate Observation Date(s) means the Observation Date(s) that are neither Initial Observation Date(s) nor Final Observation Date(s).

2.2 Definitions of Performance

The Performance and all of its components can always be subject to a Minimum Level_(i), a Maximum Level_(i) and a Leverage_(i). Performance can refer to one or more of the following notions (the notions can be combined):

- ✓ **Performance 1:** means an amount determined in accordance with the following Formula in relation to a single entity Underlying Reference or a basket for which the Final Price and the Initial Price can be determined by using the methods described in the "Definitions of Price" paragraph:

$$\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$$

- ✓ **Performance 2:** means an amount determined in accordance with the following Formula in relation to a single entity Underlying Reference or a basket for which the Final Price and the

Initial Price can be determined by using the methods described in the "Definitions of Price" paragraph:

$$\frac{\text{Initial Price} - \text{Final Price}}{\text{Initial Price}}$$

- ***Conditional Coupon With Memory Effect***

A Conditional Coupon With Memory Effect provides that for each Interest Period_(i), the Note pays an Interest Amount_(i) only if for all Underlying References_(k) or only for some Underlying References_(k) – as specified in the applicable Final Terms –, the Price_(i;k) of Underlying Reference_(k) or the Performance_(i;k) of Underlying Reference_(k) satisfies a given Coupon Condition_(i;k).

However, a Coupon which has not been paid because a relevant Coupon Condition_(i;k) has not been satisfied, is memorized and can be paid later if the applicable Coupon Conditions_(i;k) are satisfied in the future.

All the provisions described above regarding a Conditional Coupon apply, except that the relevant Rate_(i) for the period is equal to

$$\sum_{k=1}^m Rate(k) = \sum_{i=1}^n Rate(i) \text{ relative to the coupons that have been paid}$$

For each period, the relevant rate can always be subject to a Minimum Level_(i), a Maximum Level_(i) and a Leverage_(i).

- **Capitalized Coupon**

A Capitalized Coupon provides that the Note pays a specified interest aggregated and paid only on the Maturity Date.

In the case "Capitalized Coupon" is specified in the applicable Final Terms, the Coupons the Noteholder is entitled to receive are aggregated and paid only on the Maturity Date.

- **Graded Rate Coupon**

Applicable if the Note is a Credit Linked Note or a Bond Linked Note.

A Graded Rate Coupon provides that for each Interest Period_(i), the Note pays an Interest Amount_(i) that can decrease due to the occurrence of a Credit Event on a Reference Entity or a Bond Event on a Bond.

In the case a Credit Event occurs on a Reference Entity_(k) or a Bond Event occurs on a Bond_(k) during the Interest Period_(i), the applicable rate for the Interest Period_(i) and for all the following periods decreases according to a schedule specified in the applicable Final Terms.

3.3 Provisions relating to averaging

Applicable if there are m Underlying References_(k). If:

- *Averaging* is specified in the Final Terms in the section "Provisions relating to Interests", whether a condition regarding the Interests is satisfied or not should be determined by observing the simple or weighted average of the Prices_(i;k) or of the Performances_(i;k), as specified in the applicable Final Terms.
- *Best-Of* is specified in the Final Terms in the section "Provisions relating to Interests", whether a condition regarding the Interests is satisfied or not should be determined by observing the best performing Underlying Reference_(k).
- *Worst-Of* is specified in the Final Terms in the section "Provisions relating to Interests", whether a condition regarding the Interests is satisfied or not should be determined by observing the worst performing Underlying Reference_(k).

DESCRIPTION OF THE ISSUER

Information on the Issuer is set out in the Issuer's *Document d'enregistrement universel 2022* filed with the *Autorité des marchés financiers* under n° D.23-0274 on 13 April 2023, an English translation of which is incorporated herein by reference. (Please refer to the cross reference list on pages 38 to 40).

TAXATION

THE TAX LEGISLATION OF THE NOTEHOLDERS' STATE AND OF THE ISSUER'S COUNTRY OF INCORPORATION MAY HAVE AN IMPACT ON THE INCOME RECEIVED FROM THE NOTES.

THE FOLLOWING IS A GENERAL DESCRIPTION OF CERTAIN FRENCH TAX CONSIDERATIONS RELATING TO THE NOTES. IT DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OF ALL TAX CONSIDERATIONS RELATING TO THE NOTES. PROSPECTIVE PURCHASERS OF NOTES SHOULD CONSULT THEIR OWN TAX ADVISERS AS TO WHICH COUNTRIES' TAX LAWS COULD BE RELEVANT TO ACQUIRING, HOLDING AND DISPOSING OF NOTES AND RECEIVING PAYMENTS OF INTEREST, PRINCIPAL AND/OR OTHER AMOUNTS UNDER THE NOTES AND THE CONSEQUENCES OF SUCH ACTIONS UNDER THE TAX LAWS OF THOSE COUNTRIES. THIS DESCRIPTION IS BASED UPON THE LAW AS IN EFFECT IN FRANCE ON THE DATE OF THIS BASE PROSPECTUS AND IS SUBJECT TO ANY CHANGE IN LAW AND/OR INTERPRETATION THEREOF THAT MAY TAKE EFFECT AFTER SUCH DATE (POTENTIALLY WITH A RETROACTIVE EFFECT).

Withholding taxes on payments made outside France

The following is an overview of certain withholding tax consequences in relation to the ownership of the Notes that may be relevant to Noteholders who do not hold shares of the Issuer.

Payments of interest and other revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a **Non-Cooperative State**) other than those mentioned in 2° of 2 *bis* of the same Article 238-0 A. If such payments under the Notes are made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts*, a 75 per cent. withholding tax will be applicable by virtue of Article 125 A III of the French *Code général des impôts* (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty).

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other revenues with respect to the Notes will not be deductible from the Issuer's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to an account held with a financial institution established in such a Non-Cooperative State (the **Deductibility Exclusion**). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 *et seq.* of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at (i) a rate of 12.8 per cent. for payments benefiting individuals who are not French tax residents, (ii) the standard corporate income tax rate set forth in the second paragraph of Article 219-I of the French *Code général des impôts* (i.e. 25 per cent. for fiscal years beginning as from 1 January 2022) for payments benefiting legal persons who are not French tax residents or (iii) a rate of 75 per cent. for payments made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts* (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty).

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French *Code général des impôts* nor the Deductibility Exclusion will apply in respect of an issue of Notes if the Issuer can prove that the main purpose and effect of such issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to the *Bulletin Officiel des Finances Publiques - Impôts* BOI-INT-DG-20-50-30 and BOI-INT-DG-20-50-20, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- (a) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* for which the publication of a prospectus is mandatory or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; and/or
- (b) admitted to trading on a French or foreign regulated market or multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider or any other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; and/or
- (c) admitted, at the time of their issue, to the operations of a central depository or of a securities delivery and payment systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Withholding taxes on payments made to individuals who are fiscally domiciled in France

Pursuant to Article 125 A I of the French *Code général des impôts* (where the paying agent (*établissement payeur*) is established in France), subject to certain exceptions, interest and similar income received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 12.8 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and solidarity levy) are also levied by way of withholding at a global rate of 17.2 per cent. on such interest and similar income received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France, subject to certain exceptions.

Transfer tax and other taxes

The following may be relevant in connection with Notes which may be settled or redeemed by way of physical delivery of certain listed shares issued by companies whose registered office is located in France (or certain assimilated securities) or securities representing such shares (or assimilated securities).

The French financial transaction tax provided under Article 235 *ter* ZD of the French *Code général des impôts* (the **French FTT**) is applicable, subject to certain exceptions, at a rate of 0.3 per cent to any acquisitions for consideration resulting in a transfer of ownership of (i) equity securities (*titres de capital*) as defined by Article L.212-1 A of the French *Code monétaire et financier* or assimilated equity securities (*titres de capital assimilés*) as defined by Article L.211-41 of the French *Code monétaire et financier*, provided that they are admitted to trading on a regulated market and that they are issued by a company whose registered office is located in France and whose market capitalisation exceeds 1 billion Euros on 1 December of the year preceding the year in which the imposition occurs (the **French Shares**) or (ii) securities (*titres*) representing such French Shares (irrespective of the location of the registered office of the issuer of such securities).

There are a number of exemptions from the French FTT and investors should consult with their counsel to identify whether they can benefit from them.

If the French FTT applies to an acquisition of French Shares, this transaction is exempt from transfer taxes (*droits de mutation à titre onéreux*) which generally apply at a rate of 0.1 per cent to the sale of shares issued by a company whose registered office is located in France, provided that in case of shares listed on a recognised stock exchange, transfer taxes are due only if the transfer is evidenced by a written deed or agreement.

Any such agreement will extend to those matters stated under "*Form of the Notes*", "*Terms and Conditions of the English Law Notes*" and "*Terms and Conditions of the French Law Notes*". Except as disclosed on page 527 of the 2022 URD, the Issuer nor any other member of the Group is or has been involved in any governmental, legal or arbitration proceedings including any such proceedings which are pending or threatened of which the Issuer is aware in the 12 months preceding the date of this document which may have or have in such period had a significant effect on the financial position or profitability of the Issuer or the Group.

9. Auditors

10. Post-issuance information

The Issuer will not provide any post-issuance information, except if required by any applicable laws and regulations.

11. Conflicts of interest

Where the Issuer acts as Dealer or Calculation Agent or the Calculation Agent or the Dealer is an affiliate of the Issuer, potential conflicts of interest may exist between the Dealer or the Calculation Agent and Noteholders, including with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Notes that may influence the amount receivable or specified assets deliverable on redemption of the Notes.

The Issuer and any Dealer may at the date hereof or at any time hereafter, be in possession of information in relation to an Underlying Reference that is or may be material in the context of the Notes and may or may not be publicly available to Noteholders. There is no obligation on the Issuer or any Dealer to disclose to Noteholders any such information.

The Issuer and/or any of its affiliates may also engage in trading activities (including hedging activities) related to the Underlying Reference of any Note and other instruments or derivative products based on or related to the Underlying Reference of any such Notes for their proprietary accounts or for other accounts under their management and may pursue actions thereto without regard to the consequences for Noteholders. The Issuer and/or any of its affiliates may also issue other derivative instruments in respect of the Underlying Reference of such Notes. The Issuer and/or its affiliates may also act as an underwriter in connection with future offerings of Shares or other securities related to an issue of such Notes or may act as financial adviser to certain companies or companies whose shares or other securities are included in a basket or in a commercial banking capacity for such companies. The Issuer and/or any of its affiliates may acquire non-public information in respect of an Underlying Reference which will not be provided to Noteholders. Such activities could present certain conflicts of interest.

The Issuer and/or any of its affiliates may have existing or future business relationships with any Underlying Reference (including, but not limited to, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that they or it deems necessary or appropriate to protect their and/or its interests arising there from without regard to the consequences for a Noteholder.

To the knowledge of the Issuer, (1) the duties owed by the members of the *Conseil d'Administration* (Board of Directors) do not give rise to any potential conflicts of interest with such members' private interests or other duties and (2) it complies with its country of incorporation's corporate governance regime.

12. Change of control

To the knowledge of the Issuer, there are no arrangements the operation of which may at a subsequent date result in a change in control of the Issuer.

13. Material contracts

The Issuer has not entered into contracts outside the ordinary course of the Issuer's business, which could result in the Issuer or any member of the Group being under an obligation or entitlement that is material to the Issuer's ability to meet its obligation to holders of Notes in respect of the Notes being issued.

14. Stabilisation

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

15. Benchmarks regulation

Amounts payable under the Notes may be calculated by reference to one or more "benchmarks" for the purposes of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016, as amended (the **Benchmarks Regulation**). In this case, a statement will be included in the relevant Final Terms as to whether or not the relevant administrator of the "benchmark" is included in ESMA's register of administrators under Article 36 of the Benchmarks Regulation.

16. Forward-looking statements

The documentation relating to any particular issuance of Notes under the Programme may contain forward-looking statements. Forward looking-statements are statements that are not historical facts, including statements about the Issuer's beliefs and expectations. Any statement in this document (including any document incorporated by reference) that states the Issuer's intentions, beliefs, expectations or predictions (and their underlying assumptions) is a forward-looking statement. These statements are based on plans, estimates, and projections as they are currently available to the management of the Issuer. Forward-looking statements involve inherent risks and uncertainties. A number of important factors could therefore cause actual results of the Issuer or of the Notes to differ materially from those contained in any forward-looking statement. Without limiting the generality of the foregoing, the inclusion of forward-looking statements herein should not be regarded as a representation by the Issuer or any other person of the results that will actually be achieved by the Notes. The Issuer has no obligation to update or otherwise revise any forward-looking statements, including revisions to reflect changes in any circumstances arising after the date hereof relating to any assumptions or otherwise. These forward-looking statements do not constitute profit forecasts or estimates under the Commission Delegated Regulation (EU) 2019/980, as amended, supplementing the Prospectus Regulation.
